STATUS: Suspected

DATE: 05/26/2019

OWNER: FARRO, ERIC J.

VIN: 1GCEK19B65E250993

On 05/25/2019 at 23:38 hours, I was traveling south on Ivy Rd. I observed a Chevrolet pickup truck bearing NJ registration:J53CYJ stopped at the stop sign at the intersection of Littehill Rd. and Ivy Rd. The vehicle then made a right turn onto Littlehill Rd. While the vehicle was making a right turn, the vehicle rear right tire drove over the curb. I then caught up to the vehicle at the intersection of Littehill Rd. and Northstream Pkwy and initiated a motor vehicle stop.

At this point, I made contact with the operator who was identified as Chrisian M. Farro. Mr. Farro stated that he did not know why he was being stopped and that his brother is a cop. I then advised Mr. Farro of the violation and requested for his driving credentials specifically his driver's license, vehicle registration and vehicle's insurance card. Mr. Farro added that he did have a couple of beers at his friend's house earlier in the evening. Mr. Farro then began to fumble through his glove box for his driving credentials. Mr. Farro was slow with his movements and slurring his words during the interaction. I could also detect an odor of alcoholic beverage coming from the vehicle. Mr. Farro then handed me his license and asked me what other documents I needed. I requested for a second time his vehicle's registration and insurance card. I then requested Mr. Farro to step out of the vehicle and go to the rear of his vehicle for field sobriety test. It should be noted that the ground was level and well-lit for field sobriety test. During the interaction with Mr. Farro outside his vehicle, I was able to detect an odor of alcoholic beverage coming from his breath.

Alphabet Test: Prior to instructing the test, I turned off my overhead lights. I asked Mr. Farro the extent of his education. Mr. Farro replied that he went to college for a little bit. I then asked Mr. Farro if he knew the English alphabet which he stated that he understood the alphabet. Mr. Farro was instructed to recite the alphabet from B to Y without stopping or singing. Mr. Farro stated, "B to Y? Why wouldn't I start at A?" Mr. Farro then started the test by saying, "A,B,C,D,B,C,D,E,F,G,H,I,J,K,L,M,N,O,P,Q,R,S,T,U,V. Mr. Farro was sway back and forth during the interaction along with slurring the letters during the test.

Horizontal Gaze Nystagmus Test: I instructed Mr. Farro to keep his head still and to follow the pen with his eyes only. I then checked pupil size, resting nystagmus and equal tracking. I then began the test, during the test he had lack of smooth pursuit in both eyes, sustained nystagmus at maximum deviation in both eyes, and onset of nystagmus at a 35 degree angle in both eyes. I then did vertical nystagmus where there was involuntarily jerking in both eyes.

Walk and Turn Test: I asked Mr. Farro if he had any injuries. Mr. Farro replied that he has no injuries but has terrible balance. I then instructed and demonstrated to Mr. Farro the walk and turn test. Mr. Farro was instructed to take 9 steps forward touching heel to toe with each step with his hands down by his side. Then take a series of small steps to turn around and take 9 steps back in the same manner. Mr. Farro was swaying back and forth during the instruction causing his foot to move from the starting position. Mr. Farro began the test not touching heel to toe on his 4th, 5th, and 7th step. Mr. Farro turned around as instructed and took 9 steps back not touching heel to toe on his 6th and 8th step.

One Leg Stand Test: I instructed and demonstrated to Mr. Farro the one leg stand test. During the instruction he was swaying back and forth. Mr. Farro was instructed to lift whatever foot he felt comfortable with 6 inches off the pavement and have the bottom of his foot to be parallel to the pavement, keeping his foot raised until I told him to put the foot down. Mr. Farro raised his right foot for only 3 seconds and advised he could not do the test.

Based on the results of the field sobriety test, the operation of the vehicle as well as my observation, Mr.

Farro was placed under arrest for driving while intoxicated (39:4-50). Mr. Farro was placed in handcuffs and searched prior to being placed in Car 3. I advised dispatch of the arrest and I requested a duty tow for the vehicle as per John's Law. Ocean Bay Auto arrived on location and impound the vehicle as per John's Law.

