Re: Email OPRA request dated March 21, 2025 & March 23, 2025

Dear Mr. Bailey:

The Union City Board of Education received your Open Public Records Act (OPRA) request on email dated March 21, 2025 and March 23, 2025

The request sought access to the following:

Records requested:

I would like a copy of Daniel Vidal's payroll stubs and log in sheet for March 2025

I would like a copy of the job description for Security officers that is most current as of March 22, 2025

I would like a copy of all training certifications for all Security Officers that are current as of March 22, 2025

I would like a copy of Daniel Vidal's SORA license, all training records and certifications that are current and active as of March 21, 2025

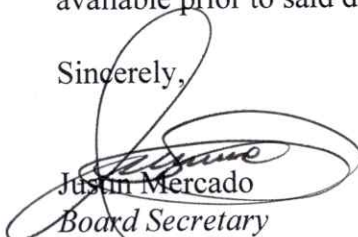

I would like a copy of all settlement agreements from January 1, 2020 through March 21, 2025

I would like a copy of all standard operating procedures, and policies concerning public meetings or dealing with the public that are active and current as of March 21, 2025

As the Board Secretary for the Union City Board of Education, I have been asked to respond thereto.

Due to the breadth of the documents, you requested, which require both manual and electronic searches, additional time is needed to comply with your request, as complying with same within seven days, would result in a substantial disruption of Board business. The documents you requested, if any, should be available on or about April 30, 2025. If same are available prior to said date, you will be notified.

Sincerely,

Justin Mercado
Board Secretary
