Subject: TLS and Radios

Morning Sarge,
Here is what I was talking about re: the TLS. This is a snip I received from our Network Security Team.
[image: image.png]

Let me know if you need anything else. I am going to reach out to Tom shortly to discuss adding a radio to your system. Once I get his email, we can go that way or do a call.

Thanks again for all your help!
Brian

Subject: Fwd: [External] - Re: [EXTERNAL] HMH JFK EMS Additional Talkgroup

Good Morning,
Here is the email thread with the State. If you want to start a new thread to them with the contacts below with wording like (or just copy and paste)

Good Afternoon,
JFK EMS and Piscataway Police have entered into a BLS 9-1-1 contract starting September 6th 2021-September 5th 2026. It is our understanding that Brian Orlando from JFK EMS has made a request to obtain a talkgroup on the NJICS P25 System to aid with communicating to our Police Dispatch Center. As Piscataway has their own P25 500MHz system, JFK EMS can have resources to respond from outside our borders as well as ALS services from various regions that could be beyond our radio footprint. In order to maintain communication and interoperability, we are requesting this review and approval so Piscataway Police and JFK EMS can have a seamless operation. If you have any questions, feel free to contact me.

Respectfully,

Sgt. Ray Pilch
Piscataway Township Police Department
555 Sidney Rd.
Piscataway, NJ 08854

Good Afternoon,

Were you able to review the request for an additional talkgroup for JFK EMS? We are beginning a new contract early September and I would need to get all keys updated to reprogram our subscribers along with adding a State number/serial number for an APX mobile that Piscataway Police will be using to communicate with our dispatch and units going to their town.

Thank you,
Brian

Good Morning John,

Matt Crossan advised me to reach out to you 1st about obtaining a new
talkgroup for JFK EMS. We spoke a few weeks ago when there was a microwave
malfunction in our region. I am the site admin for JFK. We recently
expanded our services and we are looking for a dedicated talkgroup just for
our 9-1-1 contracted towns. At the present time we have the following
Talkgroups:

██████-HMH Central Ops
██████-HMH South Ops
██████-HMH Field Ops 1 (Central Tac Channel)
██████-HMH Field Ops 2 (South Tac Channel)
██████-HMH Field Ops 3 (Tertiary Tac and Volunteer Special Events)

This new group we could call HMH-Piscataway Link.

Please let me know what you think and when we could get this added to our subscription. Once it's added, I'll probably request for a Dispatch Control Priority and will provide the ID to Matt K to allow that to happen. And get all our keys updated as I have some letters from other agencies on the NJICS system.

If you read this before you check your office voicemail, you can disregard the VM.

Thank you,
brian

I am away until next Tuesday. I suggest you call Dana and she can put you in touch with our CFO.

Tim

--- Originally sent by mark.bober@hmn.org on Aug 12, 2021 1:13 PM ---

Mr Dacey,
I hope you are doing well and enjoying your summer. We have not met yet, but my name is Mark Bober and I am the Director of JFK EMS. We are looking forward to kicking off our new partnership, and we are incredibly excited about this opportunity. I am in receipt of the contract and after review and discussion, I have a question related to finance and scheduling. Would it be possible for us to set aside some time and talk it through in the near future? My day is (surprisingly) light today, and I can be available at your convenience. If not today, perhaps we can compare calendars and find a mutually convenient time soon.
I appreciate your assistance, and again, we look forward to a very positive working relationship as September approaches.
Thanks,
Mark

Tom,
Thanks for meeting with us yesterday. Here is our most up to date Federal Tax ID as JFK officially became one with Hackensack Meridian in July.

If your quote could be 1 line item stating:
'Configure and deploy interoperability communication between JFK EMS and Piscataway Police Department for new EMS contract beginning in September 2021. To include hardware and labor'

This should cover it. And send me a separate itemized list of work please.

Thanks,
Brian

Subject: HMM JFK EMS Communications Follow-up

Good morning Sergeant Pilch

It was a pleasure meeting with you, the captain, and the Chief last week, we look forward to working with you to build a great partnership.

As a follow-up to the Communications portion of the meeting, attached to this email is our unit numbering. The first tab (central units) are the units that will regularly respond to Piscataway. In the second tab (all units) we provided you with a list of the other units we staff throughout our system in the other areas of our operation, in case you want to build them out. The yellow highlighted units are the additional units we are adding to help service Piscataway Township.