At headquarters, Mr. Farro was placed inside the processing room. After entering the processing room, I removed all cell phones, mobile video recorders and radios inside the processing. I read Mr. Farro his Miranda Warning to which he stated "Not really." I read Mr. Farro the NJ Attorney General's Standard Statement for Motor Vehicle Operators Form. When asked if he would provide a breath sample to determine the amount of blood alcohol concentration in his system, Mr. Farro stated, "No." I then ran the Alcotest machine for the refusal documentation. The Drinking Driver Questionnaire was also filled out. Mr. Farro was released to Casey C. Bierbrauer. All requirements of 39:4-50.22 were satisfied. Mr. Farro was charged with Driving While Intoxicated, Reckless Driving, Careless Driving, Refusal Submit to Breath Testing, and Failure to Exhibit Insurance Card. Mr. Farro has a court date of 06/03/2019 at 4:15PM. All paper regarding this matter was placed in the records bin.

	POINT PLEASANT NJ 08742							
	TOWED BY: Ocean Bay Auto Body				TOWING CHARGES:			

On 05/26/2019 at 02:02 hours, I was stopped on Rt.88. I observed a green Toyota bearing NJ registration:K10FSZ going west bound on Rt. 88. The vehicle was traveling on the white shoulder marker not maintaining their lane. The vehicle's passenger side front and rear tires were over the white shoulder marker. The vehicle then drifted onto the center yellow center marker. The vehicles front and rear driver side tires were over the yellow center marker. I then began to catch up to the vehicle. The vehicle then drifted onto the white shoulder marker nearly colliding into the curb at the intersection of Rt. 88 and River Ave. I then activated my emergency lights to initiate a motor vehicle stop. The vehicle was stopped at the intersection of Rt.88 and Barton Ave.

I then approached the vehicle and identified myself as Officer Waterson and requested for her driver's license, vehicle's registration and insurance card. The operator identified as Morgan Olsen handed me her vehicle's registration and insurance card. Ms. Olsen then began to fumble through her purse to find her driver's license. Ms. Olsen was slow with her movements and slurring her words during the interaction. I could also detect and odor of alcoholic beverage coming from inside the vehicle. I then asked Ms. Olsen if she had any alcoholic beverages tonight, Ms. Olsen replied that she had one beer. I then had Ms. Olsen step out of the vehicle to conduct field sobriety tests. It should be not that the ground was level and well lit for these tests to be conducted. I then detected an odor of alcoholic beverage coming from Ms. Olsen's breath.

Alphabet Test: Prior to instructing the test, I turned off my overhead lights. I asked Ms. Olsen the extent of her education, Ms. Olsen replied that she had some college. I then asked Ms. Olsen if she knew the english alphabet which she stated that she understood the alphabet. Ms. Olsen stated, " I'm sorry what?" Ms. Olsen then began the test by saying, "B,D,E,H,I,J,K please please." Ms. Olsen was slurring the letters as she was performing the test. Ms. Olsen was also swaying back and forth during the interaction.

Horizontal Gaze Nystagmus Test: I instructed Ms. Olsen to keep her head still and to follow the pen with her eyes only. I then checked pupil size, resting nystagmus and equal tracking. I then began the test, during the test she had lack of smooth pursuit in both eyes, sustained nystagmus at maximum deviation in both eyes, and onset of nystagmus at a 35 degree angle in both eyes. I then did vertical nystagmus where there was involuntarily jerking in both eyes.

Walk and Turn Test: I asked Ms. Olsen if she had any injuries, Mr. Olsen replied that she has no injuries but is really nervous. I then instructed and demonstrated to Ms. Olsen the walk and turn test. Ms. Olsen was instructed to take 9 steps forward touching heel to toe with each step with her hands down by her side. Then take a series of small steps to turn around and take 9 steps back in the same matter. Ms. Olsen was swaying back and forth during the instruction causing her foot to move from the starting position. Ms. Olsen began the test without being told to do so. Ms. Olsen was then instructed to begin the test. Ms. Olsen did not touch heel to toe on her 6th and 7th step. Ms. Olsen also took 10 steps forward. Ms. Olsen turned around as instructed and took 10 steps back not touch heel to toe on her 5th, 8th and 9th step.

