145 Crash Description/Narrative

Box 118a - Driver #1 exhibited signs of being impaired by alcohol over the legal limit. Note: Driver #1 refused to provide breath samples subsequent to his arrest.

Vehicle #2 was stopped in traffic facing west in the left turn only lane on SR-35 (Northbound to W. Sylvania Ave divergent). Vehicle #1 was traveling in the same lane and in the same direction as Vehicle #2. Driver #1 did not observe the stopped traffic ahead of his vehicle and caused Vehicle #1 to collide with Vehicle #2. After colliding with Vehicle #2 Driver #1 hit the accelerator pedal and caused Vehicle #1 to collide with Vehicle #2 an additional time. As a result of the collisions Vehicle #1 sustained disabling damage and also had front airbag deployments. Vehicle #2 sustained moderate damage to it's rear area. Driver #2 complained of back pain and was transported to JSUMC for his injury. Driver #1 advised he was not injured, however due to his apparent intoxication, field sobriety testing was conducted on Driver #1, see narrative portion of the incident report for further. A witness on scene provided a written statement of the incident, same is attached to this report.

Vehicle #1 was towed/impounded by Jim's Towing. Vehicle #2 was left on scene in a safe parking area.
