144 Crash Diagram (NOT TO SCALE)

145 Crash Description/Narrative

V1 was traveling west on W Sylvania Ave, at the intersection of Brighton Ave. V2 was traveling west on W Sylvania Ave, at the intersection of Brighton Ave, directly in front of V1. As D2 began to make a right hand turn onto Brighton Ave, D1 began to do the same, and attempted to go around V2 to another lane. When doing so, D1 did not give enough clearance to V2, and struck V2. The passenger side of V1 struck the front driver fender of V2.

The entire crash was personally observed, start to finish, by NTPD Ptl Alston #157, who stood by until my arrival and relayed the events of the crash to me.

There were no reported injuries, and both vehicles were driven from the scene. During the investigation, it was discovered D2 had a suspended NJDL. P2 had a valid license and drove the vehicle from the scene.
