Subject: Snow removal update

From: Municipal Clerk <clerk@hopewelltp-nj.com>

Date: 1/14/2019, 1:37 PM

To: Greg Facemyer <gregfacemyer@facemyercpa.com>, Robin Freitag <beebeefry@hotmail.com>, Vice Mayor <pritter@cumberlandgroup.com>, Joseph Shoemaker <jshoemaker@hopewelltp-nj.com>, Hopewell Mayor <mayor@hopewelltp-nj.com>

CC: Public Works <publicworks@hopewelltp-nj.com>

Three dpw employees worked on Sunday removing the 4-5 inch snowfall we had the prior overnight.

They came in around 9:30 a m and left around 2:00 p m. Township roads were plowed and salted. All equipment performed satisfactorily and we received no complaints.

The dpw applied spot salting to icy spots on monday morning during work hours.

The cost of the operation was about \$500 --

-manpower - \$250 (no cost for Dave who is salaried)

-salt /fuel - \$250

The snow came off easily - all snow events should be so easy!

Subject: Styrofoam Cooler Recycling (VIDEO)

From: Foam Cycle <beth@foamcycle.com>

Date: 1/15/2019, 8:30 AM

To: publicworks@hopewelltp-nj.com

HOW TO RECYCLE A STYROFOAM COOLER

I don't know about you, but I love when those Omaha Steaks show up on my doorstep. The steaks are good, but for me, knowing that the Styrofoam cooler is 100% recyclable gives this gift a real wow factor.

Placing the foam cooler in your curb side recycling bin is called "Wish Cycling" because you wish it will be recycled, but it won't. Most Single Stream recycling facilities don't have the technology needed to sort foam from the recycling materials in your bin, so off to the landfill it goes.

Did you know that foam coolers are made of 98% air and 2% polystyrene plastic? When a cooler is placed inside of our **Foam Cycle** foam densifying and recycling system, the air is safely removed and the polystyrene that is extruded is sold to end user manufacturers of interior moulding and picture frames right here in the USA.

Enjoy the video and help **Foam Cycle** connect with your county, municipality or university recycling team so we can introduce our system. And for your efforts, we will send you ... that's right, a foam cooler filled with Omaha Steaks!

Email Beth for more information at Beth@FoamCycle.com

Good afternoon Dave,

In reviewing the recycling sign for the convenience center, an error under paper was pointed out to me. Phonebooks has an 'e' in it. Would you be able to correct this and send me another copy. A few other township would like to use this in their center as well.

Thank you,

Subject: Realizing the Power of Public Services in 2019

From: Julia Notar-Francesco <julia@seeclickfix.com>

Date: 1/17/2019, 7:47 AM

To: publicworks@hopewelltp-nj.com

Hello, Anthony!

In 2019, 311 requests for public services represent so much more than fixing a pothole.

Over the coming days, I'll share 5 ways Public Services are tackling top local governments priorities.

#1 Jumpstarting Resident Engagement

Local government works better when residents get involved.

Trouble is, it can be hard to engage the community.

Sure, a few of the usual suspects show up at every planning meeting, but you want broader civic engagement. The answer?

HOLIDAY LIGHTS

The Town of Gilbert, AZ invited residents to share their holiday light displays via the town's citizen request management tool, SeeClickFix.

Something unexpected happened:

- 62 displays were submitted
- Mobile 311 app downloads increased by 138%
- Visits to the town's [open data portal](#) skyrocketed by 318%

And now that SeeClickFix is installed, residents can submit requests and receive town notices all year long.

How can you step out of city hall, like Gilbert did, and meet residents where they are?

Here's to your success in 2019!

Want to learn more? [Book a time to talk](#).

