Message	Hello: I just finished watching another video of officers in your department going out of their way to behave like a gang of thugs in blue. Rookie officer "Taha"(sic) sure learned how to lie and harass citizens exercising their First Amendment freedoms fast, is there a class that the department or the union offers officers on how to spit on the constitution when you're fragile little ego gets hurt? I used to back law enforcement 100% but video after video of officers behaving like thugs has changed my mind. You are no more a defender of freedom than Joe Biden or any gangster, in fact, you are worse because you make a mental decision every shift to act like a donkey. Never will I automatically respect an officer again.

Incident Location	Elmer and N. Ave e
Incident Details	I saw a video of officer taha #218 pulling a driver over and clearly lying about it. The man has video of the stop where the officer lies numerous times about him speeding. The officer was given the bird and his feelings couldn't handle it. He was given a bogus citation as the man has a dash cam. This is why there is a disconnect. You hire officers that are not professional. They're feeling trump the law and they can do whatever they want with no recourse. As I spent 10 min explaining my story the person that reads this will laugh at it as it makes their blue brother in a bad light. This is truly sad that this is what the officers are doing in our community. Making up lies to penalize people for legal activity. This officer is a danger to the community and he's only been a cop less than a year. He is going to end up hurting or killing some one