One Leg Stand Test: I instructed and demonstrated to Ms. Olsen the one leg stand test. During the instruction she was swaying back and forth. Ms. Olsen was instructed to lift what ever foot she felt comfortable with 6 inches off the pavement and have the bottom of her foot to be parallel to the pavement, keeping her foot raised until I told her to put the foot down . Ms. Olsen raised her right foot for only 6 seconds. Ms. Olsen then restarted the test and put her foot down after 1 second. Ms. Olsen then restarted the test for a third time and place her foot down after 2 seconds.

Based on the results of the field sobriety test, the operation of the vehicle as well as my observation, Ms. Olsen was placed under arrest for Driving While Intoxicated (39:4-50). Ms. Olsen was placed in handcuffs and searched prior to being placed in car 3. P.O. Henrich advised dispatch of the arrest and requested a duty tow for the vehicle as per John's Law. Ocean Bay Auto arrived on location and impound the vehicle as per John's Law.

At headquarters, Ms. Olsen was placed inside the processing room. After entering the processing room, I removed all cell phones, mobile video recorder and radios from inside the processing room. I read Ms. Olsen her Miranda Warning to which she stated she understood. I read Ms. Olsen the NJ Attorney General's Standard Statement for Motor Vehicle Operators Form. When asked if she would provide a breath sample to determine the amount of blood alcohol concentration in her system. Ms. Olsen stated, "Yea." The Drinking Driver Questionnaire was also filled out. I observed Ms. Olsen the standard twenty minute observation period. Ms. Olsen also did nothing that would effect the test results. I also used a new mouth piece with each breath. I then instructed Ms. Olsen the proper procedure to give a breath sample into the alcotest. The results of the alcotest were determined to be a .22%BAC. The results were confirmed in the NJSP Alcotest Calculator and found not to be within acceptable tolerance. I then restarted the twenty minute observation period and prepared the alcotest for an additional test. Ms. Olsen did nothing that would effect the test results. I also used a new mouth piece with each breath. I then instructed Ms. Olsen the proper procedure to give a breath sample into the alcotest. The results were determined to be a .23%BAC. The results were confirmed in the NJSP Alcotest Calculator and found to be within acceptable tolerance. Ms. Olsen was released to Lawrence Baczo. All requirements of 39:4-50.22 were satisfied. Ms. Olsen was charged with Driving While Intoxicated, Reckless Driving, Driving on Marked Traffic Lanes and Obstruction of View. Ms. Olsen has a court date of 06/03/2019 at 4:15PM. All paper work regarding this matter was placed in the records bin.

DATE: 05/27/2019

On 05/26/2019 at 2108 I, P.O. Gunnell was on patrol traveling East on Rt 88. I was approaching the Bridge when I noticed that Westbound traffic was stopped. Both lanes of the Westbound traffic were not traveling. As I approached the traffic, I heard a horn sound and a male in the right hand lane was attempting to get my attention. The male yelled that the female in the left hand lane was drunk and needed to be pulled over. He yelled that she was all over the road. The female in question started to travel West on Rt 88 and I was able to turn my vehicle around. I was able to get behind the vehicle(NJ Registration G10GKT) at the traffic light of Rt 88 and River Ave. Once the traffic light turned green, I activated my emergency warning lights and attempted to perform a motor vehicle stop. The vehicle did not stop and put on a left hand blinker and made the left turn onto Barton Ave. I had to activate my horn several times before the vehicle pulled over just past the parking lot of the Idle Hour.

I approached the driver identified as Vanessa Girona. Upon making contact with Vanessa, I asked her for her license, registration and proof of insurance. She started to fumble around with a pile of papers. She appeared confused and was unable to focus. I had to ask Vanessa several times to obtain her credentials, to which she was never able to accomplish. While she was looking for her credentials, I asked Vanessa where she was coming from. Vanessa never answered the question and I asked her again. There was a long pause and Vanessa stated that it was too hard for her to look for her credentials and answer questions at the same time.

