CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1 vii:

I personally prepared the plans submitted for: 1) the new home referred to in A., or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself, and located on the property listed on Page 1.

- C. ☒ I further certify that I will perform or supervise the following work:

C.1. ☒ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☒ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Date

6-30-06

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee, and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulations N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that the work installed conforms with the requirements of the Uniform Construction Code.

The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval granted.

☐ Required inspections for all subcodes for one- and two-family dwellings are as follows:

1. The bottom of footing trenches before placement of footings, except that in cases of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.
2. Foundations and all walls up to grade level prior to back filling.
3. All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation; rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and /or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.
4. Installation of all finished materials, sealings of exterior joints, plumbing piping, trim and fixtures; electrical wiring, devices and fixtures; mechanical systems equipment.

Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☐ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provision of the adopted subcodes, Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5:23-3.5, "Posting structures".

☐ A complete copy of released plans must be kept on the job site.

If you do not understand any of this information, please ask.

Type of Permit Waterfront Development, SPGP 19
CAFRA, Water Quality Certificate

Maximum Approved Capacity,
if applicable

This permit grants permission to:

Remove the existing single family dwelling and construct a new 3 story single family dwelling and 16' x 30' kidney shaped in-ground swimming pool. Also to legalize the existing 6' x 78' pier with an 8' x 10' "L" section, a 13.5' x 15' boatlift, a jet ski lift and three mooring piles. **The existing 8' x 14' deck over the water shall be removed prior to construction.**

This project is shown on approved drawing entitled "Survey of Property w/ Topography & Plot Plan w/ Grading for Roberto Cannarozzo, 58 Brower Drive, Lots 5 & 5.01, Block 88.01, Brick Township, Ocean County, New Jersey," prepared by Ronald W. Post, dated January 20, 2006, last revised February 1, 2006.

This permit is issued in accordance with a Tidelands Grant issued to Joseph & Anna Chmiel, January 7, 1959, Liber F-4, page 0129.

The permittee shall allow an authorized representative of the Department the right to inspect construction pursuant to N.J.A.C. 7:7-1.5(b)4.

This permit is authorized under, and in compliance with, all the Rules on Coastal Zone Management.

Prepared By: 
Eric M. Virostek
Project Manager

Revised Date

Approved by the Department of Environmental Protection

Name (Print or Type) _____ Title _____

Signature _____ Title _____

* The word permit means "approval, certification, registration, etc."

This permit is subject to the following terms and conditions:

1. This permit is revocable, or subject to modification or change at any time, pursuant to the applicable regulations, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of the permit shall not be deemed to affect in any way action by the ~~Department of Environmental Protection of the State of New Jersey on any future application.~~
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of ownership.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. In cases of conflict, the conditions of this permit shall supersede the plans and/or engineering data.

This permit is issued subject to and provided the following conditions can be met to the satisfaction of the Division of Land Use Regulation. All conditions must be met prior to construction unless otherwise specified. Compliance with Administrative conditions shall be determined once copies of all specified permits, certifications, plans, agreements, etc. have been received and approved by the Division of Land Use Regulation. As per NJAC 7:7-1.4, the permittee must notify the Office of Enforcement Policy, (1510 Hooper Avenue, Toms River, NJ 08753), in writing, at least three (3) days prior to commencement of construction or site preparation.

ADMINISTRATIVE

1. This permit shall be RECORDED in the office of the County Clerk (the REGISTRAR OF DEEDS AND MORTGAGES in the applicable counties) in the county wherein the lands included in the permit are located within ten (10) days after receipt of the permit by the applicant and verified notice shall be forwarded to the Division of Land Use Regulation immediately thereafter.
2. This permit is NOT VALID until the permit acceptance form has been signed by the applicant, accepting and agreeing to adhere to all permit conditions, and returned to the Division of Land Use Regulation at P.O. Box 401, Trenton, NJ 08625.

3. This permit does not authorize any dredging activities. If dredging is required in the future, a new Waterfront Development application showing compliance with 7:7E-4.2(g) will be required to be submitted to this Division.

