Proposed Coverage Schedule

- **Transition Planning**

If IMS is selected as the vendor, our team will come on-site to collect and record the entire infrastructure of the network. We will document and inventory the servers, switches, IP addresses and everything necessary to support the Township of Rockaway. This will be part of our contractual requirements at no additional cost to the Township. This will commence with no disruption of service or technical support. IMS has been consistently doing this for two decades.

- **Supplementation Planning**

The on-site staff will handle the normal break and fix it work. In the event the technician hits a technical roadblock, he can rely on our elevated technical support staff. There will always be a technical team available to support the on-site staff. the Township of Rockaway will not be getting a regular IT person – they will be getting a proven team of professionals with a wide range of skills and expertise.

- **Help Desk Description** - When help desk support is requested, a ticket will be generated by our service ticket system with a response generated within 2-4 hours. Please see attached IMS sample work ticket. The support staff will attempt to resolve the issue via telephone support or screen sharing connection agent. If the problem cannot be resolved, a technician will be dispatched to the site. All remote connections will be made using a VPN or some other type of secure tunnel.

- **Support Availability** - We have an established help desk line that is staffed from 8:00am to 5:00pm. We offer on-site and remote services to all our customers. A human always answers our phones. In the event a call goes unanswered, a voicemail message is emailed to our support staff within 30 minutes. This happens only on weekends and after hours.

- **Liaison to Borough Staff**

IMS has worked with several townships and agencies to accomplish their desired IT goals and tasks. From Cyher planning to video conferencing and virtual court implementation, IMS continuously works with the agency's hardware and software vendors to fulfill their IT solutions. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
