FREE Virtual Substance Use Prevention Training Series

RWJBarnabas Health Institute for Prevention and Recovery (IFPR) and the DART Prevention Coalition of Ocean County are offering a **FREE** virtual substance use prevention training series for Ocean County professionals funded by the Ocean County Health Department. Topics include self-care, drug trends, prevention science, vaping, opioids and pain management, data, grant writing, gambling, and social media and youth.

Participants who attend the **live** webinar sessions will receive **2 CEUs per webinar** from the New Jersey Department of Education and The Certification Board.

Explore & Restore: Self-Care Strategies for Professionals

Tuesday, May 17
10 am to 12 pm

Presented by:

Ruth Palacio, MS, CASAC, Clinical Health Educator, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

The key to helping and supporting others lies in exploring and practicing self-care approaches for balance and sustainability. Many professionals often experience stressful challenges with work and home life, making the practice of self-care essential for overall wellbeing. This virtual training offers an opportunity to explore new perspectives on the effects stress has on the mind, body, and spirit. Participants will have an opportunity to develop a self-care plan with evidenced-based tools to reconnect and restore balance within oneself.

Adverse Outcomes: The Impact of COVID on Current Drug Trends

Thursday, May 19
10 am to 12 pm

Presented by:

Michael Capko, Senior Manager, IFPR
Nicholas Beam, DROP Program Manager, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

This training will discuss how the current COVID-19 pandemic exacerbated risk factors surrounding substance use, leading to adverse outcomes among high-risk populations for substance use disorder (SUD). In addition to social and economic changes caused by the pandemic, along with the inconveniences regarding treatment access and adherence, can aggravate SUD, we will review latest drug trend data among the youth and adult populations. Participants will learn the damaging effects these drugs have, methods for identification and how our culture is driving their popularity.

A Recipe for Disaster Prevention: The Ingredients in Prevention Science

Tuesday, May 24
10 am to 12 pm

Presented by:

SFC James Kube, National Guard
SSG Christopher Petrizzo, National Guard
Roberta Rapisardi, M.S.Ed., Senior Manager, IFPR
Amy Piacente-Desch, DART Manager, IFPR

This presentation will provide an overview of Prevention Science as an approach to improve community outcomes for children, youth, and adults. This multidisciplinary approach utilizes evidence-based strategies to enhance protective factors and reduce risk factors to improve the health and wellbeing of individuals, families, and communities. We will share best practices used in assessments and lessons learned to determine and identify the needs of the community as well as the gaps in current services. Attendees will learn strategies to address substance use at the community level through Prevention Science.

Vaping: What You Need to Know to Help Your Teens

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP

Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick

Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

Pain Management – Alternative to Opioid Prescribing

Tuesday, June 14

2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C

Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center

Andrew Vassallo, Pharm.D., BCPS, BCCCP

Critical Care Pharmacy Specialist

Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16

10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR

Reyna Maybloom, Evaluation Manager, IFPR

Michael Capko, Senior Manager, IFPR

Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

Strengthening Families Program (SFP) Virtual 2-Day Group Leader Certification Training

Strengthening Families Program

Thursday, April 7 and Friday, April 8

9:30 a.m. to 3:30 p.m. on Zoom

Program fee: \$425

The Strengthening Families Program (SFP) is a nationally and internationally recognized, evidence-based parenting and family skills training program found to significantly reduce problem behaviors, delinquency and alcohol and drug abuse in children, and to improve social competencies and school performance.

Participants must attend both program dates to receive certification. At the conclusion of the two-day training, participants will receive a Strengthening Families Program completion certificate and 12 CEUs from the Certification Board (pending approval). Completion of the training certifies participant to deliver the 14-week program.

Upon registering, please send the **program fee of \$425 no later than 3/25/2022 via check or purchase order** to:

RWJBarnabas Health Institute for Prevention and Recovery
Attention: Nicole Leppert
442 NJ-35
Building A, 3rd Floor
Eatontown, NJ 07724

Failure to remit payment by 3/25/2022 will result in cancellation of your registration.

