145 Crash Description/Narrative

I responded to the scene of a motor vehicle accident hit and run in the private party parking lot of 36 SR-35; Family Dollar. A witness informed me that a grey colored mini-van, unknown registration (Vehicle #1) was attempting to perform a right hand turn into a parking space located directly next to Vehicle #2. Note: Vehicle #2 was parked, unoccupied directly in front of Family Dollar facing north. While doing so, the rear passenger side door/rear wheel panel of Vehicle #1 collided with the rear driver side bumper of Vehicle #2. Vehicle #1's damage is unknown at this time. Vehicle #2 sustained minor scratches/dents and paint transfer as a result of the collision. The owner of Vehicle #2 was located and advised of the incident.

The witness informed me that after colliding with the Vehicle #2, the driver of Vehicle #1 proceeded to flee the scene, northbound along SR-35. The area was searched for the Vehicle #1 yielding negative results. An inquiry in the local database given the description of the vehicle also yielded negative results. Family Dollar is equipped with exterior surveillance footage which captures the area where the collision occurred. At this time, the property manager was unavailable to respond to the scene to provide me the same. At the completion of this report, Driver #1 and Vehicle #1 are unknown. Further investigation to follow.
