We have testing site for over six months with a private vendor. We can't find vendors for vaccine. I am not sure if Ocean Health is for profit or non profit. How are they able to get vaccine?

I am looking do same in Old Bridge. The state and county is in way and will not provide vaccine.

So far we have worked with a few different vendors. Insta-Doc is a local "doc in the box" vendor who has been fantastic working with the Township providing testing for staff whenever needed. We even partnered to do a 'drive-thru' testing site with them when COVID first started. They have had trouble getting a supply of the vaccine, but we think they are holding out for the J&J to be released. Aside from that we have worked with Ocean Health Initiatives (our Mayor is the CEO) and also Chem-Med. Basically we have provided space for them to do a vaccine site (approx. 200/day) with limited support from OEM volunteers.

Subject: Select Plus Agreement Price Level Adjustment - Agreement Number 4735523 {~972777520065847771~}

2021-03-03

NJ Division of Purchase and Property
United States

Dear Customers,

Microsoft® Select Plus Agreement 4735523 Price Level Adjustment

- Lead Affiliate PCN: B6B29B58
- Agreement Number: 4735523
- Additional Affiliate PCN: 946BFFC6

We recently reminded you that we would be carrying out an Annual Price Level Review on 2021-03-01 to ensure actual software licenses acquired in each product pool under your Microsoft® Select Plus Agreement continue to fairly reflect the price levels established for the past period of your Agreement.

This letter provides you with details of the price level changes that take effect for your product pools on 2021-03-31*. In order to help you understand the price level changes that will take place, the table on the following page outlines both the original and revised price levels for each of the product pools under your Agreement. Note if you have made enough purchases to qualify for an additional discount we will adjust the price level immediately as a result you do not need to wait for the annual price level adjustment.

As you probably are aware, this information is also available on the Microsoft Volume Licensing Service Center (VLSC) web site <https://www.microsoft.com/licensing/servicecenter/> which you are hopefully using already to manage and track your Microsoft Volume Licensing Agreement(s).

Annual Price Level Review

Your annual review took place on 2021-03-01 and based on your license acquisitions until that date, your price levels will be adjusted accordingly to one of the following scenarios listed below:

Scenario	How will this affect you?
1) The number of licenses you have acquired falls within the range for the current price level	Your price level remains the same and you will receive no further notifications from us for this anniversary.
2) The number of licenses you have acquired falls below the minimum threshold for the current price level	You are assigned a new price level corresponding to your lower purchase volumes (e.g., price level C changes to price level B). You can still benefit from discounts on future software acquisitions of Microsoft licenses; however these may not be as substantial as previous discounts.
3) Your actual acquisitions fall below the required minimum threshold for this Agreement (level A)	You are no longer eligible to place orders for the pool. You must make a single purchase of 500 points or more to reactivate the purchasing capability for the pool.

Note if you have made enough purchases to qualify for an additional discount we will adjust the price level immediately as a result you do not need to wait for the agreement anniversary.

Details of your license acquisitions to date and your New Price Level(s)

The table below summarizes the **total** number of Select Plus licenses (in units) ordered as of 2021-02-28, by all Affiliates under the Agreement. It also shows your current price level and the adjustment that we will make to your price level 2021-03-31 in the event that you do not make any changes to your licenses between now and your Agreement anniversary check date of 2021-03-01.

Product Pool	Price Level as of Annual Purchase Review	Min. units for Price Level	Units Achieved (including Roll-over points)	New Variable Level Effective as of 2021-03-31
Applications Pool	D	500	2197	D
Servers Pool	D	500	19373	D
Systems Pool	D	500	3282	D

If you have any questions regarding the annual price level review process or the details provided in the above table, please contact your Channel Partner who will work with Microsoft on your behalf to resolve any queries you may have.

We hope you continue to get the most out of Microsoft software and the Select Plus Agreement.

Thank you for doing business with us through Select Plus.

Thank You,

Microsoft Volume Licensing Services Team

**This review process applies to pools that are not linked to an active Enterprise or Campus and School Enrollment.*

Hi Himanshu,

We have a walk-in medical center that is trying to make a 100k+ payment to the Borough per this new law (Hospital Property Tax Subsidy Law) that was signed in late February. I attached the summary of the law we have received.

