Good morning Senator,

Firstly, I'm glad to hear your father is on the mend. My best wishes to him.

I had to reschedule a meeting with DEP rep, but it was not just about TFH/NYLABONE (at least he didn't know it was).

I'm away right now, but will be back on Monday. I appreciate any help you can bring.

Sincerely,

Andrew Wardell
Mayor, Borough of Neptune City

Good morning Senator,

I hope all is well and you are enjoying your summer. I imagine the campaign season is really starting to gear up. I was hoping you could help me with an issue we are dealing with here in town for quite some time. We have a factory in town (Nylabone) who produces dog treats such as synthetic bones. They have been here for a long while now and have created quite the nuisance for some of our residents. I am not asking for your immediate involvement, but I was hoping that you could see to it that the letter attached finds its way to the appropriate authorities. I have previously sent this letter on two separate occasions without any response. My hope is that you could see to it that it is at least addressed and could respond to me in writing. I am not sure they can even oblige me with the request I sent, but I would like to have a response either way.

Thank you for your time and consideration. Enjoy the rest of your summer.

Subject: Dead Fish Issue
Date: Wednesday, May 5, 2021 2:09:33 AM

Good Morning:

I am working to try to see if we can secure a vendor to help clean up all the dead fish in some of our Monmouth waters.

If your town has a dead fish issue and you would like to potentially partner in a cleanup effort (I am working to get the state to reimburse the towns for cleanup) please e-mail me ASAP so we can setup a call for Monmouth towns interested.

The County has also been great in potentially allowing us to use equipment.

Thanks,

Vin Gopal

Subject: Alarming Number of Dead Fish in Local Waters
Date: Friday, April 16, 2021 2:18:49 PM

Good Afternoon and Hope this email finds you well.

At the request of some of our towns, we will be setting up a call on April 19th at 4pm with DEP Assistant Commissioner for Natural and Historic Resources Ray Bukowski along with other folks at DEP to give an overview and answer questions regarding the dead fish which are washing up on our waters.

This invite is open to Mayors, Council Presidents and Business Administrators but if you would like to invite someone on your team to attend who is handling this issue for you locally, please just let us know.

Please confirm RSVP on who is attending and Dyese will send out zoom info Monday.

Thanks so much and have a good weekend

To: Vin Gopal <vin@vingopal.com>, Senator Vin Gopal & Assembly Members Eric Houghtaling and Joann Downey <info@senatorgopal.com>

Good afternoon Senator Gopal, Assemblywoman Downey, and Assemblyman Houghtaling,

I hope this email finds you well. I miss seeing everyone outside of my monitor.

I wanted to make you all aware that I sent a letter to both the Department of Environmental Protection as well as Department Health to ask them if they would be willing in assisting the Borough as it pertains to the concerns of our residents. As you may or may not be aware Nylabone, a company that makes dog toys, treats, and chews, is located centrally in town. A few years back they expanded upon their facility to consolidate their manufacturing and office into one location. For several years now there are times that the odor emanating from the building has been deemed offensive to some residents. However, those concerns have grown into the fear of potential health concerns the fumes/odors could have. As of now we have no evidence to suspect there is anything of potential harm, but we were hoping that the state agents could hold an information forum as to the knowledge they have about prior inspections.

I have attached the letter as it was mailed. My hopes are you could help guide me or the letters to proper parties. If you have any questions please feel free to either email me here or call me @ 732-221-8567

Thank you,

Good afternoon Senator Gopal, Assemblywoman Downey, and Assemblyman Houghtaling,

I hope this email finds you well. I miss seeing everyone outside of my monitor.

I wanted to make you all aware that I sent a letter to both the Department of Environmental Protection as well as Department Health to ask them if they would be willing in assisting the Borough as it pertains to the concerns of our residents. As you may or may not be aware Nylabone, a company that makes dog toys, treats, and chews, is located centrally in town. A few years back they expanded upon their facility to consolidate their manufacturing and office into one location. For several years now there are times that the odor emanating from the building has been deemed offensive to some residents. However, those concerns have grown into the fear of potential health concerns the fumes/odors could have. As of now we have no evidence to suspect there is anything of potential harm, but we were hoping that the state agents could hold an information forum as to the knowledge they have about prior inspections.

I have attached the letter as it was mailed. My hopes are you could help guide me or the letters to proper parties. If you have any questions please feel free to either email me here or call me @ 732-221-8567

Thank you,

--

Andrew C. Wardell
Mayor, Borough of Neptune City

Thank you Senator. I am meeting with both the Chief School Administrator and Board President this week. I have also reached out to the NCEA but still waiting on a reply.

I learned after securing the meeting with the BOE President and CSA that Mr. Calhoun had also inquired a meeting with them and you. Although I may at some point been informed by Mr. Calhoun it would've been the courteous thing to inform the Mayor before scheduling a meeting. The parties involved assumed I was aware, and were surprised I had not heard from him. I am willing to accept any help we can get for our kids.

Mayor - Yes Council President Calhoun reached out to me a couple days back to setup a meeting. I told him of course and I am sure he would welcome including you. He is copied to help loop you in on date/time.

There are a number of positive options the BOE can and should take to gain funding despite their enrollment loss and I am happy to review with them and you and Councilman Calhoun.

Stay Safe

Vin

Good morning Senator,

I would like to ask if you would be willing to meet with me, our Chief School Administrator, and members of our Board of Education to discuss our steps to help our already hurting school district avoid further serious cuts to their aid. I understand you have a busy schedule and we would only ask for a few minutes of your time. If you could check your schedule and get back to me I would really appreciate it.

Sincerely,

--

Good Afternoon:

We will be hosting a zoom on Friday at 11:30am with major state departments (DCA, DOT, DOH, DOL, MVC etc.) Please bring questions and they will do the best to answer them.

To keep the meeting small, this is only for towns in the 11th District. Each town is permitted up to 2 representatives from their municipality. Please reply all to Dyese with your 2 representatives' names and email. If you texted me or emailed me separately also, if you don't mind resending it here so Dyese has it.

In partnership,

Vin Gopal
