To whom it may concern, as a lifelong Rochelle park resident its frightening to see a committee woman try to use a fake cease and desist letter with threats of child protective services against a resident and child from town over something I posted on my personal fb page . I posted texts that were between my girlfriend ,at the time, who is on rp rec and the appices. These texts were obtained legally and posted on my own personal Facebook page. I already took them down after Nicole sneyer asked me too and Jenn is still contacting my current girlfriends father and now sending certified letters to my parents residence. In the letter she states that she won't contact CPS if I meet her list of demands but then at the bottom of the letter she CC rp police ,CPS, Bergen county sheriff's and prosecutors office. To make up false allegations of child abuse is horrifying and uncalled for, my child is not a political weapon or scapegoat. I feel threatened and frankly a little intimidated. My daughter is a fourth generation Rochelle park resident , I shouldn't have to fear for her wellbeing and safety because of a government elected official. This seems like an act of political retribution/retaliation. Please rectify this situation immediately. Thank you for your time.
