Hello Tom,

Why was Paul Schopp chosen to work on the mlk study? He had some pretty serious biases, including attempting to contact reporters and squash the story.

Get ready for some heavy media coming your way this MLK day.

Dear Stockton University,

This is a request for public records made under OPRA and the common law right of access. Please acknowledge receipt of this message.

Records requested:

List of all African American employees and or students that participated in the Martin Luther King Jr. research study done on behalf of the NJDEP. The study was headed by John O (OPRA) DUFF 01092018 (A) nald.

I am also requesting the itemized expense list that Stockton used to justify the \$21,000 that was paid by the NJDEP. I want to know how many hours were worked by each employee on the project as well as what they were paid. I want to know what the expenses that were incurred to complete this project, such as but not limited to, plane tickets, hotels, fuel, food, materials and any other item that justifies the \$21,000 spent on this study.

Yours faithfully,

Patrick Duff

Subject: Internal review of Open Public Records Act request - List of all African American employees or students that participated in the Martin Luther King research study done on behalf of the NJDEP.

Dear Stockton University,

Please pass this on to the person who conducts Open Public Records Act reviews.

I am writing to request an internal review of Stockton University's handling of my OPRA request 'List of all African American employees or students that participated in the Martin Luther King research study done on behalf of the NJDEP.

Your clerk is claiming they would have to "create" new records...I call BS. The information I requested is readily accessible and only needs to be compiled, which is your job, not created.

A full history of my OPRA request and all correspondence is available on the Internet at this address:
https://opramachine.com/request/list_of_all_african_american_emp_2

Yours faithfully,

Patrick Duff