PHYSICAL

1. Prior to sit preparation for the house or pool and within 30 days of permit issuance, the existing 8' x 14' deck over the water shall be removed by the applicant.
-
2. The construction of a swimming pool backwash system outletting to the adjacent waterbody is prohibited.
 3. No more than four vessels may be moored at this location at any given time.
 4. Space between horizontal planking and width of horizontal planking shall be as follows: 3/8 inch, 1/2 inch, 3/4 inch, or one inch space is to be provided for four inch, six inch, eight to 10 inch, or 12 inch plus wide planks, respectively.
 5. Clean fill from an upland source shall be used for backfill.
 6. A silt fence with a 10-foot landward return must be erected at the limit of disturbance along the waterward side of development before construction begins. This fence must be maintained and remain in place until all construction and landscaping is completed.
 7. The use of plastic under landscaped or gravel areas is prohibited. All sub-gravel liners must be made of filter cloth or other permeable material.
 8. The driveway must be covered with a permeable material or pitched to drain all runoff onto permeable areas of the site.
 9. The single family home and all accessory structures shall be set back at least 15 feet from the existing bulkhead.
 10. The proposed dwelling shall comply with the elevation and flood proofing requirements of the National Flood Insurance Program regulations at 44CFR Chapter 1.

Andrew Heyl, Supervisor
Bureau of Coastal Regulation

DEPARTMENT OF THE ARMY GENERAL PERMIT
NEW JERSEY-SPGP-19

PERMITTEE AND PERMIT NUMBER: 1500-00-0022.1 WFB/CAF 000001

Roberto & Carolyn Cannarozzo

CENAP-OP-R-SPGP-19

ISSUING OFFICE:

Department of the Army
U.S. Army Corps of Engineers, Philadelphia District
Wanamaker Building - 100 Penn Square East
Philadelphia, Pennsylvania 19107-3390

NOTE: The term "you" and its derivatives, as used in this permit, means the permittee or any future transferee. The term "this office" refers to the appropriate district or division office of the Corps of Engineers having jurisdiction over the permitted activity or the appropriate official of that office acting under the authority of the commanding officer.

You are authorized to perform work in accordance with the terms and conditions specified below.

PROJECT DESCRIPTION: Construction of proposed and maintenance of existing non-commercial piers, docks, mooring piles, boat lifts, timber breakwaters and the replacement of existing serviceable bulkheads. This general permit also authorizes the discharge of fill material between existing and proposed bulkheads as well as legalization of previously existing structures provided the structures meet all terms and conditions of this permit.

PROJECT LOCATION: Navigable waters of the United States in the State of New Jersey. This general permit is applicable to navigable waters located within the geographic boundaries of both the Philadelphia District and the New York District, U.S. Army Corps of Engineers.

TERMS OF AUTHORIZATION:

1. That in order for work and structures to be approved by this general permit the work and structures must be reviewed and receive the approval(s) of the New Jersey Department of Environmental Protection (NJDEP), pursuant to N.J.S.A. 12:5-3 (Waterfront Development Permit), N.J.S.A. 13:9A-1 et seq (Wetlands Permit) and New Jersey Water Pollution Control Act, N.J.S.A. 58, 10A (Water Quality Certificate). Additionally, in order for work to be approved under this general permit, you must be furnished a copy of this general permit from the NJDEP at the time you receive your State approval.
2. This general permit is not applicable to work which is authorized by the State due to failure of the State to make a permit decision within the review period mandated by State Law and/or regulation. This general permit is not applicable when work is authorized by the State as part of a settlement agreement or administrative consent order or through an exemption such as in State regulations N.J.A.C. 7:7-2.3(d) ("Zanes").

RE: Block 88.01 Lot 5 / 58 Brower Drive
Permit # 06-2540 in ground pool

Dear Mr. Souto,

I am sending you this letter in reference to the open Electrical issues of the E-Bond on my Pool. I, first would like to apologize for this over-look and miscommunication between me and my electrical contractor, the last thing I want is any safety issues especially when I have my own children, family and friends using the pool and pool area.

I now understand the code for the E-Bond in 2006, when I applied for the Permit called for a Copper Wire Mat around the Pool, which now I know it should have been installed prior to all finishes.

I will install what ever is necessary to correct this potential problem.

Please understand my pool is all fiber-glass with no metal coping and no metal rails, the only metal object in the pool is the Light, which is bonded back to the filter.

I am not requesting to eliminate the E-Bond, I am requesting to be able to use the 2008, Code, of a single copper wire, around the necessary areas of the pool. As long as this would still protect the safety and welfare of the occupants.

