(2-3 cats M,T,W, no cats Th)

Victoria:

Aberdeen – Start at #26

1. 1116 NJ-34, Bank of America

2. 15 Deerfield Ln

*** Kristin Butfiloski, OK to leave her a trap if she wants but have to take the trap back Wednesday. If she wants you to put a trap in the neighbors yard that's OK just let me know.

3. 389 W. Prospect Ave

Terry Petner, 732 687 5845 . Terry is willing to take some of the Aberdeen cats into his existing colony. He has a few remaining that need TNR & said to put a trap near his back patio and possibly the front porch. Have him sign a colony caretaker form and give him info sheets.

Also, in Aberdeen... if any of the residents ask you about BOA (Kristin at 15 Deerfield Ln already called about it once) just tell them we're trapping and relocating the cats, no cats are being euthanized. If they start asking you specifics about exactly where the cats or going or why they weren't informed any cats were trapped there last week, just redirect them to the TNR line and I'll call them back.