Vanessa stopped looking for anything I had asked for and asked if she could call her husband. I advised that she was unable to call at that time, and she would not listen. She still went for her phone and I advised her to turn the car off and step out of the vehicle. I had to ask Vanessa five times to turn her car off and eventually I had to manually turn her vehicle off. Vanessa stepped outside of the vehicle and I explained that she has not cooperated with my previous requests and she answered that I never asked her to turn off her vehicle. While speaking face to face, I was able to smell an odor of an alcoholic beverage coming from her breath.

I asked Vanessa if she was able to understand and recite the English Alphabet. She stated that she was able to. I began to explain that I wanted her to recite the alphabet and she started and recited A until L before I was able to get her to stop. I asked her to let me explain the test and she stated that she wouldnt be able to do it backwards. I advised that I wanted her to recite the alphabet from the letter "D" to the letter "R". When asked if she understood, she stated yes. She also stated "I don't want to right now because I can't". Eventually she was able to recite "e,f,g,h,i,j,k,l,m,n,o,p,q,r,s,t,u,v,r". I brought Vanessa over to the side of the road where it was flat and free of debris. I asked her if she had any injuries that would prevent her from performing any further tests. She stated that she had none.

HORIZONTAL GAZE NYSTAGMUS

I attempted the Horizontal Gaze Nystagmus test. I was able to get lack of smooth pursuit in both eyes. When asked to perform the test, Vanessa continually moved her head and would not follow the pen. I attempted several times and was not able to get any more hits for further indicators. P.O. Popiel arrived on scene.

WALK AND TURN

Prior to the next test, I asked Vanessa to stand with her right foot in front of her left foot. While she was doing this, she was unable to keep a steady balance and have her hands down by her side. I explained and demonstrated the test and she stated that she understood. Vanessa lost balance on the 1st step. She continued to walk and asked, "you said 7?". I advised Vanessa 9 steps and she ended up taking 10. She was unable to touch heel to toe on any step. On her steps back she lost balance on her 2nd and 3rd steps. She was unable to touch

heel to toe on any step.

ONE LEG STAND

I explained and demonstrated this test and Vanessa stated that she understood. She started to perform the test and immediately raised both of her arms up for balance. Vanessa was able to count to 3 until I asked her to bring down her arms. Vanessa started again and lost balance at 2. She attempted again and lost her balance.

Based on my interaction with Vanessa and her performance on the field sobriety tests, I placed her under arrest for Driving While Intoxicated(DWI). She was handcuffed using the double lock method. When she got to the rear of my patrol vehicle, I advised her that she would be audio and video recorded. Vanessa refused to get inside the vehicle and asked to call her daughter. She advised that her daughter was a cop and demanded to call her. She again refused to enter the vehicle. Myself and P.O. Popiel had to guide her into the vehicle. She was raising her legs like she was going to strike this Officer. I closed the door before she was able to and did not secure her using the seatbelts. P.O. Popiel advised of the arrest and requested a duty tow. Dispatch advised that Ocean Bay would respond shortly. P.O. Popiel stood by with the vehicle. I was able to obtain Vanessa's keys, wallet and phone. I transported Vanessa to Headquarters where she was placed in the processing room.

Once inside, I read Vanessa her Miranda Warning rights and she stated that she understood. Vanessa was read the NJ Attorney General's Standard Statement for Motor Vehicle Form. When asked if she was willing to supply a breath sample in order to determine the blood alcohol concentration(BAC) in her system, Vanessa did not give an answer. I read Vanessa the last paragraph and again asked if she was willing to supply a breath sample and she answered "yes, I will". Drinking driver questionnaire was filled out. I waited the mandatory twenty minutes before operating the Alcotest 7110 MKIII-C. When prompted Vanessa was able to give two proper breath samples. Mouth pieces were changed after each sample. Her BAC was determined to be .23%. The results were entered into the NJSP Alcotest calculator and found to be within an acceptable tolerance.

