Ross, I hope all is well!!

I wanted to reach out to you about the cat trapping you are doing in Aberdeen and also to see if at all possible you are free tomorrow night to be at our council meeting at 7:30 pm to give an update. Please get back to me when you can.

Thanks,

Bryan

Hey Brian,

Well we started trapping the cats but unfortunately someone stole all our traps. Of course I notified Aberdeen Police to help us figure out who took them..

Unfortunately I have a county event tomorrow night at 6 PM. So I will not be able to make it but I can send someone else if you would like.

Wow unreal. No problem that you cannot attend but if you can have someone else take your place and give a status update and procedures again we would greatly appreciate it.

Thanks Bryan.

Can you guys appear before the town council meeting in Aberdeen tomorrow night at 7:30. They want an update on the trapping.

Let's talk tomorrow a bit more about this.

Chief.

Ross just a follow up to the trapping of feral cats at the Bank of America area on Route 34. This isn't a traditional TNR program I was told that the cats are being trapped and sent to a farms? They are not being killed as I have residents saying they are? If I remember from our discussion when I was with Neptune City you went over that MCSPC is a non-kill.

Thank you,

Bryan

Bryan,

We have a very comprehensive Back Yard Buddy Program. We will relocate the cats. We may not be able to relocate them all to the same place but nonetheless we will find them homes. I have already found a home for two of them. I truly don't think there are more than 10 or so living back there.
