Response to OPRA request submitted by Jason Stevens on February 11, 2025

1. The mayor's post on the new community resource canine appears to be a dog from crisis response canines from past police social media. Request all contracts, purchase orders and purchase requisitions for the township and/or police department with crisis response canines or CRC K9 for any and all service.

See contract attached. As of today there have been no purchase orders or requisitions processed.