Best regards, Julia

BSJ Weekly

January 17, 2019

www.iccsafe.org/building-safety-journal

This month marks the 25th anniversary of the Northridge Earthquake that struck in the early morning hours on Jan. 17, 1994. The magnitude-6.7 blind thrust earthquake struck Northridge, Calif.; caused widespread chaos through building and freeway collapses; claimed the lives of 57 people; and caused billions of dollars in damage. Today, there's a 60-percent chance an earthquake measuring in at magnitude 6.7 or higher will strike the Los Angeles area in the next 30 years and officials estimate that thousands of Southern California buildings still remain vulnerable and are at risk of collapse during a seismic event. This clearly demonstrates the importance of regular updates to the building codes and strong code enforcement in order to mitigate damage from natural disasters such as earthquakes. [Read more](#)

Dave,

The front right light (when looking at the facility) under the overhang is out.

We also need to have the shining star parking sign removed whenever possible.

Thanks,

Jean Trembley, Director

West Cumberland Senior Center

Subject: Reminder: Styrofoam Cooler Recycling (VIDEO)

From: Foam Cycle <beth@foamcycle.com>

Date: 1/18/2019, 8:30 AM

To: publicworks@hopewelltp-nj.com

HOW TO RECYCLE A STYROFOAM COOLER

I don't know about you, but I love when those Omaha Steaks show up on my doorstep. The steaks are good, but for me, knowing that the Styrofoam cooler is 100% recyclable gives this gift a real wow factor.

Placing the foam cooler in your curb side recycling bin is called "Wish Cycling" because you wish it will be recycled, but it won't. Most Single Stream recycling facilities don't have the technology needed to sort foam from the recycling materials in your bin, so off to the landfill it goes.

Did you know that foam coolers are made of 98% air and 2% polystyrene plastic? When a cooler is placed inside of our **Foam Cycle** foam densifying and recycling system, the air is safely removed and the polystyrene that is extruded is sold to end user manufacturers of interior moulding and picture frames right here in the USA.

Enjoy the video and help **Foam Cycle** connect with your county, municipality or university recycling team so we can introduce our system. And for your efforts, we will send you ... that's right, a foam cooler filled with Omaha Steaks!

Email Beth for more information at Beth@FoamCycle.com

DEPARTMENT OF COMMUNITY SERVICES

RETAIL BUSINESS LICENSE REQUIREMENTS INCLUDES FOOD ESTABLISHMENTS, MARINAS, AMUSEMENTS, LODGING, RETAIL AND GENERAL BUSINESSES

1. Complete the Pre-Application form and submit it to the Office of Licensing. This form is to obtain an approval from the Zoning Office to operate your particular type business at your specific location.
2. Within two weeks, the Office of Licensing will notify you of the decision and your fee information.
3. If approved, fill out the Mercantile License Application and return it by mail or in person to the Office of Licensing with the following:
 - A. If your business is a corporation or a LLC, put a sharp and clear impression of your corporate seal on the white copy only of the application. If you do not have a corporate seal, please include a copy of your corporation or LLC formation papers. **NOTE:** If your corporation or LLC uses a fictitious or alternate name, you must include a copy of the paperwork issued by the Secretary of State giving your authorization to use that name.
 - B. If you are a sole proprietor or a partnership in New Jersey and using a trade name, include a copy of your "Trade Name Registration" from the County Clerk's office where you registered that name. See attached for information in obtaining a "Trade Name Registration" in Cape May County.
 - C. Food establishments must include a "Satisfactory Health Inspection Certificate". To schedule a health inspection, call the Cape May County Health Department at (609)465-1209.
 - D. Certain businesses are required to furnish proof of general liability insurance (\$300,000 minimum). These businesses are party boats, marinas, jet ski operations, parasailing operations, boat rentals, marine towing, amusement parks and bike rentals. Call your insurance agent and have them fax a certificate of insurance naming the City of Ocean City as the Certificate Holder, to (609)525-2496. Certificates must have been issued within the last 90 days.
 - E. If you collect sales tax, a copy of your New Jersey sales tax certificate.
 - F. Your check for the correct amount made payable to the *City of Ocean City* if mailing. If paying in person, we also accept credit cards and cash.
 - G. In cases of extensive renovations, a copy of the Certificate of Occupancy or Code approvals may be required.
 - H. If you are a public charity or private foundation exempt under section 501(c) (3), you must provide a copy of your determination papers.