This would save me from having to rip up my entire yard around the pool and pool area.

If this request is granted or not, please contact me at 201-481-3237 so I can start the work ASAP.

Sincerely,
Bob Cannarozzo

APPENDIX G

SWIMMING POOLS, SPAS AND HOT TUBS

SECTION AG101 GENERAL

AG101.1 General. The provisions of this appendix shall control the design and construction of swimming pools, spas and hot tubs installed in or on the lot of a one- and two-family dwelling.

SECTION AG102 DEFINITIONS

AG102.1 General. For the purposes of these requirements, the terms used shall be defined as follows and as set forth in Chapter 2.

ABOVE-GROUND/ON-GROUND POOL. See "Swimming pool."

BARRIER. A fence, wall, building wall or combination thereof which completely surrounds the swimming pool and obstructs access to the swimming pool.

HOT TUB. See "Swimming pool."

IN-GROUND POOL. See "Swimming pool."

RESIDENTIAL. That which is situated on the premises of a detached one- or two-family dwelling or a one-family townhouse not more than three stories in height.

SPA, NONPORTABLE. See "Swimming pool."

SPA, PORTABLE. A nonpermanent structure intended for recreational bathing, in which all controls, water-heating and water-circulating equipment are an integral part of the product.

SWIMMING POOL. Any structure intended for swimming or recreational bathing that contains water, provided that these regulations shall not be applicable to any pool less than 24 inches (610 mm) in depth or having a surface area of less than 250 square feet (23.25 m²). This includes in-ground, above-ground, on-ground swimming pools, hot tubs, and spas.

SWIMMING POOL, INDOOR. A swimming pool which is totally contained within a structure and surrounded on all four sides by walls of said structure.

SWIMMING POOL, OUTDOOR. Any swimming pool which is not an indoor pool.

SECTION AG103 SWIMMING POOLS

AG103.1 In-ground pools. In-ground pools shall be designed and constructed in conformance with ANSI/NSPI-5 as listed in Section AG107.

AG103.2 Above-ground and on-ground pools. Aboveground and on-ground pools shall be designed and constructed in conformance with ANSI/NSPI-4 as listed in Section AG107.

SECTION AG104 SPAS AND HOT TUBS

AG104.1 Permanently installed spas and hot tubs. Permanently installed spas and hot tubs shall be designed and constructed in conformance with ANSI/NSPI-3 as listed in Section AG107.

AG104.2 Portable spas and hot tubs. Portable spas and hot tubs shall be designed and constructed in conformance with ANSI/NSPI-6 as listed in Section AG107.

SECTION AG105 BARRIER REQUIREMENTS

AG105.1 Application. The provisions of this chapter shall control the design of barriers for residential swimming pools, spas and hot tubs. These design controls are intended to provide protection against potential drownings and near-drownings by restricting access to swimming pools, spas and hot tubs.

AG105.2 Outdoor swimming pool. An outdoor swimming pool, including an in-ground, aboveground or on-ground pool, hot tub or spa shall be provided with a barrier which shall comply with the following:

1. The top of the barrier shall be at least 48 inches (1219 mm) above grade measured on the side of the barrier which faces away from the swimming pool. The maximum vertical clearance between grade and the bottom of the barrier shall be 2 inches (51 mm) measured on the side of the barrier which faces away from the swimming pool. Where the top of the pool structure is above grade, such as an aboveground pool, the barrier may be at ground level, such as the pool structure, or mounted on top of the pool structure. Where the barrier is mounted on top of the pool structure, the maximum vertical clearance between the top of the pool structure and the bottom of the barrier shall be 4 inches (102 mm).
2. Openings in the barrier shall not allow passage of a 4-inch-diameter (102 mm) sphere.
3. Solid barriers which do not have openings, such as a masonry or stone wall, shall not contain indentations or protrusions except for normal construction tolerances and tooled masonry joints.
4. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is less than 45 inches (1143 mm), the horizontal members shall be located on the swimming pool side of the fence. Spacing between vertical members shall not exceed 1.75 inches (44 mm) in width. Where there are decorative cutouts within vertical members, spacing within the cutouts shall not exceed 1.75 inches (44 mm) in width.
5. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is 45 inches (1143 mm) or more,

spacing between vertical members shall not exceed 4 inches (102 mm). Where there are decorative cutouts within vertical members, spacing within the cutouts shall not exceed 1.75 inches (44 mm) in width.