In addition to the program fee, each agency will need to **have or purchase one of the 2015 curriculums (SFP 3-5, SFP 6-11 or SFP 12-16) through Hopeful Helpful Training & Consulting, LLC prior to the Certification Training. Each age specific curriculum costs \$450 plus \$25 shipping. Information on how to purchase the curriculum will be sent upon registration. All participants are required to have access to at least one of the curriculums to participate in the training.

Space is limited to 20 participants, so register today!

Hi Kim,

The whole newsletter might be of interest (if you don't get this already). These two items caught my eye:

Medical School Addiction Medicine Curriculum: Designed for Medical Students by Medical Students

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at [OpioidResponseNetwork.org](https://opioidresponse.org).

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. Virtual Meeting: ACMT National Case Conference

February 17, 2022

The **American College of Medical Toxicology**, an ORN partner organization, is hosting an online conference on February 17, 2022 at 1:00 pm ET to discuss a case of infant opioid toxidrome and details of opioid transmission into maternal breast milk. This case was detected in ToxIC NOSE, a multi-center initiative that explores novel opioid and stimulant exposure cases. Read more about the case [here](#). [Register for the conference here](#).

Social Work Chat Live: Spiro Spero

February 28, 2022

This ORN-funded activity coordinated by the **Boston Medical Center** is a viewing of a play titled "Spiro Spero." Participants will watch the streamed play from 11:30am - 12:30pm ET on YouTube and then attend a talk-back following. Spiro Spero is a one woman play written and performed by a psychiatric nurse practitioner who specializes in addiction. It explores the lives of five people impacted by substance use disorder and their experiences in treatment, in the community, and in the healthcare setting. A talk back will occur immediately following the stream. [Learn more.](#)

Virtual Training: Stimulants 101

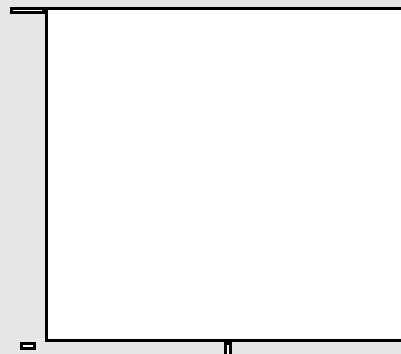

March 10, 2022

This ORN-funded training from the **Boston Medical Center** is designed to provide an overview of stimulant use disorders for all healthcare staff including providers, nurses, counselors and other non-clinical staff. The training reviews stigma, identifying stimulant overdose, managing acute stimulant intoxication, de-escalation techniques, and evidence-based treatment for people who use stimulants. Hi Pam!

I hope you doing well and staying healthy! I just wanted to reach out again in the new year regarding Hope Sheds Light's partnership with TRPD. As you probably already know, with our overdose response plan, I am monitoring the overdose activity occurring in Ocean County and the high burden municipalities. Data consistently shows that Toms River is certainly a hotspot for overdose and as we are working on similar projects, I was wondering if you would be interested in partnering?

If this is something that HSL and TRPD would be interested in, I would love to attend any upcoming meetings that you may have so we can collaborate!

Let me know when you have time.

Thank you!

Hi Heather!

Thanks so much for reaching out!

We have our next Ocean County Overdose Response Plan Sub-Committee meeting on May 4 at 9am. If you would like to share your report with me, I would be glad to share it with the group, or if you would like to provide a presentation/overview of your initiative with TRPD at the next meeting, that is fine too! Whatever you prefer. Let me know.

Good afternoon Amanda,

We are thankful to be a part of this initiative. If I remember correctly, Pam and Kim spoke about allowing our initiative with the Toms River PD to also function as a subcommittee to the larger Ocean County Overdose Response initiative. We would like to start sharing our reports with you/your committee. Please let me know the best way for us to do that.

Also if possible, can you provide me with the names and agency affiliations of the members of the committee so I can just include them in my grant report.

