Good morning Mayor Magazzu,

My name is [REDACTED] and I live in West Berlin with my husband and two children, and have since 2020.

Recently I had the severe misfortune of having a run in with another citizen named Gerard Peterson. His demeanor and uncontrollable anger led to him trying to physically fight my husband in his driveway. When my husband refused and tried to leave, Gerard followed us out into the street ranting about how he was going to "fuck your wife" to my husband. When we did not give into his baiting us into violence, he eventually pulled his pants and underwear down to where he was flashing his penis and testicals to me, my husband and both of our children. He then turned around, bent over and began flashing his butt.

We quickly removed ourselves from the vicinity and went home. After we were home for a few minutes and calmed down we decided that we needed to call the police to address the clearly illegal action of flashing your genitals to children. The police arrived and took our report, and despite Sergeant Forte being very understanding of the situation, he informed us this morning that there are no updates, and that there is not much they can do without video evidence.

I am reaching out to you to plead for your assistance in seeing that Gerard be held accountable for his actions. If there is time in your schedule to meet with me, I would very

much appreciate it. I just want to know that we have moved into a safe place that we can call home, and we do not currently feel that way in your town.

Please feel free to call or email me anytime. I am readily available to meet and appreciate your time.

Kind regards,

[REDACTED]
