Can you please send me your original proposal that was submitted in 2016 to bid for this project?

Also, with Thelma's narrative, that changes what happened at 753 Walnut. From what she said it sounds like the plan was hatched in that building.

You still haven't answered about the Jan 13th 1951 date, how could you gather that was Daddy King? McCall preached there one week before, and the two of them returned in 1952, so how is it on the 13th that you concluded it was his Father? I may not be a Doctor or a professor, but that is a completely illogical conclusion. You said it was due to no Jr, and it saying he was from Atlanta, but as I said, half from that period showed a jr, and half did, so that method of deduction if flawed. Why wouldn't you think that he was at the church that's literally blocks from the home in Camden? Burrus was a fellow Crozer man and an admitted friend of Dr. King. Remember, I went to the church as well and two of the ladies said their mothers have told the story of him being there many times and for many years.

Thelma Lowery lived in the same home and she very clearly states that he "lived" there, not just stopped by for a night or two. She very clearly says that the Maple Shade incident was discussed prior to it happening, and it was discussed in the home. I don't know if you realize it or not but the criteria I filed under was not just that of being connected to a significant person, but a significant event, which is the maple shade event. I just don't understand why your team didn't do more research on the incident more and what happened the summer following while the battle in court drew out? If the incident in Maple Shade is significant than the homes attachment is with the new testimony from Thelma.

The first is the final application Stockton submitted to the DEP; we initially applied in November, but the final scope of work was revised until January. That is the version I'm sending (as it was the final application). The contract itself was not finalized until the following August (all I can say is one state agency working with another state agency!).

Finally, I've included a link to the final report sent to the DEP last night (November 30, 2017) at 9:01pm:

Dear Patrick:

I received the request below this afternoon. I can comply, of course, but I also called Kate Marcopul to ask if it might be easier if I just sent you both the original application for Stockton's study as well as the final report.

DUFF OPRA REQUEST 030520-1

Please know that I submitted the final report just last night (I'm happy to forward you the email by which I did so, which provides the date and time). This report also includes all transcribed interviews as appendices. I can send you the two audio files as well (what we transcribed is a verbatim transcription). Other interviews were done by email, and those are also appended.

I was going to send your interview, as well as that of Ms. Hunt to both of you, but first needed to submit to HPO as this is contracted work for hire. Again, this just happened yesterday.

I can send you both the application and final report today, if that would be helpful. Please let me know if this would satisfy the needs of your OPRA request.

None of you ever responded to this article, why? Because this blows the top off of your charade called a study. King had a conversation at 753 Walnut where he made the decision to go to Maple Shade. The conversation took place on the steps. Is it that you just do not believe black people's memories or think their memories can only be stoked with thoughts of financial gains?

I am writing a lawsuit to haul your butts into court that will be filed next week unless I get a response. How can you deny the existence of this article? I wonder, did any of you know this existed before I sent it and you? I again offer you all a debate on the findings if you are proud of your work. Any takers?

Here is the words of the late Jesthroe Hunt speaking about what happened in Maple Shade. This confirms what Thelma said and shows that the idea of heading to Maple Shade was born at 753 Walnut Street.

I think this changes your study quite a bit....

None of you ever responded to this article, why? Because this blows the top off of your charade called a study. King had a conversation at 753 Walnut where he made the decision to go to Maple Shade. The conversation took place on the steps. Is it that you just do not believe black people's memories or think their memories can only be stoked with thoughts of financial gains?

I am writing a lawsuit to haul your butts into court that will be filed next week unless I get a response. How can you deny the existence of this article? I wonder, did any of you know this existed before I sent it and you? I again offer you all a debate on the findings if you are proud of your work. Any takers?

Here is the words of the late Jesthroe Hunt speaking about what happened in Maple Shade. This confirms what Thelma said and shows that the idea of heading to Maple Shade was born at 753 Walnut Street.

I think this changes your study quite a bit....