Thank you so much,

Subject: Ocean County Overdose Response Plan Activation Tier 2

Dear Stakeholder:

Through careful monitoring of data for the date of 4/21/2022, it has been determined, that Ocean County is experiencing a spike in overdose cases. The number of overdose cases that have occurred within the 24-hour period has put Ocean County into a Tier 2 response approach. As part of the Ocean County Opioid Response Plan, committee members will now activate a tiered response for this date in accordance with the following guidelines:

Tier 2: Partial Activation:

- Disseminate opioid educational and/or awareness information to partners
- Share Ocean County general overdose campaign messaging
 - o <https://youtu.be/x4cFTecjDJ4>
 - o <https://youtu.be/C5motTyKQnU>
- Increase presence of available resources on social media platforms
- Share information with clinical teams, as appropriate

Thank you for your continued assistance and support in preventing overdose and saving lives. Together, we can make a beneficial impact on the opioid epidemic in Ocean County.

Good afternoon everyone!

As per our last sub-committee meeting, we had discussed incorporating more positive imagery into our campaigns. However, as our previous campaigns had more sad, dramatic messaging/statistics, we are going to need new messaging to better align with the positive imagery.

I am reaching out to the sub-committee to see if any one has any ideas or suggestions for some positive messaging related to general overdose or Narcan?

Provided below are the previous campaign videos for your reference:

Dear Stakeholder:

Through careful monitoring of data for the date of 3/29/2022, it has been determined, that Ocean County is experiencing a spike in overdose cases. The number of overdose cases that have occurred within the 24-hour period has put Ocean County into a Tier 2 response approach. As part of the Ocean County Opioid Response Plan, committee members will now activate a tiered response for this date in accordance with the following guidelines:

Tier 2: Partial Activation:

- Disseminate opioid educational and/or awareness information to partners
- Share Ocean County general overdose and/or targeted campaign messaging
 - o <https://youtu.be/C5motTyKQnU>
 - o <https://youtu.be/x4cFTecjDJ4>
- Increase presence of available resources on social media platforms
- Share information with clinical teams, as appropriate

Thank you for your continued assistance and support in preventing overdose and saving lives. Together, we can make a beneficial impact on the opioid epidemic in Ocean County.

Good afternoon everyone!

Just a friendly reminder that **tomorrow March 2, 2022 at 9am is our Ocean County Overdose Response Plan Sub-Committee Meeting**. I previously sent out three questions to the group that we will discuss at tomorrow's meeting. In case anyone has forgotten, below are the three questions:

1. Since the Ocean County Overdose Response Plan has launched on November 1, how have you disseminated overdose alert information in your agency?
2. When a spike in overdose activity is reported, what strategies is your organization implementing to help reduce overdose?
3. If your organization has not implemented overdose prevention strategies since the response plan has been launched, what strategies do you believe your organization can commit to implementing when higher than usual overdose activity is occurring?

Also, here is the link for tomorrow's meeting. I hope to "see" you all tomorrow!

Subject: Update and Reminder for Next Ocean County Response Plan Sub-Committee Meeting March 2nd

Hello everyone!

I just wanted to touch base before our next meeting on March 2nd (GoToMeeting link below).

At our last meeting, we had discussed potentially re-working our tiered response to make it a bit more clear (activated vs. not activated instead of three separate tiers). For our next meeting, I think it would be really beneficial if we discussed how everyone is using the spike alert information in their respective agencies so we can determine if any changes should be made to our efforts.

For March 2, please prepare to discuss the following questions:

1. Since the Ocean County Overdose Response Plan has launched on November 1, how have you disseminated overdose alert information in your agency?
2. When a spike in overdose activity is reported, what strategies is your organization implementing to help reduce overdose?
3. If your organization has not implemented overdose prevention strategies since the response plan has been launched, what strategies do you believe your organization can commit to implementing when higher than usual overdose activity is occurring?

Please let me know if you have any questions or suggestions for improving our response efforts. Looking forward to seeing everyone in a few weeks and having this discussion.

Thanks!