6. Maximum mesh size for chain link fences shall be a 1.25-inch (32 mm) square unless the fence is provided with slats fastened at the top or the bottom which reduce the openings to not more than 1.75 inches (44 mm).
7. Where the barrier is composed of diagonal members, such as a lattice fence, the maximum opening formed by the diagonal members shall not be more than 1.75 inches (44 mm).
8. Access gates shall comply with the requirements of Section AG105.2, Items 1 through 7, and shall be equipped to accommodate a locking device. Pedestrian access gates shall open outward away from the pool and shall be self-closing and have a self-latching device. Gates other than pedestrian access gates shall have a self-latching device. Where the release mechanism of the self-latching device is located less than 54 inches (1372 mm) from the bottom of the gate, the release mechanism and openings shall comply with the following:
 - 8.1. The release mechanism shall be located on the pool side of the gate at least 3 inches (76 mm) below the top of the gate, and
 - 8.2. The gate and barrier shall have no opening greater than 0.5 inch (12.7 mm) within 18 inches (457 mm) of the release mechanism.
9. Deleted.
10. Where an aboveground pool structure is used as a barrier or where the barrier is mounted on top of the pool structure, and the means of access is a ladder or steps, then:
 - 10.1. Deleted.
 - 10.2. The ladder or steps shall be surrounded by a barrier which meets the requirements of Section AG105.2, Items 1 through 9. When the ladder or steps are secured, locked or removed, any opening created shall not allow the passage of a 4-inch-diameter (102 mm) sphere.

AG105.3 Indoor swimming pool. All walls surrounding an indoor swimming pool shall comply with Section AG105.2, Item 9.

AG105.4 Prohibited locations. Barriers shall be located so as to prohibit permanent structures, equipment or similar objects from being used to climb the barriers.

AG105.5 Barrier exceptions. Spas or hot tubs with a safety cover which complies with ASTM F 1346, as listed in Section AG107, shall be exempt from the provisions of this appendix.

**Township of Brick
Zoning Permit**

Approved: Friday, July 07, 2006 **Number:** 897

Block 88.01 **Lot** 5 **Zone:** R-5

Property Address: 58 Brower Drive

Applicant: Robert Cannarozzo

Property Owner Robert & Carolyn Cannarozzo

Existing Use: Single Family Residential

Proposed Use: Single Family Residential

Proposed Construction: In-ground swimming pool, 12' x 25', with spa.
Vinyl spaced-picket fence, four (4) feet high.

Conditions: The pool must be set back at least five (5) feet from the side property lines and at least 15 feet from the bulkhead.
A minimum spacing of two (2) inches is required between pickets.
Zoning Permit No. 2006-0878 approved on July 5, 2006

This permit shall be null, void and of no effect if any of the facts contained in the application upon the basis that this permit was granted are false or untrue in any material respect. This permit shall expire one (1) year after the date of issuance if the use or substantial construction has not been commenced.

Michael P. Fowler, AICP/PP
Principal Planner

Sean Kinnevy

HOMEOWNER'S POOL CERTIFICATION

FENCE REQUIREMENTS:

Outdoor private swimming pool: An outdoor private swimming pool, includes an in-ground, above-ground or on-ground pool, hot tub or spa shall comply with the following.

1. The top of the barrier shall be at least 48 inches above finished ground level measured on the side of the barrier which faces away from the swimming pool. The maximum vertical clearance between finished ground level and the barrier shall be 2 inches measured on the side of the barrier which faces away from the swimming pool. Where the top of the pool structure is above finished ground level, such as an above-ground pool, the barrier shall be at finished ground level, such as the pool structure, or shall be mounted on top of the pool structure. Where the barrier is mounted on the pool structure, the opening between the top surface of the pool frame and the bottom of the barrier shall not allow passage of a 4 inch diameter sphere.
 2. Openings in the barrier shall not allow passage of a 4 inch diameter sphere.
 3. Solid barriers shall not contain indentations or protrusions except for normal construction tolerances and tooled masonry joints.
 4. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is less than 45 inches, the horizontal members shall be located on the swimming pool side of the fence. Spacing between vertical members shall not exceed 1 ¾ inches in width. Decorative cutouts shall not exceed 1 ¾ inches in width.
 5. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is 45 inches or more, spacing between vertical members shall not exceed 4 inches. Decorative cutouts shall not exceed 1 ¾ inches in width.
 6. Maximum mesh size for chain link fences shall be a 1 ¼ inch square unless the fence is provided with slats fastened at the top or the bottom which reduce the openings to not more than 1 ¾ inches.
 7. Where the barrier is composed of diagonal members, such as a lattice fence, the maximum opening formed by the diagonal members shall be not more than 1 ¾ inches.
 8. Access gates shall comply with the requirements of items 1 through 7, and shall be equipped to accommodate a locking device. Pedestrian access gates shall open outwards away from the pool and shall be self-closing and have a self-latching device. Gates other than pedestrian access gates shall have a self-latching device. Where the release mechanism of the self-latching device is located less than 54 inches from the bottom of the gate: (a) the release mechanism shall be located on the pool side of the gate at least 3 inches below the top of the gate and; (b) the gate and barrier shall not have an opening greater than ½ inch within 18 inches of the release mechanism.

