All,

On behalf of SB District 3 I apologize. Due to scheduling conflicts, we will not have **in person** representation at tomorrow's meeting. Although I will be in Philly, I may be available to call in. Is there a speaker phone available? If not, I can call Chucks cellphone.

Thanks
Steve

One suggestion I would like to make is to do "company reports" during the meeting, like we used to do at the start of our Chief's meetings. I think it would be great if we could share info on our respective operations, in addition to discussing the daytime manpower program.
