Did you have additional edits that you gave me last month? I forgetting where we left this. Attached is the most recent version I have but it predates our breakfast meeting and I think you had more edits? Apologies again. If you have those edits, please send me and I will get this done by Tues.

Dear All,

Prior to Wednesday's Work Session Meeting, please provide me with the following information for each Board and Committee you serve on:

- By-Laws
- Names of Committee/Board Members
- Name of Chairperson
- Actual Meeting Dates
- Committee/Board Members' Titles and Terms (if available)

Thank you.

From: Weitz, Evan <[REDACTED]>
 Sent time: 04/28/2017 02:54:39 PM
 To: Robert G. Rooney <rgrooney@ridgewoodnj.net>
 Co: Jeff Voigt <jvoigt@ridgewoodnj.net>
 Subject: RE: FAC - May 1

Bob, the budget info on the website is nowhere near detailed enough for us to make any sort of informed decision about the budget or provide comments to the Village Council. Am I missing something? All I see is 13 pages on the website. Is there any reason we cannot get the specific expenditure side of the budget? The proposals were made available to the public at the hearings and I would like to see the final numbers. I can't imagine this should not be made available to the public prior to the May 10 vote - let alone the FAC.

In terms of meeting, I know you must be very busy during budget season but can we meet earlier on Monday or maybe do a conference call?

Also, we have assisted in the budget newsletter in the past and we agreed to that again for this year in our last meeting. Why the change of direction on this?

I really have some concerns here around the lack of transparency in the budget.

As always, thank you.

Evan:

Thanks for doing this. Don't be so cynical. I am doing my best fighting to keep the FAC. We can make this a much more effective committee and one that provides significant contributions to the town. That will shut up the naysayers.

Jeff

See attached. To answer your one question I do not think we are required to have a public meeting. As written now we have the option but it's not required. In the 3 years I have been doing this I can only remember 3 times a member of the public showed up. Moreover, a public hearing made it impossible to have any sort of real candid discussion about anything and the meetings were largely unproductive.

I assume it's all frivolous anyway as the VC will likely rewrite this whole thing to deny us any ability to look at the budget given the lack of information that has been provided to us over this past's budget season.

Evan:

I have not even seen it and will not until Wednesday night. The company is called Pike Construction out of NY (I as well as Bernie have been kept in the dark about the numerous meetings that were had without our knowledge by others on the council - which is a concern of mine). While the presentation is important, Pike needs to go through the RFP process as well (again a concern if this is a done deal). In other words, you know as much as me.

Ridgewood residents pushing to change local elections:

Ridgewood reporter Meghan Grant's recent assessment appearing in the July 5, 2019 edition of the Ridgewood News of why residents are pushing to change local elections does a good job of outlining the rationale for moving all Ridgewood elections to November. Most importantly moving elections to November provides for increased participation in choosing local officials and voting on issues important to the electorate. This is what our government should be about – participation of the largest number of voters. In a 2015 Washington Post article on why in local elections low voter turnout matters most, the author, Zoltan Hajnal, stated that one small reform, changing the dates of local elections to coincide with the dates of state and national elections would increase turnout by roughly 30%. A larger turnout permits a broader representation in government – potentially allowing those who are disenfranchised to be heard. Harvey Tucker, PhD, Professor of Political Science at Texas A&M, puts it a bit differently but as importantly – *“The principles of statistics and sampling apply to elections. The smaller the sample, the greater the potential to differ from the population. The most important impact of low electoral turnout is that decisions are made by a minority of the population”*. What One Village One Voice has been doing to educate the public on the issues of multiple local elections in a single year is important for our residents to consider and think about. In my opinion, the voters in Ridgewood should decide this issue in a referendum vote in an upcoming election.
