I requested a means to make a complaint regarding the prosecution of a crime and was told simply to write my complaint and email it here. It seems a bit informal so if there are any additional steps needed please let me know

Arrest number 43208 A
Devorah Rosenberg
Case number 2013-00062967

To Whom It May Concern:

I was the victim of identity theft when two credit cards were opened in my name in 2013. I did some research and found that it was my former wife who had actually committed the crimes. I reported this to the Brick police dept and it was investigated. The investigation lagged for several months, mainly because the person they wanted to interview simply avoided speaking with them. Eventually after an interview the police arrested her and she confessed.

I went to court and the prosecutor informed me that they were lowering the charge from a crime to a misdemeanor. I asked why and was told that the prosecutor was not looking for me input on the decision, they were simply informing me. The trial was the last of the day. The judge called the case and before the prosecutor could say anything the defense attorney spoke and informed the judge that the charge was being lowered from a crime to a misdemeanor. The prosecutor agreed. The defense attorney asked then that the case be dismissed on the grounds that the statute of limitations for a crime was two years but for a misdemeanor it was only one and the time had passed. The judge dismissed the case.

While many may put this down to simple ineptitude, I cannot believe that any prosecutor could be that stupid. I believe that there is undue influence from the Brick Police Dept. This feeling was enhanced when I requested documents regarding this arrest and was told by a Lt. that he *could* get me the documents that I was asking for but *would* not.

Sincerely
Brian Hayes

Bethanie-

I spoke with Scharf about this. This complaint stems from something that is 7-8 years old, so without more information, Mr. Hayes can file a complaint with NJ Courts against the judge, since it was a judicial decision to eventually dismiss the case. Any questions, let me know.

Mr. Hayes,

I spoke with the IA Unit here after they had a chance to review your information.

Due to the age of the matter, you can file a complaint with NJ Courts against the judge, since it was a judicial decision to eventually dismiss the case. That will be your best course of action.

They would need more information about the case, in order to determine if anything could be done with regard to the municipal prosecutor.

I requested a means to make a complaint regarding the prosecution of a crime and was told simply to write my complaint and email it here. It seems a bit informal so if there are any additional steps needed please let me know

Bethanie-

I spoke with Scharf about this. This complaint stems from something that is 7-8 years old, so without more information, Mr. Hayes can file a complaint with NJ Courts against the judge, since it was a judicial decision to eventually dismiss the case. Any questions, let me know.

Good morning Tom,

Mr. Hayes sent me this narrative with his concerns over a municipal prosecutor. Is this something your unit would look into?