If you have any question, please do not hesitate to contact Jaime Cornell-Fine, Division of Licensing, at (609)399-6111, ext. 9733.

ALL REQUIRED DOCUMENTATION AND FEES MUST BE RECEIVED AT THE SAME TIME. ANY INCOMPLETE APPLICATIONS WILL BE RETURNED.

EMERGENCY GENERATOR SET PLANNED MAINTENANCE AGREEMENT

Account# 99818 - Township of Weymouth

Generator Scope of Work – PPS agrees to perform all following services at each planned maintenance visit except as noted for Full PM only (parts and fluids utilized are supplied by PPS):

1. Check fuel system day tank operation, fuel lines, connections, vents, main and day tank fuel levels.
2. **Change fuel filter and water separator elements during the Full PM Service annually.** Check fuel filter and water separator elements during maintenance inspection.
3. Visually check fuel system injection pump, solenoid(s), check valves governor controls, linkages.
4. Check oil lube system inclusive of the engine and governor oil levels, oil heater, lines and connections.
5. **Change the lube oil and filters during the Full PM Service annually.** Check lube oil and filters during maintenance inspection.
6. Check the cooling system inclusive of the coolant level, antifreeze, freeze point, inhibitor level, louvers, radiator air flow, and core condition. Block heater(s), hoses, connections, pressure test radiator cap, belt condition and tension, fan shrouds, guards and brackets.
7. Check for external fuel, lube oil, coolant and exhaust leaks.
8. Check and record lube oil pressure, fuel oil pressure and engine coolant temperature gauge readings.
9. Check exhaust system, flex connection, supports, insulation and rain cap. Drain condensation drip legs.
10. Check batteries, charging system, terminals and cables. Check electrolyte level and specific gravity.
11. Load test Batteries. Clean battery post and terminals apply corrosion inhibiting film.
12. Check electrical system wiring connections and condition. Inspect lamps and fuses.
13. Check engine and generator instruments and meters for proper operation.
14. Check and test alarm sending units, pre-alarms, and safety shutdowns.
15. Check remote annunciator operation.
16. Check air intake piping, hoses, clamps, bypass actuators and air box Dampers.
17. Visually check air filter elements, air box canisters, breathers and crankcase ventilation systems.
18. Check engine and generator mounting bolts and vibration isolators.
19. Visually check generator bearings.
20. Check exciter assembly, stator and field for cleanliness and integrity.
21. Visually check rotating rectifiers and surge suppressor.
22. Check and record residual, no-load voltage.
23. Check voltage regulator and adjust if necessary.
24. Visually inspect generator breaker and bus bar connections for cleanliness and signs of overheating.
25. Check transfer switch compartment and components for cleanliness, integrity, overheating and wear.
26. Evaluate time delay settings
27. Check transfer switch exercise functions.
28. Perform start and stop functions from transfer switch with no load condition.
29. All readings, temperatures, transfer and retransfer times, Hour meter readings, and discrepancies annotated and submitted with detailed report to the appropriate individual(s) following each round of service.
30. **Draw lube oil and coolant for analyses during the Full PM Service annually.** Visual inspection of all fluids during each planned maintenance visit.

Additional adjustments, calibrations, and repairs of any component or operation listed in the SOW above, as recommended by PPS, will be quoted separately and performed upon customer approval and/or receipt of a Purchase Order/Credit-Card/Pre-Payment.

A Division of Penn Detroit Diesel Allison, LLC.

TERMS AND CONDITIONS

Penn Detroit Diesel Allison, LLC, is a Pennsylvania Limited Liability Company doing business under the name Penn Detroit-Allison, as well as through certain named divisions, including but not limited to Penn Power Systems and Carrier Transcold of Pennsylvania East and West, of North Jersey and of Upstate New York. All current and future dealings and/or transactions between Penn Detroit Diesel Allison, LLC, any of its divisions, related entities and/or successors in interest and the Applicant, or any entity related to said Applicant, shall be subject to the following terms and conditions unless modified, in writing, by Penn Detroit Diesel Allison, LLC, and said terms and conditions shall supersede any inconsistent terms and conditions submitted by the Applicant or any other individual or entity unless expressly accepted in writing by Penn Detroit Diesel Allison, LLC.