The Law basically states that Hospitals/Satellite Emergency Care Facilities must make an annual contribution to the municipality that will increase by 2% each year payable each quarter. Jen is wondering how to handle the collection of these fees since the property is considered exempt. We were wondering if you have encountered this yet in Old Bridge and if so, how it was handled.

On Mar 5, 2021, at 2:08 PM, Tax Assessor <taxassessor@ptboro.com> wrote:

The amount is set by the provisions of the new law. The facility is assessed at 3,681,200. If it were taxable, the Boro would have received \$76,789.83 based on the 2020 tax rate. The \$300 per day rate will bring in \$109,500 to the Boro with 5% of that figure being forwarded to the County. We are making out quite well. I'm assuming this will be challenged by several of the facilities but at this point it appears we are supposed to impose it.

Subject: RE: Phoenix Advisors' Invoice

Good Morning Himanshu,

Due to the increased time and effort by our disclosure group to monitor, collect, assemble, file and record information on any financial obligation the Borough now undertakes as a result of the amendment to Rule 15c2-12, effective February 27, 2019, the modest fee increase to the event filings was necessary to maintain the same level of service your Borough has come to expect. We understand budgets are tight and this is the primary reason we have held our base fee flat. However, due to the increased time and scope of work required by our office under the Rule, this modest fee increase was necessary.

Thanks,

Matt

Pursuant to the Federal Register and US Department of Labor, these are the conditions for which an employee would qualify for paid time off thru FFCRA:

These qualifying reasons are: (1) Being subject to a Federal, state, or local quarantine or isolation order related to COVID-19; (2) being advised by a health care provider to self-quarantine due to COVID-19 concerns; (3) experiencing COVID-19 symptoms and seeking a medical diagnosis; (4) caring for another individual who is either subject to a Federal, state, or local quarantine or isolation order related to COVID-19 or who has been advised by a health care provider to self-quarantine due to COVID-19 concerns; (5) caring for the employee's son or daughter whose school, place of care, or child care provider is closed or unavailable due to COVID-19 related reasons; and (6) experiencing any other substantially similar condition as specified by the Secretary of Health and Human Services (HHS).

An adverse reaction to a vaccine doesn't seem to fit into the qualifying categories based upon my interpretation.

I concur with the others...sick leave.

There is old vaccine related coverage law

34:15-31.6. Refers to small pox vaccine.

It is what PBA using for claiming that they should be paid under WC.

Anyone else know about it?

On Mar 10, 2021, at 5:02 PM, Codey, Ray <codeyr@rosenet.org> wrote:

Here's a good summary of the American Rescue Plan legislation. Ray Codey, Madison

Direct Cash Payments:

- **\$1400 in direct payments** to individuals making less than \$75,000 and couples making less than \$150,000. Adult dependents, citizen spouses, and children living in mixed-status families are also eligible.

Unemployment Insurance:

- **Extension of current unemployment insurance benefits** to September 6, 2021 with the first \$10,200 worth of benefits being tax-free for individuals earning up to \$150,000.

State and Local Government Funding:

- **\$360 billion** in state and local aid to help keep essential workers on the job, assist struggling families and small businesses, and make critical investments in infrastructure.

- **\$6.4 billion** for the State of New Jersey, plus another \$192 million to expand broadband internet across the state.
- An additional **\$1.8 billion** will be split among the 21 county governments and **\$1.7 billion** divided among all 565 cities and municipalities.

Vaccines/Testing:

- **\$14 billion** for vaccines and an additional **\$7.6 billion** to hire 100,000 public health workers to administer vaccines and support the pandemic response.
- **\$49 billion** for contact tracing, testing, genomic sequencing to track new variants, and monitoring of COVID-19.

