Good Afternoon Mayor,

Officer Michael Verwey (our department Less Lethal Multi-Launcher Weapon Instructor) has requested the purchase of \$2130 worth of protective gear to be utilized as part of our department's semi-annual Less Lethal Weapon Qualification which is coming up in the near future. This includes helmets, throat collars, groin protectors and some marking cartridges.

Please let me know if this is approved.

Thank you and have a nice week.

Tim,

Loretta handled this phone call and resolved the issue with Mr. Smith. No need to contact him regarding this issue.

Thanks