Penn Detroit Diesel Allison, LLC ("PennDDA") agrees to extend credit, provide goods and/or services, rent equipment, and transact other business, as is from time to time necessary in accordance with the following terms and conditions ("Terms and Conditions").

1. **Orders.** Orders are subject to acceptance by PennDDA, in writing, and shall not be subject to cancellation or change in specifications, shipping schedules or other conditions originally agreed upon without PennDDA's written consent, and then only upon agreement to compensate PennDDA for loss caused by such cancellation or change, including costs of purchased materials, engineering costs, and reasonable profit.

2. **Payment.** Subject to the establishment of satisfactory credit, terms of payment are as set forth on any invoice; however, in no case shall the terms exceed net thirty (30) days from the date of said invoice. Partial billing will be made for partial shipments and stored materials. No retainage will be allowed unless agreed to in writing by PennDDA. Any sum that Applicant owes under an invoice, but fails to pay when due, shall be subject to a finance charge computed by applying a monthly periodic rate of 1.5% (corresponding annual rate of 18%), or the highest rate permitted by applicable law, if less, to the adjusted balance of an account. All prices are F.O.B. point of manufacture unless specified otherwise by PennDDA. Quotations expire thirty (30) days from the date issued, and are subject to termination within that period. At its sole discretion, PennDDA may extend quotations.

Goods held beyond delivery date for convenience of Applicant will be invoiced on the date of completion and terms of payment in such case will apply from invoice date. Such goods will be subject to charges for warehousing and other expenses incident to such delays.

The Applicant shall immediately inform PennDDA of any change in its financial condition or in the structure of its business entity, including, but not limited to, changes to or additions of bank or brokerage accounts, mergers and/or acquisitions, asset purchases or sales, name changes, changes of officers, and any litigation to which the Applicant is a party, including pending and/or threatened suits, both civil and criminal.

If the financial condition or the business structure of Applicant at any time does not, in the sole judgment of PennDDA, justify the continued extension of credit or the continuance of the work performed or the goods to be supplied on the terms of payment as set forth above, PennDDA may require partial or full payment in advance, or shall be entitled to cancel any part of any order then outstanding, and shall be entitled to payment for reasonable cancellations charges.

In the event of bankruptcy or insolvency of Applicant, or in the event any proceeding is brought against Applicant, whether voluntary or involuntary, under the bankruptcy or any insolvency laws, PennDDA shall be entitled to cancel any credit account and/or any order or portion thereof then outstanding at any time during the period for filing claims against the estate, and shall be entitled to payment for reasonable cancellation charges.

3. **Designs.** All designs and specifications shown in PennDDA's catalogues are subject to change without notice. PennDDA shall not be obligated to furnish Applicant with such changes on equipment previously delivered.

4. **Force Majeure.** PennDDA shall not be liable for any loss, damage, failure, inability and/or delay in delivery or performance due to: the acts of any government, acts of civil or military authority; accidents; fires; wars; act of terrorism; insurrections; civil disorders; floods; strikes; or other labor disturbances or difficulties; shortages of fuel or power; breakdowns of machinery; acts of God; acts of Applicant; failures in source of supply; or any other cause beyond the control of PennDDA; and PennDDA shall then have the right to cancel any order or pending work, or extend any shipping or delivery date, if one or more such contingencies prevent or delay shipment or performance hereunder.

5. **Claims.** All material is carefully packed for shipment. Risk of loss shall pass to Applicant after delivery to the transportation carrier, and Applicant shall continue to be obligated to pay the purchase price for the goods in the event of any damage, loss or destruction after delivery at the F.O.B. point. PennDDA will provide Applicant with all reasonable assistance in securing satisfactory adjustment of claims.

