Good Afternoon Everyone,

The A4F has been signed for all 4 municipalities by the county office and delivered to Bill at 1144 Hooper Avenue.

He is working with the municipal clerks to get the form signed and he will get a copy back to the county office as soon as he gets the signatures.

Thank you,

Tina

Subject: Short Survey on Chronic Absenteeism

Good afternoon,

The New Jersey Department of Education (NJDOE) recognizes the importance of regular attendance as a crucial step toward bolstering student achievement. Our research-based understanding shows that a positive school climate and culture can significantly help prevent chronic absenteeism and foster regular student attendance.

When students feel safe, supported, and engaged, they are more likely to attend school consistently.

As part of our commitment to addressing chronic absenteeism, the Office of Fiscal and Data Services (OFDS) is conducting a survey of school principals and building leaders.

The goal is to better understand your beliefs about the most significant causes of student chronic absenteeism. The survey should take less than five minutes. You can find the link here: **Leading Causes of Chronic Absenteeism in Your School Building.**

Your insights and feedback are invaluable to us as we work together to improve student attendance and achievement.

If you have any questions, please reach out to OFDS@doe.nj.gov.

Thank you for your time and dedication to this important initiative.

Best regards,

Kate

Good afternoon,

Your district was required to budget and provide activities related to Comprehensive Coordinated Early Intervening Services (CCEIS) in FY23 (school year 2022-2023). Your district did not expend the full amount required for CCEIS in FY23, therefore the balance (\$35,700) has carried over into FY24. Please submit an Amendment to your district's FY24 IDEA Application in order to update your CEIS plan and budget the carryover funds. It appears your district has submitted an amendment to budget its total carryover of \$177,353; however, \$35,700 should have been budgeted for CEIS since this amount was required for CEIS in the prior year.

Your reviewer will return your application, so that required CEIS may be properly budgeted.

Please remember this amount is required to be expended for CEIS and must be expended by September 30, 2024, to be in compliance with 34 CFR §300.646(d) of the IDEA.

Good morning,

In accordance with the Individuals with Disabilities Education Act (IDEA 2004), each state is required to report annually to the public on the evaluation of each local education agency (LEA) aligned to the State Performance Plan (SPP) and Annual Performance Report (APR). These Local Special Education Profiles (profiles) provide educators and families with information on the outcomes of students with disabilities. In addition, states are required to make annual determinations regarding the performance of each LEA.

The Local Profiles and determinations will be publicly available on the Department's **website** at 9am on May 31, 2024. If you attempt to access the profiles before 9am on Friday, you will receive an error message.

The attached letter from the Office of Special Education (OSE) provides information on the local profiles and determinations. Please contact the OSE at OSEinfo@doe.nj.gov with any questions.

Hello,

I sent out the invites for the April 17 LEA Director meeting but know my email list does not include everyone. Please forward this email to your LEA Directors of Special Education when you get a moment. Thanks.

Happy Wednesday! I hope you are all having a great week. Our next meeting is scheduled for Wednesday, April 17 at 9:00. Please use the link below to join. I don't believe my distribution list is inclusive of all special education directors and I want to make sure anyone who wants to join has the link. Please feel free to share this

Please feel free to share this information with your colleagues.

If you have a moment, please scroll down to the bottom of my email, click the link and take a few minutes to explore the gallery of submissions for our Autism Acceptance Art Expo. It's amazing! Thanks to everyone who helped students submit artwork.

Please note I completed an amendment to include carry over funds of 35,700. Under CCEIS/CEIS Upon submitting the amendment for the consistency check it was stated that the budgeted CEIS amount must be equal to the allowable maximum amount entered on the Coordinated Early Intervening Service tab.. Please provide guidance on how to clear the error... Thanks ,

Good afternoon,

Your district was required to budget and provide activities related to Comprehensive Coordinated Early Intervening Services (CCEIS) in FY23 (school year 2022-2023). Your district did not expend the full amount required for CCEIS in FY23, therefore the balance (\$35,700) has carried over into FY24. Please submit an Amendment to your district's FY24 IDEA Application in order to update your CEIS plan and budget the carryover funds. It appears your district has submitted an amendment to budget its total carryover of \$177,353; however, \$35,700 should have been budgeted for CEIS since this amount was required for CEIS in the prior year.

Your reviewer will return your application, so that required CEIS may be properly budgeted.

Please remember this amount is required to be expended for CEIS and must be expended by September 30, 2024, to be in compliance with 34 CFR §300.646(d) of the IDEA.

The determination of homeless status follows the parent. In this matter, the parent/family became homeless from Toms River, NJ. Currently the family has been placed in Tinton Falls and has been designated as homeless.

When returning from Florida and reuniting with his mother/family the student in question is considered homeless. The parents' homeless status indicates a district of origin of Toms River. The Toms River School District shall be responsible for the homeless students of this family until the family is permanently housed or is domiciled in one homeless community for a consecutive 365 days.

It is important to note that the parent did not leave New Jersey and was designated as homeless from the Township of Toms River.
