Chuck,

I have spoken with all of the members of my Board of Fire Commissioners and all are in agreement to allow the daytime staff to use the weight room at Station 20, with the following stipulations:

- Anyone wishing to use the room must go through an orientation with our personal trainer. Her name is Michelle Lounsbury and she can be reached at 848-667-6181 to schedule.
- I will need to go over the Board's policy concerning use of the room so as to sign-off.
- All individuals must sign a Hold Harmless and Indemnification Agreement.
- Use of the room is limited to days when the crew is based out of Station 20, and specifically between the hours of 10 AM to 3 PM. This is to not interfere with the use of the room by any volunteers when they are most commonly available to use the room.
- Those using the room are asked to give consideration for volunteers using the room.
- Ensure the room is properly restored/cleaned after use.

Please let me know if you have any questions.