6. **Equipment and Services Provided by Others.** PennDDA shall not be responsible for equipment and/or materials supplied by others, nor for the overall operation of any system comprised of both equipment and/or materials furnished by PennDDA and others. Accordingly, any comments from PennDDA regarding Applicant-furnished drawings are responsive only and PennDDA shall have no liability therefore. PennDDA offers no opinion of a professional nature, including, but not limited to, the preparation or approval of plans, opinions, reports, surveys, designs, specifications and/or supervisory, inspection, or engineering services provided by others.

7. **Installation and Start-Up.** If requested in writing, PennDDA will provide field service technicians and engineers, if available, to supervise installation and start-up of its equipment at then-current rates.

8. **Warranty.** PennDDA warrants each product of its manufacture to be free from defects in materials and workmanship at the time of delivery. This warranty is non-assignable and shall not inure to the benefit of any person or entity other than Applicant.

This warranty covers only malfunctions resulting from defects in materials or workmanship. The Applicant is responsible for proper equipment installation and the performance of regular maintenance services as specified in the written materials accompanying the equipment or elsewhere.

This warranty does not cover conditions arising from the misuse, negligence, alteration, accident or lack of performance of normal maintenance services; any equipment which shall have been repaired by other than a PennDDA-authorized service outlet so as in any way, in the sole judgment of PennDDA, to affect adversely its performance and/or reliability; the replacement of maintenance items made in connection with normal maintenance services; loss of time, convenience, anticipated profits, use of the equipment or any other incidental, indirect, punitive, special or consequential damages; or equipment removal or reinstallation costs incurred in connection with the repair or replacement of defective equipment.

If any equipment, parts and/or materials supplied by PennDDA are manufactured by someone other than PennDDA, and said manufacture provides its own warranty, PennDDA's warranty shall be superseded with respect to such equipment, parts and/or materials. In that event, the manufacturer's warranty shall be the sole applicable warranty and PennDDA shall have no further liability or responsibility whatsoever, including any failure on the part of any other manufacturer to meet the conditions of its warranty. There is no warranty liability hereunder unless payment in full for the equipment supplied pursuant to any invoice has been received by PennDDA.

The repair or replacement, at PennDDA's option, of defective equipment under this warranty shall be performed by a PennDDA-authorized service outlet using new parts or, where applicable, remanufactured parts. Said repair or replacement shall take place within a reasonable time following the delivery, transportation prepaid, and in accordance with PennDDA's instructions, of the equipment to PennDDA, or its service outlet's place of business. If Applicant believes any equipment obtained from PennDDA is defective within the meaning of this warranty, Applicant shall notify PennDDA, in writing, within thirty (30) days of the discovery of such defect.

No equipment shall be returned to PennDDA or its service outlet without written authorization and shipping instructions first having been obtained from PennDDA. PennDDA must be in timely receipt of the warranty registration materials which accompanied the equipment, properly filled out, before any such warranty authorization will be issued.

