Jackie Lynch.

P.s. I apologize I couldn't answer when you called, we still had students in class.

The radical left has infiltrated our education system and it's up to us to stop them! They bring transgender classes to our health programs and hang pride flags in our classrooms. This is an attack on the nuclear family and the students that attend LTHS. Unless you are teaching a language like German or Spanish there should only be ONE flag that is hung in classrooms and that is the AMERICAN flag. Together we will defeat the radical left and bring back common sense sanity to our school. We will ban books that show male &

ban books that show male & female genitalia in school libraries and fight to bring back school prayer because in America we don't worship government, we worship almighty GOD! We ask you sign and support our cause and together we will prevail.

On November 21st Ocean County High School Republican Chairman DAN TONER will be speaking at the BOE meeting addressing these issues. We ask for you to come and show your support and sign this petition!

As a parent of three former Lacey students, I felt the need to report this hate that is being spread in your schools. THIS IS NOT OK. This hatred can cause some of your already struggling students to feel unwanted, unworthy of life. Please, I beg you, fight for your students, ALL OF THEM, as I know what a kind professional you have always been. Thank you, Mr. King. I look forward to seeing how this is handled.