Tax Credits:

- Includes an expanded **Child Tax Credit (CTC)**, an initiative co-led by Sen. Booker. This single measure will lift 10 million children out of poverty, including an estimated 89,000 in New Jersey, 2.3 million Black children, 4.1 million Latino children.
 - Expands the CTC to \$3,600 for each child under six and \$3,000 for children under 18, which will benefit an additional 560,000 children in New Jersey
 - CTC is fully refundable for low-income parents.
 - Families can receive credit as monthly payments instead of annual lump sum at the end of the tax year.
- **Largest expansion of the Earned Income Tax Credit (EITC)** for workers without children in over a decade
 - Nearly triples the maximum credit and extends eligibility to 17 million more low-income workers under 25 without children.
 - Minimum age to claim childless credit dropped to 19 from 25; upper age limit eliminated.
 - Would put more money in the pockets of 354,000 New Jersey workers struggling to get by.
- Includes Student Loan Tax Relief Act that makes all forgiven student loan debt tax-free.

Small Business Assistance:

- **\$25 billion** in targeted assistance to hard-hit restaurants and eateries, modeled after the RESTAURANTS Act supported by Senator Booker.

- **\$7.25 billion** for the Paycheck Protection Program; **\$15 billion** for the Economic Injury Disaster Loan advance grants, **\$10 billion** for the state Small Business Credit Initiative, and **\$1.25 billion** for closed concert and state venues.
- **Extension of the Employee Retention Tax Credit** through the end of 2021 to provide up to a \$14,000 payroll tax credit per employee.

Schools and Child Care:

- **\$128.55 billion** to reopen K-12 schools, upgrade ventilation systems, reduce class size, implement social distancing, purchase personal protective equipment (PPE), hire more staff and avoid teacher layoffs, including **\$2.75 billion** for non-public schools.
- **\$39.58 billion** for higher education, requiring colleges to use at least half the money they receive to provide emergency financial aid for students
- **\$7.172 billion** to help provide internet connectivity and devices to students so they can participate in online learning
- **\$24 billion** for an emergency stabilization fund to help child care providers to pay staff, rent, purchase PPE and supplies; **\$15 billion** for the Child Care and Development Block Grant program to help child care providers provide financial relief for families help struggling to pay the cost
- **Expands the Child and Dependent Care Tax Credit** so that working families can receive up to \$4,000 for the child care expenses of one child and \$8,000 for two or more kids.

Housing:

- **\$21.5 billion** for rental assistance, and over **\$400 million** for New Jersey.
- **\$10 billion** in mortgage assistance.
- **\$5 billion** for emergency Housing Choice Vouchers and **\$5 billion** for homelessness funding.
- **\$4.5 billion** for the Low-Income Home Energy Assistance Program, with **\$500 million** to help low-income families pay water bills.
- **\$20 million** to support HUD fair housing initiatives and **\$100 million** for Neighborworks to support housing counseling services.

Health Care:

- Includes a provision based on Sen. Booker's MOMMIES Act that extends Medicaid coverage for women for 12 month postpartum for five years.

- Includes a provision based on Sen. Booker's Quality Care for Nursing Home Residents and Workers During COVID-19 Act that provides **\$500 million** for strike teams in skilled nursing facilities.
- **Includes a key provision that creates parity in Medicare payments** for hospitals in so-called "all-urban" states, unlocking millions in federal funding for New Jersey hospitals on the frontlines of the pandemic.
- **\$150 million** for the Maternal, Infant, and Early Childhood Home Visiting Program to provide staffing, services and supplies for in-home or virtual visits.
- **\$7.6 billion** for Community Health Centers (CHCs); **\$200 million** for infection control in skilled nursing facilities; over **\$3.5 billion** for behavioral and mental health services; nearly **\$10 billion** in additional support for Medicaid Home and Community Based Services.
- **\$10 billion** in Defense Production Act (DPA) spending to meet the need for medical supplies and PPE.
- **\$35 billion** to make the Affordable Care Act (ACA) plan premiums more affordable; **\$50 million** for the Title X program; **\$100 million** in environmental justice grants to address health outcome disparities from pollution and COVID-19.
- **100% COBRA premium assistance** for laid-off workers on employer plans through September; **100% Medicaid coverage for COVID-19 vaccines and treatments** with zero cost to patients and fully covers vaccines for one year after the COVID-19 public health emergency ends.

