Borough of Carteret — Customer Number: [REDACTED]

You're gaining one or more domains.

The current owner triggered a registration change for:

carteretsample.com

When an update like this is made, ICANN — the organization that oversees domain name policies — requires the current and new owner to approve it. If you accept, you'll enter into a new domain registration agreement with GoDaddy.

Review and Approve the Update

The current owner placed a 60-day transfer lock on the domain(s).

If you accept the update, the domain(s) can't be moved until the lock expires.

If you don't want the lock to be applied, [cancel the change here](#). Then ask the current owner to start the domain update process again without opting in to the transfer lock.

We won't change anything unless we receive your approval by 4/23/2019. Call us 24/7 at +1 (480) 505-8877 if you have any questions.
