Hi Matt,

Thank you for attending the Township Committee Meeting last night.

As per our public discussion regarding Williams St. parking, I was able to speak with Chief Flannelly this morning.

The Chief had been working with the past School Board President on this matter. The President was going to bring back to the School Board the tentative agreement they worked out (listed below).

- No Parking 10 p.m. – 6:00 a.m. (police will ticket)
- No Parking when road is snow covered (police will ticket)
- Police will not tow off private property
 - The Chief explained how the School could do private towing if they so choose
- The Chief will work with you to make sure that the signs are written correctly and spaced properly to increase awareness
 - The Chief will also put up poster boards a couple of weeks leading up to enforcement to give residents ample warning.

Chief, could you please follow up with Mr. Trawinski to review the strategy? I also think it would be a good idea to recap how they may initiate private towing if this is something the school wishes to pursue.

Once you give the Chief the ok to proceed, we will work with him to get the ordinance written/revised and then introduced.

Please let me know if you have any further questions.

Thank you,

Nick