Transportation & Veterans:

- **\$30.5 billion** for transit agencies, including **\$1.5 billion** for the Capital Investment Grant (CIG) program that is funding replacement of the Portal Bridge.
- **\$1.7 billion** for Amtrak, including **\$970 million** for the Northeast Corridor (NEC); **\$8 billion** to support airport operations; **\$15 billion** to support airline industry workers.
- **\$14.8 billion** for Veterans Affairs (VA) health care; **\$750 million** for state veterans homes; **\$386 million** for rapid retraining of unemployed veterans.
- **\$272 million** for VA claims and appeals processing; **\$100 million** for VA supply chain modernization efforts; **\$10 million** for the VA Office of Inspector General to provide oversight; **\$1 billion** to cover waiver of VA co-pays for treatment provided to eligible veterans

Miscellaneous

- **\$30.4 million** to help the Federal Trade Commission crack down on COVID-related scams.
- Includes the Emergency Relief for Farmers of Color Act, led by Sen. Booker, that provides more than **\$5 billion** in debt relief and assistance for farmers of color who have faced widespread and longstanding discrimination and have seen disproportionate impacts from the pandemic.

- **\$1400 in direct payments** to individuals making less than \$75,000 and couples making less than \$150,000. Adult dependents, citizen spouses, and children living in mixed-status families are also eligible.

Unemployment Insurance:

- **Extension of current unemployment insurance benefits** to September 6, 2021 with the first \$10,200 worth of benefits being tax-free for individuals earning up to \$150,000.

State and Local Government Funding:

- **\$360 billion** in state and local aid to help keep essential workers on the job, assist struggling families and small businesses, and make critical investments in infrastructure.
- **\$6.4 billion** for the State of New Jersey, plus another \$192 million to expand broadband internet across the state.
- An additional **\$1.8 billion** will be split among the 21 county governments and **\$1.7 billion** divided among all 565 cities and municipalities.

Vaccines/Testing:

- **\$14 billion** for vaccines and an additional **\$7.6 billion** to hire 100,000 public health workers to administer vaccines and support the pandemic response.
- **\$49 billion** for contact tracing, testing, genomic sequencing to track new variants, and monitoring of COVID-19.

Tax Credits:

- Includes an expanded **Child Tax Credit (CTC)**, an initiative co-led by Sen. Booker. This single measure will lift 10 million children out of poverty, including an estimated 89,000 in New Jersey, 2.3 million Black children, 4.1 million Latino children.
 - Expands the CTC to \$3,600 for each child under six and \$3,000 for children under 18, which will benefit an additional 560,000 children in New Jersey
 - CTC is fully refundable for low-income parents.

- Families can receive credit as monthly payments instead of annual lump sum at the end of the tax year.
- **Largest expansion of the Earned Income Tax Credit (EITC) for workers without children in over a decade**
 - Nearly triples the maximum credit and extends eligibility to 17 million more low-income workers under 25 without children.
 - Minimum age to claim childless credit dropped to 19 from 25; upper age limit eliminated.
 - Would put more money in the pockets of 354,000 New Jersey workers struggling to get by.
- Includes Student Loan Tax Relief Act that makes all forgiven student loan debt tax-free.

Small Business Assistance:

- **\$25 billion** in targeted assistance to hard-hit restaurants and eateries, modeled after the **RESTAURANTS Act supported by Senator Booker**.
- **\$7.25 billion** for the Paycheck Protection Program; **\$15 billion** for the Economic Injury Disaster Loan advance grants, **\$10 billion** for the state Small Business Credit Initiative, and **\$1.25 billion** for closed concert and state venues.
- **Extension of the Employee Retention Tax Credit** through the end of 2021 to provide up to a \$14,000 payroll tax credit per employee.

Schools and Child Care:

- **\$128.55 billion** to reopen K-12 schools, upgrade ventilation systems, reduce class size, implement social distancing, purchase personal protective equipment (PPE), hire more staff and avoid teacher layoffs, including **\$2.75 billion** for non-public schools.
- **\$39.58 billion** for higher education, requiring colleges to use at least half the money they receive to provide emergency financial aid for students
- **\$7.172 billion** to help provide internet connectivity and devices to students so they can participate in online learning
- **\$24 billion** for an emergency stabilization fund to help child care providers to pay staff, rent, purchase PPE and supplies; **\$15 billion** for the Child Care and Development Block Grant program to help child care providers provide financial relief for families help struggling to pay the cost

- **Expands the Child and Dependent Care Tax Credit** so that working families can receive up to \$4,000 for the child care expenses of one child and \$8,000 for two or more kids.

