1 of 2

Dear Woodbridge Township,

This is a request for public records made under OPRA and the common law right of access. I am not required to fill out an official form. Please acknowledge receipt of this message.

Records requested:

I am requesting open/closed permits and/or violations from January 2000 to present, as well as the Property Card. Also, I would like to know information regarding the presence of an underground oil tank and/or septic tank, if applicable, including permits, remediation reports, environmental reports, and surveys showing underground oil tank and/or septic tank location.*

133 Capri Dr., Port Reading
Block: 1064 Lot: 79

Yours faithfully,

ADRIANA ONDARZA

4-22-16 ON SITE AND CONFIRMED LOOSE COVER AND DIRTY WATER.

SPOKE TO ATTORNEY'S OFFICE WHO REPRESENTS THE BANK -

SENT THE FOLLOWING E-MAIL

As per our conversation on Friday, the Health Department has received and confirmed a complaint regarding the swimming pool at 133 Capri Drive, Port Reading. The cover has caved in, rendering it useless and the liner is getting old and would need to be replaced by any new homeowner. For several years, the Health Department and the Middlesex County Mosquito Commission has been treating this pool for mosquitos, tying up personnel and depleting our supplies needed for other mosquito borne areas within the Township.

Normally, we would ask that you drain the pool, but given its condition, you would have to come out every time it rains, and within 48 hours, to make the draining effective against mosquito breeding. Therefore, I am suggesting you consider having the liner totally removed. You can leave the frame if it is in good condition, but by removing the liner entirely, you are not allowing any water to collect, stagnate or create a breeding ground for mosquitos. Either way, you will have five (5) days to abate this Public Health Nuisance. Should you have any questions, do not hesitate to contact me ? thank you

6-3-16 POOL HAS BEEN DISMANTLED
