To Whom This May Concern:

I have worked with Hinton Investigations for the past 11 years in my capacity as a bank security officer. I have responsibility that involve ordering guards when needed for various situations such as bank robberies, threatening situations, property damage and ATM vestibule issues that require an officer to lock and open an ATM seven days a week. When Hinton Investigations originally started working with my company they just covered the New Jersey area and quickly moved into the Philadelphia and Pennsylvania market as for reaching as Lancaster and Scranton, PA. Most recently, Hinton Investigations has secured a 3 year \$10,000 contract under my security leadership with my company (2022-2025).

The guards are top notch. The company is 100% reliable. I have never been told we can't do this, we can't get a guard there or it's too far or it's too late which is what other companies have said. The quality of the guards are excellent being armed, or an unarmed guard. The uniform is neat and professional.

As far as my involvement with the guards, I visit my locations, I know their names and have a good report with the officers. Hinton Investigations also have supervisors that check on the officers and are available 24/7 and can fill a post if needed. The officers are all highly trained, and have their SORA training in New Jersey or Act 235 if they are armed in PA. Many locations were changed out from other large companies to Hinton investigations, and the service has been nothing short of excellent. The employees at the bank give positive feedback about the Hinton officers. They look very professional, and are engaged with the employees and customers. One instance was a bank robbery where the guard was able to get a detailed description of the bank robber who was caught soon after. The guards are involved in diffusing irate customers in the branch in a professional way. I would recommend Hinton Investigations.

To Whom it May Concern

I have had the pleasure of working with Hinton Investigations Inc., over the last 15 years to help service clients during some of the worst times of their lives. I am the director of the Chapels of Eden, the premier funeral home in East Orange, NJ. Hinton Investigations has provided professional guards when requested. The guards are courteous and kind while providing the feeling of security at a difficult time in my client's lives. The guards are always early and provide the service requested. They come professionally dressed and well groomed. I have worked with many other companies and Hinton Investigations is always my first choice because they show up and provide top-tier service even if it is a last-minute request. Recently I needed 3-armed security guards for 2 funerals at the last minute, but as usual Hinton Investigations provided their best and both my client and I were pleased with the exemplary service.

The aforementioned qualities of service that has been provided to Chapels of Eden that causes Hinton Investigations to stand out above its competitors. Hinton Investigations provides guards with an elite level of expertise in the security industry. Hinton Investigations is the only choice when it comes to choosing our security vendor.

Robert Brown

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of N.J.S.A. 19:44A-20.26. This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any continuing political committee (a.k.a., political action committee)
- any candidate, committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed **\$200 per election cycle** that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Ownership Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**
