We are so excited to have the opportunity to fold Jill's "Love A Foster" program into the MCSPCA, and look forward to utilizing her very strong brand to attract more fosters, more money and more love for our many dogs and kittens in need. Jill has outlined a plan to save even more dogs who need medical and behavior foster homes, and judging from the beautiful moms and babies we've seen here this week, is already succeeding in her new role!

It gives me SUCH pleasure to congratulate Celina in *her* new role. I have had the distinct pleasure to benefit in Development from her intelligence, positive attitude and incredible work ethic. While succeeding mightily in all of her duties in Development, she also took on volunteer management with Jeff and gave her own time to teaching dog walking classes, fostering kittens, dozens of squirrels and even one small mouse. With her start in customer service, her extensive experience in Development and the solid ties with other departments she has forged between these two positions and her volunteered time, Celinsa is uniquely suited to move into the job of Canine Adoption Manager. She is a mature, critical thinker with great people and animal skills- a sure win for the dogs on our floor!

Congratulations to the Adoptions Floor- you are gaining something **big** (as small as she is)!
Expect great things! (and to see her Development pals back there... a LOT)

Congratulations, ladies!

Barbara