THIS WARRANTY IS THE ONLY WARRANTY MADE BY PENNDDA, AND IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY EXPRESS OR IMPLIED WARRANTY OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, USE OR WORKMANLIKE PERFORMANCE. EXCEPT AS OTHERWISE SPECIFICALLY SET FORTH HEREIN, REPAIR OR REPLACEMENT, AT PENNDDA'S OPTION, OF DEFECTIVE EQUIPMENT, IN THE MANNER PROVIDED HEREIN, SHALL CONSTITUTE FULFILLMENT OF ALL LIABILITIES OF PENNDDA TO APPLICANT, WHETHER BASED ON CONTRACT, NEGLIGENCE OR OTHERWISE, WITH RESPECT TO EQUIPMENT PROVIDED PURSUANT TO THIS INVOICE, AND IN NO EVENT SHALL PENNDDA BE LIABLE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, FOR LOSS OF USE, LOSS OF PROFITS, LOSS OF REVENUE, LOSS OF DATA, FAILURE TO REALIZE EXPECTED SAVINGS, DELAY, DETENTION, AND/OR ANY OTHER COMMERCIAL OR ECONOMIC LOSS OF ANY KIND. IN NO EVENT SHALL PENNDDA'S AGGREGATE LIABILITY TO APPLICANT, IN DAMAGES OR OTHERWISE, EXCEED THE TOTAL OF ALL PAYMENTS, IF ANY, RECEIVED BY PENNDDA FOR THE EQUIPMENT AND SERVICES PROVIDED PURSUANT TO THE TERMS OF ANY INVOICE. THE REMEDIES OF APPLICANT SHALL BE LIMITED TO THOSE PROVIDED HEREIN. IN NO EVENT SHALL PENNDDA BE LIABLE FOR ANY PERSONAL INJURY, INCLUDING DEATH, OR FOR DAMAGE TO PROPERTY OF THIRD PARTIES, UNLESS THE SAME IS THE RESULT OF THE SOLE GROSS NEGLIGENCE OF PENNDDA OR ITS EMPLOYEES.

9. **Taxes.** Prices quoted and/or invoiced are exclusive of taxes unless specifically stated. The amount of any present or any future sales, occupation, use, tariff, excise or other similar taxes and/or duties for which PennDDA may be liable, either on its own behalf or on behalf of Applicant, with respect to any orders for equipment and/or services, shall be in addition to the billing prices set forth in any invoice, and shall be paid by Applicant.

10. **Remedies.** Upon the failure of Applicant to make any payment when due under any invoice, to accept delivery at times stated, or to comply with all provisions of any invoice, and these Terms and Conditions, PennDDA shall have the right to suspend or cancel delivery to Applicant, and Applicant shall not have any cause of action or be entitled to any offset, counterclaim or recoupment against PennDDA by reason of such action. In addition to any remedies set forth in these Terms and Conditions, PennDDA shall be entitled to any and all rights and remedies available to it under law, and all rights and remedies available to PennDDA shall be cumulative. PennDDA shall be entitled to and Applicant responsible for any attorney's fees and costs incurred in connection with Applicant's failure to make any payment when due under any invoice, to accept delivery at times stated, retrieve any vehicle or other equipment from PennDDA property upon 30 days written notice or to comply with all provisions of any invoice and/or these Terms and Conditions.

11. **Title.** Title to any equipment provided by PennDDA shall not pass to Applicant until the purchase price for any such equipment and for services related thereto are paid in full. In order to ensure payment in full, Applicant grants to PennDDA a security interest in the said equipment and authorizes PennDDA to file applicable Uniform Commercial Code financing statements with respect to said equipment, and Applicant shall, upon request, execute such financing statements and/or other instruments deemed necessary by PennDDA. PennDDA shall release such filings upon full payment. Where PennDDA installs parts and/or performs service on and/or stores any equipment or vehicles owned by Applicant or others on behalf of or at Applicant's request or direction, Applicant agrees that such installation and/or service and/or storage shall create a lien against such equipment and/or vehicles and PennDDA shall be entitled to hold said equipments and/or vehicles in its sole possession until payment in full has been received by PennDDA. If, after 30 days written notice to Applicant of Applicant's failure to pay and PennDDA's request for removal of said equipment and/or vehicle from PennDDA's property Applicant has not made payment in full and removed vehicle from PennDDA's property, Applicant shall be deemed to have abandoned said equipment and/or vehicle and PennDDA may dispose of said equipment and/or vehicle or sell said equipment and/or vehicle and retain all proceeds of said sale which are in excess of the balance owed by Applicant to PennDDA as liquidated damages. If said equipment and/or vehicle is titled or otherwise registered in a way which prohibits transfer without the title holder or registrant's acknowledgement, authorization and/or signature, Applicant shall acknowledge, authorize and/or execute any required document to facilitate any transfer contemplated hereunder and if Applicant fails to do so, this Application shall act as Applicant's acknowledgement and authorization for any Court to Order such transfer without judgment and/or any other process including advertisement and or public or sheriff sale otherwise required by law or regulation.

