145 Crash Description/Narrative

V2 was parked in front of 11 Skyline Drive as depicted above. While the owner of V2 was inside his house, he heard a loud bang outside of his house. He then went outside to see what the noise was. When he went outside he saw damage to the back of his vehicle but could not find the other vehicle involved. All surrounding houses were checked for cameras with negative results. It appeared that V1 was negotiating the turn and lost control due to the snow on the street and struck the back of V2. Nothing further to report at this time.