Type of Permit Waterfront Development, SPGP 19
CAFRA, Water Quality Certificate

Maximum Approved Capacity,
if applicable

This permit grants permission to:

Remove the existing single family dwelling and construct a new 3 story single family dwelling and 16' x 30' kidney shaped in-ground swimming pool. Also to legalize the existing 6' x 78' pier with an 8' x 10' "L" section, a 13.5' x 15' boatlift, a jet ski lift and three mooring piles. **The existing 8' x 14' deck over the water shall be removed prior to construction.**

This project is shown on approved drawing entitled "Survey of Property w/ Topography & Plot Plan w/ Grading for Roberto Cannarozzo, 58 Brower Drive, Lots 5 & 5.01, Block 88.01, Brick Township, Ocean County, New Jersey," prepared by Ronald W. Post, dated January 20, 2006, last revised February 1, 2006.

This permit is issued in accordance with a Tidelands Grant issued to Joseph & Anna Chmiel, January 7, 1959, Liber F-4, page 0129.

The permittee shall allow an authorized representative of the Department the right to inspect construction pursuant to N.J.A.C. 7:7-1.5(b)4.

This permit is authorized under, and in compliance with, all the Rules on Coastal Zone Management.

Prepared By: 
Eric M. Virostek
Project Manager

Revised Date

Approved by the Department of Environmental Protection

Name (Print or Type) _____ Title _____

Signature _____ Title _____

* The word permit means "approval, certification, registration, etc."

This permit is subject to the following terms and conditions:

1. This permit is revocable, or subject to modification or change at any time, pursuant to the applicable regulations, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of the permit shall not be deemed to affect in any way action by the ~~Department of Environmental Protection of the State of New Jersey on any future~~ application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of ownership.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. In cases of conflict, the conditions of this permit shall supersede the plans and/or engineering data.

This permit is issued subject to and provided the following conditions can be met to the satisfaction of the Division of Land Use Regulation. All conditions must be met prior to construction unless otherwise specified. Compliance with Administrative conditions shall be determined once copies of all specified permits, certifications, plans, agreements, etc. have been received and approved by the Division of Land Use Regulation. As per NJAC 7:7-1.4, the permittee must notify the Office of Enforcement Policy, (1510 Hooper Avenue, Toms River, NJ 08753), in writing, at least three (3) days prior to commencement of construction or site preparation.

ADMINISTRATIVE

1. This permit shall be RECORDED in the office of the County Clerk (the REGISTRAR OF DEEDS AND MORTGAGES in the applicable counties) in the county wherein the lands included in the permit are located within ten (10) days after receipt of the permit by the applicant and verified notice shall be forwarded to the Division of Land Use Regulation immediately thereafter.
2. This permit is NOT VALID until the permit acceptance form has been signed by the applicant, accepting and agreeing to adhere to all permit conditions, and returned to the Division of Land Use Regulation at P.O. Box 401, Trenton, NJ 08625.

3. This permit does not authorize any dredging activities. If dredging is required in the future, a new Waterfront Development application showing compliance with 7:7E-4.2(g) will be required to be submitted to this Division.

