I am concerned about dogs being fostered or owned at address 110 Murphy Drive , West Creek NJ. These people are running a dog rescue out of their home and dogs are heard fighting with each other, too many dogs on the property, litters of puppies sick, and proper medical attention is not being given to each dog when they need it. She does not have the funding to care for dogs she takes and when they need medical attention they are not given any because she simply does not have the money for it. She has talked about creating kennels in her backyard for multiple dogs that do not get along with each other to live outside the whole time with no heat or Ac, not sure what the limit is in our area but it can not be more than the amount they have. I was going to adopt a dog from her not too long ago, went on her property but was certainly not happy with the conditions of the puppies. they were skinny and not cared for and didnt think they were going to make it honestly . Courtney Crane is her name and she is the founder of the rescue. The dogs and animals on her property need to be looked at.

Thank You

Dania Eliot