While Vanessa was being processed, her fiance, Eric Refalo responded. Vanessa was finger printed and photographed. I served Vanessa with summons#E19-000448(DWI) and E19-000449(Reckless Driving), both with a mandatory court date of 06/03/2019 at 1600 hours. Vanessa was released into the care of Eric after he signed the potential liability form.

Last drink form was completed and faxed

Request for video evidence was completed and submitted to Det Hill

GUILTY PLEA AND PAYMENT. If you wish to plead guilty and pay the penalty, you may make payment via the internet by logging onto www.njmcdirect.com or you may bring or mail this ticket and payment in the amount of the penalty listed above to this court before the scheduled pay by date. Payments by mail must be by check or money order made payable to his Municipal Court. Do not send cash. Please print the ticket number on the front of the check or money order. A receipt will be sent to you only if you send a self-addressed, stamped envelope along with your payment.

PLEA OF NOT GUILTY. If you want to plead not guilty, you must notify the court at least 7 days before your scheduled pay by date or it may be necessary for you to make additional court appearances.

Amount of Penalty: **\$85.00** Pay By Date: **06/17/2019**

MAKE PAYMENT VIA THE INTERNET OR FOR MORE INFORMATION, LOGON TO:

www.njmcdirect.com

IF YOU NEITHER PAY THE PRESCRIBED PENALTY BY THE PAY BY DATE NOR APPEAR IN COURT ON THE SCHEDULED COURT DATE, THEN ADDITIONAL PENALTIES MAY RESULT. A WARRANT MAY BE ISSUED FOR YOUR ARREST AND YOUR DRIVING PRIVILEGES IN NEW JERSEY MAY BE REVOKED. IF THIS IS A PARKING TICKET, YOUR FAILURE TO APPEAR OR PAY THE PRESCRIBED PENALTY WILL BE CONSIDERED AN ADMISSION OF LIABILITY AND A DEFAULT JUDGMENT MAY BE ENTERED AGAINST THE OWNER OF THE VEHICLE. EXCEPT FOR A PARKING TICKET, A RECORD OF THIS CONVICTION WILL BE SENT TO THE MOTOR VEHICLE COMMISSION (MVC) THAT ISSUED YOUR LICENSE.

IF YOU HOLD A COMMERCIAL DRIVERS LICENSE AND YOU ARE CONVICTED OF TWO OR MORE SERIOUS TRAFFIC VIOLATIONS, THE MVC MAY, DEPENDING ON YOUR RECORD, SUSPEND YOUR COMMERCIAL DRIVING PRIVILEGES EVEN IF THE VIOLATIONS WERE COMMITTED IN A NON-COMMERCIAL MOTOR VEHICLE. FOR MORE INFORMATION, VISIT THE OFFICIAL MVC WEB SITE AT WWW.NJMVC.GOV.

Approved: 06/20/2019 @ 1606 Approval ID: 0140

On 6-14-19 I had just cleared from a call for service and was speaking with Officer Maloney regarding the call over at Solveri Collision. I had pulled out of the parking lot heading east on Rt. 88 and observed a blue Ford Mustang pull out of the Shore House Bar parking lot at a high rate of speed and briefly "fish tailed" the back of the Mustang. I immediately activated my emergency lights and turned around. I pulled the Mustang bearing NJ registration G44KWR over on River Ave just off of Rt. 88.

I approached the passenger side of the vehicle and identified myself and the reason for the stop. Officer Maloney arrived on scene. The driver, identified as Kevin M. Riddle, advised me had just had an argument with his girlfriend in the parking lot of the Shore House which was why he pulled out of the the Shore House at a high rate of speed. While speaking with Riddle I could smell an odor of an alcoholic beverage coming from the interior of Riddle's vehicle. I asked if he had been drinking and he replied he had a few shots, but not at the Shore House. I asked Riddle how his driving record was and he advised he may have a lot of points and continued to state he drives like an "asshole". I asked him if he would step out from his vehicle to perform a few sobriety tests. At this time Riddle started to get aggravated and wanted to just leave his vehicle on the side of the road and call someone to pick him up. I advised him that was not the way it was going to happen. He stated if I was going to give him a DWI to just give it to him. Officer Waterson and K-9 Officer Popiel arrived at my request due to Riddle getting aggravated. Riddle calmed down and exited his vehicle to perform the tests.