PHYSICAL

1. Prior to sit preparation for the house or pool and within 30 days of permit issuance, the existing 8' x 14' deck over the water shall be removed by the applicant.
2. The construction of a swimming pool backwash system outletting to the adjacent waterbody is prohibited.
3. No more than four vessels may be moored at this location at any given time.
4. Space between horizontal planking and width of horizontal planking shall be as follows: 3/8 inch, 1/2 inch, 3/4 inch, or one inch space is to be provided for four inch, six inch, eight to 10 inch, or 12 inch plus wide planks, respectively.
5. Clean fill from an upland source shall be used for backfill.
6. A silt fence with a 10-foot landward return must be erected at the limit of disturbance along the waterward side of development before construction begins. This fence must be maintained and remain in place until all construction and landscaping is completed.
7. The use of plastic under landscaped or gravel areas is prohibited. All sub-gravel liners must be made of filter cloth or other permeable material.
8. The driveway must be covered with a permeable material or pitched to drain all runoff onto permeable areas of the site.
9. The single family home and all accessory structures shall be set back at least 15 feet from the existing bulkhead.
10. The proposed dwelling shall comply with the elevation and flood proofing requirements of the National Flood Insurance Program regulations at 44CFR Chapter 1.

DEPARTMENT OF THE ARMY GENERAL PERMIT
NEW JERSEY-SPGP-19

PERMITTEE AND PERMIT NUMBER: 1500-00-0022.1 WFB/CAF 060001

Roberto & Carolyn Cannarozzo

CENAP-OP-R-SPGP-19

ISSUING OFFICE:

Department of the Army
U.S. Army Corps of Engineers, Philadelphia District
Wanamaker Building - 100 Penn Square East
Philadelphia, Pennsylvania 19107-3390

NOTE: The term "you" and its derivatives, as used in this permit, means the permittee or any future transferee. The term "this office" refers to the appropriate district or division office of the Corps of Engineers having jurisdiction over the permitted activity or the appropriate official of that office acting under the authority of the commanding officer.

You are authorized to perform work in accordance with the terms and conditions specified below.

PROJECT DESCRIPTION: Construction of proposed and maintenance of existing non-commercial piers, docks, mooring piles, boat lifts, timber breakwaters and the replacement of existing serviceable bulkheads. This general permit also authorizes the discharge of fill material between existing and proposed bulkheads as well as legalization of previously existing structures provided the structures meet all terms and conditions of this permit.

PROJECT LOCATION: Navigable waters of the United States in the State of New Jersey. This general permit is applicable to navigable waters located within the geographic boundaries of both the Philadelphia District and the New York District, U.S. Army Corps of Engineers.

TERMS OF AUTHORIZATION:

1. That in order for work and structures to be approved by this general permit the work and structures must be reviewed and receive the approval(s) of the New Jersey Department of Environmental Protection (NJDEP), pursuant to N.J.S.A. 12:5-3 (Waterfront Development Permit), N.J.S.A. 13:9A-1 et seq (Wetlands Permit) and New Jersey Water Pollution Control Act, N.J.S.A. 58, 10A (Water Quality Certificate). Additionally, in order for work to be approved under this general permit, you must be furnished a copy of this general permit from the NJDEP at the time you receive your State approval.
2. This general permit is not applicable to work which is authorized by the State due to failure of the State to make a permit decision within the review period mandated by State Law and/or regulation. This general permit is not applicable when work is authorized by the State as part of a settlement agreement or administrative consent order or through an exemption such as in State regulations N.J.A.C. 7:7-2.3(d) ("Zanes").

Water World

Fiberglass Pools U.S.A. INC.

Welcome to the World of Swimming

"A Wet and Wonderful Experience"

Water World
Fiberglass Pools U.S.A. INC.

The Beauty of Fiberglass Pools

Water World manufactures a vast selection of fiberglass pools available in several styles and shapes. Our designer line of pools has a unique eye appealing beauty that can only be found in the **Water World** line of pools. Our fiberglass pools have graceful curved shapes with built-in swim-outs and large sweeping curved entry steps that allow for easy access and generous in-pool seating. Jets can be added to the side of steps for an added relaxing experience. Imagine being surrounded by pulsating bubbles as you sit and soak. Swimming in the comfort of your own backyard allows the whole family a place of healthy fun and relaxation.

Water World Pools are available in rectangular, kidney, double Roman-end styles and several curved free-form styles. Make your personal choice from the designs shown at right.

Water World - The Name that Stands for Integrity. Beautiful pools built by the company that has achieved the mark of excellence in pool building.