Housing:

- **\$21.5 billion** for rental assistance, and over **\$400 million** for New Jersey.
- **\$10 billion** in mortgage assistance.
- **\$5 billion** for emergency Housing Choice Vouchers and **\$5 billion** for homelessness funding.
- **\$4.5 billion** for the Low-Income Home Energy Assistance Program, with **\$500 million** to help low-income families pay water bills.
- **\$20 million** to support HUD fair housing initiatives and **\$100 million** for Neighborworks to support housing counseling services.

Health Care:

- Includes a provision based on Sen. Booker's MOMMIES Act that extends Medicaid coverage for women for 12 month postpartum for five years.
- Includes a provision based on Sen. Booker's Quality Care for Nursing Home Residents and Workers During COVID-19 Act that provides **\$500 million** for strike teams in skilled nursing facilities.
- **Includes a key provision that creates parity in Medicare payments** for hospitals in so-called "all-urban" states, unlocking millions in federal funding for New Jersey hospitals on the frontlines of the pandemic.
- **\$150 million** for the Maternal, Infant, and Early Childhood Home Visiting Program to provide staffing, services and supplies for in-home or virtual visits.
- **\$7.6 billion** for Community Health Centers (CHCs); **\$200 million** for infection control in skilled nursing facilities; over **\$3.5 billion** for behavioral and mental health services; nearly **\$10 billion** in additional support for Medicaid Home and Community Based Services.
- **\$10 billion** in Defense Production Act (DPA) spending to meet the need for medical supplies and PPE.
- **\$35 billion** to make the Affordable Care Act (ACA) plan premiums more affordable; **\$50 million** for the Title X program; **\$100 million** in environmental justice grants to address health outcome disparities from pollution and COVID-19.

- **100% COBRA premium assistance** for laid-off workers on employer plans through September; **100% Medicaid coverage for COVID-19 vaccines and treatments** with zero cost to patients and fully covers vaccines for one year after the COVID-19 public health emergency ends.

Transportation & Veterans:

- **\$30.5 billion** for transit agencies, including **\$1.5 billion** for the Capital Investment Grant (CIG) program that is funding replacement of the Portal Bridge.
- **\$1.7 billion** for Amtrak, including **\$970 million** for the Northeast Corridor (NEC); **\$8 billion** to support airport operations; **\$15 billion** to support airline industry workers.
- **\$14.8 billion** for Veterans Affairs (VA) health care; **\$750 million** for state veterans homes; **\$386 million** for rapid retraining of unemployed veterans.
- **\$272 million** for VA claims and appeals processing; **\$100 million** for VA supply chain modernization efforts; **\$10 million** for the VA Office of Inspector General to provide oversight; **\$1 billion** to cover waiver of VA co-pays for treatment provided to eligible veterans

Miscellaneous

- **\$30.4 million** to help the Federal Trade Commission crack down on COVID-related scams.
- Includes the **Emergency Relief for Farmers of Color Act**, led by Sen. Booker, that provides more than **\$5 billion** in debt relief and assistance for farmers of color who have faced widespread and longstanding discrimination and have seen disproportionate impacts from the pandemic.

I don't see it half for most town.

We are 3rd largest town in MS county yet we got half or third of the two highest and same from urban town. Who decided the number to town and how is what I am trying to understand.

Stephen,

Foveonics did all of our document scanning in Bergenfield. They are also retaining all of our cloud storage. Most important, they were very experienced when it came to the record retention/destruction process with the State. It went very well. My contact is below.

Any questions, let me know.

Good luck.

Regards,

Corey

Greetings Colleagues,

Do any of you have experience with a document scanning service you've used for your archives that you are happy with? Can you share their name and contact?

Thanks,

Tina:

Are we able to amend budget and anticipate the ARP to pay for FEMA debt amortization in 2021 budget.

I am not sure what restrictions are to use the ARP as very limited information out there. We want to amend budget next week if we can.

Thanks

We will amend to just include about \$250k from ARP. We will hold off balance for capital plan.