12. **Export Shipments.** All equipment shall be delivered packed in accordance with PennDDA's standard domestic packing methods, unless export packing is expressly ordered, in which case special packing requirements must be specified. PennDDA does not assume responsibility for obtaining any export or import license or certificate. Export shipment is subject to PennDDA's ability to ship under the laws and/or regulations of the United States and other governments. PennDDA reserves the right to cancel any order, whether or not previously acknowledged, without liability, if at the time of the sale or shipment said shipment is subject to restrictions or prohibitions by any governmental agency or department of the United States or of any foreign country claiming jurisdiction over the shipment's transit route or destination.

13. **Indemnification.** To the fullest extent permitted by law, Applicant agrees to indemnify and hold harmless PennDDA and all of its agents and employees from all claims, damages, losses, liabilities, actions, causes of action, costs, fines and expenses, including, but not limited to, interest, penalties, reasonable attorneys' fees and expenses, and all other amounts reasonably incurred in investigation, defense or settlement of any of the foregoing, arising out of, relating to, or resulting from, any act or failure to act pursuant to any invoice and these Terms and Conditions, except to the extent caused solely by the gross negligence of PennDDA or its employees.

14. **Miscellaneous.** All clerical errors are subject to correction. None of Applicant's rights under these Terms and Conditions shall be assigned or transferred by Applicant to any other person or entity, whether by operation of law or otherwise, without PennDDA's prior written approval. The failure of PennDDA to enforce any rights under these Terms and Conditions shall not constitute a waiver of any such rights, or any other rights, under these Terms and Conditions. This invoice and these Terms and Conditions, as set forth herein, or as changed or modified by written instrument executed by persons duly authorized by PennDDA and Applicant, shall constitute the entire agreement between PennDDA and Applicant. Any invoice and these Terms and Conditions shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, notwithstanding any conflict of law provision to the contrary, and all disputes arising under any invoice and/or these Terms and Conditions shall be resolved in the state courts of the Commonwealth of Pennsylvania, or in the United States District Court for the Eastern District of Pennsylvania. All of the provisions of these Terms and Conditions are separate and severable. If any of the provisions hereof are held to be invalid or unenforceable, such invalidity or unenforceability shall not affect the validity or enforceability of any other provision hereof.

Subject: Why Benchmarking 311 Matters - Email 2 of 5
From: Julia Notar-Francesco <julia@seeclickfix.com>
Date: 1/22/2019, 5:39 PM
To: publicworks@hopewelltp-nj.com

Hello, Anthony!

As promised, here's the 2nd installment of 5 ways Public Services are tackling top local governments priorities.

#2 Establishing a 311 Benchmark

When you're designing, delivering, and optimizing Public Services you need to know where you stand.

Don't worry, you're doing better than you think 😊.

Benchmarking establishes:

- How responsive local government is to residents
- The types and volume of requests being submitted
- Each department's ability to meet their commitments

Here's how the Village of Bayside, WI got started.

Pictured above, the "Special Pickup" category with performance metrics. [Click to enlarge.](#)

COLLECT AND ANALYZE

Nearly 2 years after launching *Access Bayside* (powered by SeeClickFix), the Village of Bayside paused to analyze the 311 data it had collected. They found a few surprises.

- **Resident Engagement is High:** Over the previous 22 months, the Village received more than 2,000 requests from its 4,500 residents.

- **Staff is Really Responsive:** Requests were acknowledged in .97 days and were closed in 5.47 days.
- **There's an Opportunity to Simplify:** In order to simplify request reporting, Village leadership shortened the request category list by 50% to include only the most used categories.

Bayside is always looking to improve and now it has the data to measure its success.

Do you know where your Public Services stands? [Learn more about Bayside's journey.](#)

Here's to your success in 2019!

Want to learn more? [Book a time to talk.](#)

Best regards, Julia
