Sunny,

We have completed our BWC research and storage solutions and are ready to move forward with our grant application. Clearly our final decisions will be based upon the funding we are awarded. It is my desire to implement this program with no impact to the local taxpayer during its first year.

I have attached the final draft of the application, which I am hoping to submit late tomorrow afternoon. Would you please give the application a quick read through and let me know if it looks good to go? The form of the application differs greatly from what we are used to dealing with.

Thanks in advance,

Dean Ackermann