HMM JFK EMS Units for Piscataway
<https://docs.google.com/spreadsheets/d/1zSlht-gC3vmV0eQLnWDx15ALEOI8KHEN-w5RzEXohkw/edit?usp=drive_web>

We also want to provide you with the phone numbers your Dispatchers or Leadership may need to use during day-to-day operations.

-

██████████ will be called for all ALS and BLS requests, this is the number you currently call.

-

██████████ is our administrative line into the dispatch center where we have a Supervisor 24/7.

If you can provide us with the distribution list email address for the EMS Anyware account your dispatchers use that would be helpful. The web address for the EMS Anyware website is <https://mm.emsanyware.com/>,

The login information for EMS Anyware is as follows:

Company: HMM

Username: ██████████

Password: [REDACTED]

We also created one for you as well, here is your login information.

Company: HMH

Username: [REDACTED]

Password: [REDACTED]

When the time is convenient for you and your team we can come by your location to give you and your team a brief in-service on how to use the program.

If you have any questions please feel free to reach out to me.

Thank you,

Edward W. Murawski

Manager of Communications, EMS

JFK University Medical Center

308 Talmadge Road, Edison, NJ 08817

Subject: JFK EMS Piscataway Drive Share

Good Afternoon,
After speaking with Sgt Pilch today, it was determined that the Township will be upgrading their email server. When that occurs, a feature will be available and enabled to allow us to send the Township documents that would have been flagged/encrypted. This is why Maria received ZIX messages to access certain emails from us. I created a GoogleDrive that should be emailed out to you shortly. Though it is expected that the Township will have the upgrade completed by the end of the month, I wanted to keep this option available should we have any documents to share that could be flagged. Thus far if you start a new thread to communicate and it does not pick up on whatever key words that flagged previous messages, you should receive it without the need to log into ZIX.
I hope this is helpful and the share works. If it does not, please let me know. The name of the Google Share is Piscataway Twp-JFK EMS SHARE. I'll drop a test document in it as well with a copy of this email body.

Thank you,
Brian

Subject: Piscataway Volunteers

Ray,

As we begin to shape this new partnership, I want to make sure we proceed correctly in the eyes of Piscataway leadership, and approach requests from additional stakeholders in the proper manner. I have received emails from both River Rd and North Stelton volunteer leadership requesting meetings to discuss EMS operations at this point, and before I respond, I wanted to check in with you. My thought was to schedule those meetings for after our initial meeting on the 4th, and discuss the ins and outs of those relationships at that meeting with you to get the lay of the land and what the partnerships should look like. We are more than willing to defer to PD as the central coordinator of those interactions, and I do not want to commit to a meeting with the organizations if that is not the will of township leadership. Please let me know if it would be ok to schedule those meetings for mid August after our meeting, or if I need to confirm this with someone else, please point me in the right direction.

Thank you for the guidance,

Mark

Subject: Piscataway Walk Through

Good Morning,
I had to reach out to ESS again this morning. It seems the scheduler is out on vacation this week. Sgt Pilch, I know you are away next week and Friday. I remember you saying Tuesdays are not great either. Tom P just called me and this is what he has available this week.
Tomorrow (Tuesday)
Wednesday
Friday

What day/time works for you. The only thing I have that I cannot move around is Wednesday Afternoon after 1400. I have to take my son for his follow-up Ortho Appt.

Let me know and we'll get this scheduled.

Thanks,
brian

Subject: Re: [External] - ESS - Motorola NJ State Contract APX consolette proposal

Doug,

I am trying to build this in our ordering system. Is there a price difference from an "All Band" to just a single band P25? This is being used for a single talkgroup on the NJSP NJICS system (700/800MHz) P25.

As I am looking at the pricing, I see there is a credit to remove VHF and UHF bands, but there is only a credit for removal of VHF band. With that the numbers do not seem to add up. The Motorola price is \$800 per removal, but it looks like only \$600 was removed (See snip). I am assuming the removal is at NJ State Contract, so that means that only 25% of the removal is "removed"? If that is not the case, then 2 bands removed at \$800 per band would be \$1600, and only \$600 was removed.

Please review and advise. If this needs to be changed, please try to get this to me ASAP so I can submit. It appears that Motorola Solutions is already set up in our ordering system. It generally takes a week for them to build the item for me.

Thanks for the clarification and revision on a weekend. I'll submit the new list today.

So I do not make multiple items, is there any way you can coordinate with Motorola that I will make a single 'item' when processing this. Otherwise, I'll have to build every line and order direct. Basically I'll name this JFK Motorola APX Consolette. That will be what Motorola gets when I submit. The price will match what you just gave me. Otherwise I'll build out every line item and then submit.

