Subject: Affidavit Search Warrant request

Amy,

Pursuant to our telephone conversation yesterday, affidavits for search warrants cannot be provided. Such records contain criminal investigatory information. Affidavits also contain information related to security measures and surveillance techniques which, if disclosed, would create a risk to the safety to persons, because the affidavits contain information provided by confidential informants.

Thank you very much. I hope you have a happy holiday!

Joe,

The Detective went through all the UFRs for 2017 and informed me that there are no reports for canine involvement. However, I understand that we sent you all of 2015 and 2016. Not sure if you still want all the reports for 2017.

Let me know – thanks!

Mr. Hernandez,

The City is in receipt of your OPRA request. Please note that there are over 1,000 UFRs to sort through for the years 2015-2017. A special service charge will have to be assessed if you want the UFRs only for canine involvement. If not, I can send you all of the UFRs for 2015 through 2017. (I can send you 2015 and 2016 by the end of the day) at no charge.

Please let me know if this is acceptable.

Thank you very much.

I wasn't involved in that. The last time I contacted Enforsys to ask them this, I was told it could not be done. Now we need to contact an outside company to create something that doesn't exist? When does it stop?

Miss Murray,

Unfortunately, that is the situation. I can't make a report appear out of thin air. People are human and things do get misplaced from time to time. I am sorry if the requestor can't understand that. The last thing I would do is withhold a simple 10-43 report.

At this time, the request can't be filled!!!

Thank You.

I understand the issue with the Fire Investigation Report.  
However, I do not understand how the Police Department cannot find a report.  
I have been advised that prior to the fire, the burglar alarm activated, a signal went to a central alarm monitoring facility, and then the Paterson Police were notified of an activated burglar alarm.

Todd Stanley,

I hope this finds you well. D/C Baycora, the officer in charge, is requesting PPD allocated funds totaling \$3000 per month to be used by the narcotics division, to be used to make undercover drug purchases and also reimburse confidential informants for their services.

Any consideration to this matter would be appreciated and I look forward to your anticipated response.

Miss Murray,

Unfortunately, that is the situation. I can't make a report appear out of thin air. People are human and things do get misplaced from time to time. I am sorry if the requestor can't understand that. The last thing I would do is withhold a simple 10-43 report.

At this time, the request can't be filled!!!

Jackie

Thank You.

I understand the issue with the Fire Investigation Report.

However, I do not understand how the Police Department cannot find a report.

I have been advised that prior to the fire, the burglar alarm activated, a signal went to a central alarm monitoring facility, and then the Paterson Police were notified of an activated burglar alarm.
