Subject: Resolution regarding masks

Good morning. I wanted to share this resolution with you that just came out of Middletown Twp. It states that the district is actually making masking optional by way of exemptions and accepting parental testimony as way of proof of exemption. This resolution is written in such a solid and supportive manner of students and parental choice.

I hope this can be a model for Southern as they move forward on the discussions regarding mask and vaccine policy. Please let me know when southern has adopted an updated and final policy regarding masks.

Thank you

Lisa Marie Vassallo