I know a bit of a pain on both ends. If you do not think it's possible, I'll go that route. Just a lot of typing and making sure the right one is selected as there are other vague similar line items built by other users in HMH for the northern dispatch center.

Thanks,
Brian

It does, when I submit as a requisition, i'll put all the details in it. It should transcribe to the PO which is automatically sent to the vendor (motorola). Once it is built in the system and I order, I'll let you know. Thanks again

Subject: Re: [External] - Re: [EXTERNAL] HMH JFK EMS Additional Talkgroup

Talkgroup wise, it could be regional. Units (mainly ALS and some mutual Aid BLS) could communicate as far out as Union and Somerset Counties as Piscataway borders both. Mainly Middlesex county. I am going to put a base at their [REDACTED] site to place in their console and another base at our [REDACTED] location. We do have a Disaster recovery site at [REDACTED] in Lakewood for dispatch. So perhaps that would be either included in Regional, or the 2-3 closest sites for that talkgroup to hit should we need to activate the Disaster Recovery site or perform our semi-annual DR testing.

Thank you,
brian

Absolutely,

I was involved when we contracted with OIT/NJSP but not at the capacity I am now. I have wheels and will travel. I sent the updated list after the audit you provided me. I can come down whenever. I'll work with my vendor to order more radios and get those IDs added. I'll need to get my Motorola key (and all my others now after the addition) updated with 1 new ID so I can get Piscataway's radio set as they will be using an APX base.

Once I get confirmation from Matt K (added to this thread as well), I'll schedule an appt to get the keys updated as I have some letters from agencies to add to them as well.

Thank you for the resolution

Brian

Sent it over to them

--- Originally sent by brian.orlando@hmn.org on Aug 12, 2021 11:23 AM ---

Good Morning,

Here is the email thread with the State. If you want to start a new thread to them with the contacts below with wording like (or just copy and paste)

Good Afternoon,

JFK EMS and Piscataway Police have entered into a BLS 9-1-1 contract starting September 6th 2021-September 5th 2026. It is our understanding that Brian Orlando from JFK EMS has made a request to obtain a talkgroup on the NJICS P25 System to aid with communicating to our Police Dispatch Center. As Piscataway has their own P25 500MHz system, JFK EMS can have resources to respond from outside our borders as well as ALS services from various regions that could be beyond our radio footprint. In order to maintain communication and interoperability, we are requesting this review and approval so Piscataway Police and JFK EMS can have a seamless operation.

If you have any questions, feel free to contact me.

Respectfully,

Sgt. Ray Pilch

Piscataway Township Police Department

555 Sidney Rd.

Piscataway, NJ 08854

Subject: Fwd: [External] - Re: [EXTERNAL] HMH JFK EMS Additional Talkgroup

To: Mark Getsinger <Mark.Getsinger@njsp.org>, Miller, John [OIT]
<John.Miller@tech.nj.gov>, Reiner, Craig [OIT] <Craig.Reiner@tech.nj.gov>

Good Afternoon,

Were you able to review the request for an additional talkgroup for JFK EMS? We are beginning a new contract early September and I would need to get all keys updated to reprogram our subscribers along with adding a State number/serial number for an APX mobile that Piscataway Police will be using to communicate with our dispatch and units going to their town.

Thank you,

Brian

This message was sent securely using Zix ®

Good Morning John,

Matt Crossan advised me to reach out to you 1st about obtaining a new talkgroup for JFK EMS. We spoke a few weeks ago when there was a microwave malfunction in our region. I am the site admin for JFK. We recently expanded our services and we are looking for a dedicated talkgroup just for our 9-1-1 contracted towns. At the present time we have the following Talkgroups:

██████-HMH Central Ops

██████-HMH South Ops

██████-HMH Field Ops 1 (Central Tac Channel)

██████-HMH Field Ops 2 (South Tac Channel)

██████-HMH Field Ops 3 (Tertiary Tac and Volunteer Special Events)

This new group we could call HMH-Piscataway Link.

Please let me know what you think and when we could get this added to our subscription. Once it's added, I'll probably request for a Dispatch Control Priority and will provide the ID to Matt K to allow that to happen. And get all our keys updated as I have some letters from other agencies on the NJICS system.

If you read this before you check your office voicemail, you can disregard the VM.

Thank you,

brian

Mr Dacey,

I hope you are doing well and enjoying your summer. We have not met yet, but my name is Mark Bober and I am the Director of JFK EMS. We are looking forward to kicking off our new partnership, and we are incredibly excited about this opportunity. I am in receipt of the contract and after review and discussion, I have a question related to finance and scheduling. Would it be possible for us to set aside some time and talk it through in the near future? My day is (surprisingly) light today,

and I can be available at your convenience. If not today, perhaps we can compare calendars and find a mutually convenient time soon.

