Hello to all attached.

My name is Patrick Duff and I filed a preliminary application for a home connected to Dr Martin Luther King Jr with the NJDEP to review back in March of 2015. When it was originally filed I was told it would take about 3 months for the state to either approve or deny the application, yet it's been over 4 years since then and still no decision has been made. It has been more than 2 years since you received the original "study" which was headed by Paul Schopp, who by the way only has a A.A.S from Burlington County College, a study that cost the taxpayers \$21,000 dollars. Take a look at the article I wrote about him <https://rabblerouser.blog/2018/04/29/25/>

In that study your main researcher, Schopp, who also sat on Camden Cities Historic Preservation Commission in a direct conflict of interest, concluded that the first time Dr Martin Luther King Jr was ever involved in a court battle involving civil rights, which happened right here in NJ, was not a historically significant event for NJ. The problem for his conclusion was it was in direct contradiction to his statements he made regarding the same incident just years before. Schopp, in an email he must have forgotten about, claimed the event was such a significant event in King's life that when the state decided to tear it down he fought for it but "the bulldozers won out".

Stockton has more redactions in the Emails regarding the MLK project than the JFK files have. Why? The people will want to know. <https://rabblerouser.blog/2018/12/13/what-is-stockton-university-and-the-dep-hiding/>

Once this said "study" was finished the DEP told me that it would be published to the DEP's website and a decision would be made after the HPO reviewed it...but still, nearly 2 years later now and I have no answer. I asked the state to mediate this but the HPO refused to speak with the conflict resolution folks and me. Derrick Green promised me that Governor Murphy wanted to help, but again, I have gotten nothing except several missed attempts at meetings from that office.

The Peter J McGuire memorial was placed on the historic registry with little to no scrutiny. You have a statue that was easily listed on the registry with no scrutiny that calls a man the "Father of Labor Day" who the NJ Historical Society says is not. <https://jerseyhistory.org/matthew-maguire-father-of-labor-day/>

Do you really care that much about accuracy? This is not a joke to me, but the joke will now be on you. I have been left with no choice other than to publicly shame the HPO, Stockton, State and local officials. I will be taking out billboards directing people to a website that shows the whole story. I will also be letting people know that the Governor didn't give a crap and how local officials and non profits helped steal \$250,000. You should all be ashamed of yourselves, and now, you will be.

Want whole story. Read my complaint I will be refilling this week also in a discrimination case against the State.

Patrick Duff