Walk and Turn Test:

I asked Riddle if he had anything wrong with his legs or feet that would prevent him from performing the test. He stated he was flat-footed and had an issue with his hip. I advised Riddle to stand with his right foot in front of his left and to keep his hands at his side. I then demonstrated the walk and turn. I advised him to take nine steps walking heel to toe toward my patrol vehicle, keeping his hands at his side and to count the number of steps out loud. He was then advised to take a series of small steps, turn around and take nine steps back the same way toward his vehicle. After demonstrating the test I asked if he understood to which he stated he did. Riddle could not complete the test, had to use his arms out for balance and could not walk heel to toe.

One Leg Stance:

I demonstrated the test for Riddle. I advised him to stand with his feet together and to keep his hands at his side. I advised him to choose a leg of his choice and to raise his foot at least six inches off the ground. I advised him while doing so to count by one thousand one, one thousand two.... and so on out loud until I advised him to stop. I asked if he understood the test to which he stated he did. I advised he could begin. Riddle had to use his arms out for balance and could not keep his foot up the six inches without putting it down in just seconds. After he put his foot down he stated to me you got me.

Horizontal Gaze Nystagmus:

I had Riddle stand in front of me with his feet together and his hands at his side. I advised him to look at the tip of my pen (stimulus) and to follow it with his eyes only and to keep his head facing forward. Prior to beginning I asked Riddle to touch the tip of the pen so I knew he knew what to follow. Riddle did not have smooth pursuit in either eye, he had onset of nystagmus at 45 degrees and at maximum deviation.

Riddle was then advised he was under arrest for driving while intoxicated. He was placed in handcuffs and searched incident to arrest. He was placed in the back of my patrol vehicle and advised he was being audio and video recorded. Ocean Bay Auto was contacted, responded and impounded his vehicle.

NARRATIVE FOR SERGEANT ROBERT J WELLS

Ref: 19-178-AR

Entered: 06/15/2019 @ 1947	Entry ID: 0115
Modified: 06/19/2019 @ 2233	Modified ID: 0115
Approved: 06/20/2019 @ 1606	Approval ID: 0140

Once at headquarters Riddle was sat on the cuff bench in the booking room, cuffed to the bench. At this time all cell phones, MVR mics, portable radios and electronics were removed from the booking Alcotest area. The 20 minute countdown was then started. While waiting I read Riddle his Miranda Warning to which he stated he understood. He was then read the N.J. Attorney General's Standard Statement For Motor Vehicle Operators to which he stated "yes" to giving breath samples. Riddle gave two successful breath samples with a BAC result of .14%, however, after running the results through the NJ State Police calculator the breath samples were not within the acceptable tolerance. I then waited another 20 minutes and started the test again. Riddle again gave two successful breath samples with a result of a BAC of .14%. The results were again ran through the NJ State Police calculator and the results were within acceptable tolerance. Just after the second test, Officer Waterson assisted this Sgt. and finger printed and photographed Riddle while I prepared his summonses. Riddle was once again read his Miranda Warning to which he stated he understood. I asked Riddle what type of drinks he had this evening. He stated he had two Bud Lights at a friends house earlier in the evening around 6:30 pm.

Riddle was issued two summonses for DWI 39:4-50 on Eticket E19-000511 and Reckless Driving 39:4-96 on Eticket E19-000512. He was given copies of his summonses and advised of his court date on 7/15/19 at 10:00 am. He was given back his property along with a property receipt that he signed. He was then released to his girlfriend, Felicia Willette, who signed the John's Law form. She was given the original copy. All paperwork associated with this report was submitted to records.