I appreciate your assistance, and again, we look forward to a very positive working relationship as September approaches.

Thanks,

Mark

Hi Mark,

Thank you for the heads up that they are reaching out to you. I would request that wait until after our meeting to schedule anything with them. My chief may have some additional requests, and I believe that after our kick-off meeting we can iron all of that out. If you want to give me a call on my desk line 732-562-6577 or my cell [REDACTED] we can discuss further if you like.

Thanks,

Ray

--- Originally sent by mark.bober@hmn.org on Jul 26, 2021 1:26 PM ---

Ray,

As we begin to shape this new partnership, I want to make sure we proceed correctly in the eyes of Piscataway leadership, and approach requests from additional stakeholders in the proper manner. I have received emails from both River Rd and North Stelton volunteer leadership requesting meetings to discuss EMS operations at this point, and before I respond, I wanted to check in with you. My thought was to schedule those meetings for after our initial meeting on the 4th, and discuss the ins and outs of those relationships at that meeting with you to get the lay of the land and what the partnerships should look like. We are more than willing to defer to PD as the central coordinator of those interactions, and I do not want to commit to a meeting with the organizations if that is not the will of township leadership. Please let me know if it would be ok to schedule those meetings for mid August after

our meeting, or if I need to confirm this with someone else, please point me in the right direction.

Thank you for the guidance,

Mark

Hi Mark,

As per our conversation about the financials, you can contact Mr. Daniel Lamptey, Director of Finance, at 732-562-7657, or dlamptey@piscatawaynj.org. He will square away with you whatever you need.

Thanks,

Ray

I can do tomorrow after 11am or Wednesday all day, let me know what works for everyone else.

--- Originally sent by brian.orlando@hmn.org on Aug 9, 2021 11:31 AM ---

Good Morning,

I had to reach out to ESS again this morning. It seems the scheduler is out on vacation this week. Sgt Pilch, I know you are away next week and Friday. I remember you saying Tuesdays are not great either.

Tom P just called me and this is what he has available this week.

Tomorrow (Tuesday)

Wednesday

Friday

What day/time works for you. The only thing I have that I cannot move around is Wednesday Afternoon after 1400. I have to take my son for his follow-up Ortho Appt.

Let me know and we'll get this scheduled.

Thanks,

brian

Hi Brian,

I attached our current business file, and 2 township map files, one with police districts and one without. I am waiting for the guy at engineering to get back to me to get updated files, these were from 2018 I am sure there are new roads. I am also having him print out a few of each maps for you.

Yea we can them all banged out. Wanna do 11am tomorrow?

--- Originally sent by brian.orlando@hmn.org on Aug 9, 2021 1:00 PM ---

Tomorrow is good for me as well. If you want we do the other walkthroughs for posts when we are done with radios.

Tom,

What's good for you?

On Mon, Aug 9, 2021 at 12:35 <rpilch@piscatawaynj.org> wrote:

I can do tomorrow after 11am or Wednesday all day, let me know what works for everyone else.

--- Originally sent by brian.orlando@hmhn.org on Aug 9, 2021 11:31 AM ---

Good Morning,

I had to reach out to ESS again this morning. It seems the scheduler is out on vacation this week. Sgt Pilch, I know you are away next week and Friday. I remember you saying Tuesdays are not great either.

Tom P just called me and this is what he has available this week.

Tomorrow (Tuesday)

Wednesday

Friday

What day/time works for you. The only thing I have that I cannot move around is Wednesday Afternoon after 1400. I have to take my son for his follow-up Ortho Appt.

Let me know and we'll get this scheduled.

Thanks,

brian

Hi Brian,

I attached our current business file, and 2 township map files, one with police districts and one without. I am waiting for the guy at engineering to get back to me to get updated files, these were from 2018 I am sure there are new roads. I am also having him print out a few of each maps for you.

Sgt Pilch,

Thank you for a fantastic meeting yesterday, it was great to put names with faces. I just wanted to let you know that, as discussed, I sent the email to Evan today advising him that all meeting requests would need to go through you as the central point of contact. He called me immediately, and I did not recognize the number. I let him know on the phone that I really couldn't speak more on the issue, and that I would advise contacting you to set up the meeting he wants. Just wanted to let you know to expect the call or email, and give you the heads up.

Thanks,

Mark
