Subject: Revised Press Release for Joint Daytime Program

All,

Following our meeting last week, I made some changes to the draft press release regarding the joint daytime program based on feedback I received. One change was to remove mention of how the discussion first started, that being District 3 approaching the others due to budgetary constraints. I personally don't see a need to mention that fact. One piece of information I did add was to mention that the volunteer fire departments will continue to be dispatched for calls.

Please take a look at the attached document and let me know if you have any feedback. If possible, please get any comments back to me by Monday morning so I can send the press release out. It is my

intent at this point to email it to Tap into South Brunswick, South Brunswick Patch, the North/South Brunswick Sentinel, and also ask the PD if they would send out a Nixle.

Thank you.