Subject: Ocean County Overdose Response Plan Activation Tier 2
Attachments: ODMAP Overdose Data Checklist.1.25.22.pdf

Dear Stakeholder:

Through careful monitoring of data for the date of 1/25/2022, it has been determined, that Ocean County is experiencing a spike in overdose cases. The number of overdose cases that have occurred within the 24-hour period has put Ocean County into a Tier 2 response approach. As part of the Ocean County Opioid Response Plan, committee members will now activate a tiered response for this date in accordance with the following guidelines:

Tier 2: Partial Activation:

- Disseminate opioid educational and/or awareness information to partners
- Share Ocean County general overdose campaign messaging
 - o <https://youtu.be/rkSiG0ToNRU>
 - o <https://youtu.be/RKnJd8SUKrA>
- Increase presence of available resources on social media platforms
- Share information with clinical teams, as appropriate

Thank you for your continued assistance and support in preventing overdose and saving lives. Together, we can make a beneficial impact on the opioid epidemic in Ocean County.

Sincerely,

Amanda Gan, CHES®

Hi Pam!

I hope you doing well and staying healthy! I just wanted to reach out again in the new year regarding Hope Sheds Light's partnership with TRPD. As you probably already know, with our overdose response plan, I am monitoring the overdose activity occurring in Ocean County and the high burden municipalities. Data consistently shows that Toms River is certainly a hotspot for overdose and as we are working on similar projects, I was wondering if you would be interested in partnering?

If this is something that HSL and TRPD would be interested in, I would love to attend any upcoming meetings that you may have so we can collaborate!

Let me know when you have time.

Good afternoon:

As I have been out of office since 12/22/2021, I was unable to perform daily data analysis of Ocean County overdose activity until today. Thus, attached you will find three overdose spike alert checklists for the dates **12/24/2021**, **12/29/2021**, and **1/2/2022**.

Through careful monitoring of data for the aforementioned dates, it has been determined, that Ocean County is experiencing a spike in overdose cases. The number of overdose cases that have occurred within these 24-hour periods have put Ocean County into a Tier 1 response. As part of the Ocean County Opioid Response Plan, committee members will now activate a tiered response for this date in accordance with the following guidelines:

Tier 1: Situational Awareness:

- Providers are to use this information as needed within their respective agencies
- Continue community monitoring, please report any relevant collateral data to AGan@ochd.org

Thank you for your continued assistance and support in preventing overdose and saving lives. Together, we can make a beneficial impact on the opioid epidemic in Ocean County.

Good Afternoon,

I am preparing the Housing Inventory Chart for Ocean County's 2022 HUD submission. This report looks at all Emergency Shelter, Transitional Housing, Permanent Supportive Housing, and Rapid Rehousing that serve the homeless in Ocean County on 1/25/22. I have compiled the attached spreadsheet based on HMIS data, the Point in Time Count, and coordination with community agencies. Please take a look and let me know if any information is incorrect or missing by Friday April 22nd so that I can complete any changes for the submission deadline. Thank you all for your assistance.

Hi Kim,

The whole newsletter might be of interest (if you don't get this already). These two items caught my eye:

Medical School Addiction Medicine Curriculum: Designed for Medical Students by Medical Students

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at [OpioidResponseNetwork.org](https://opioidresponse.org).

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. Virtual Meeting: ACMT National Case Conference

February 17, 2022

The **American College of Medical Toxicology**, an ORN partner organization, is hosting an online conference on February 17, 2022 at 1:00 pm ET to discuss a case of infant opioid toxidrome and details of opioid transmission into maternal breast milk. This case was detected in ToxIC NOSE, a multi-center initiative that explores novel opioid and stimulant exposure cases. Read more about the case [here](#). [Register for the conference here](#).

Social Work Chat Live: Spiro Spero

February 28, 2022

This ORN-funded activity coordinated by the **Boston Medical Center** is a viewing of a play titled "Spiro Spero." Participants will watch the streamed play from 11:30am - 12:30pm ET on YouTube and then attend a talk-back following. Spiro Spero is a one woman play written and performed by a psychiatric nurse practitioner who specializes in addiction. It explores the lives of five people impacted by substance use disorder and their experiences in treatment, in the community, and in the healthcare setting. A talk back will occur immediately following the stream. [Learn more.](#)

Virtual Training: Stimulants 101

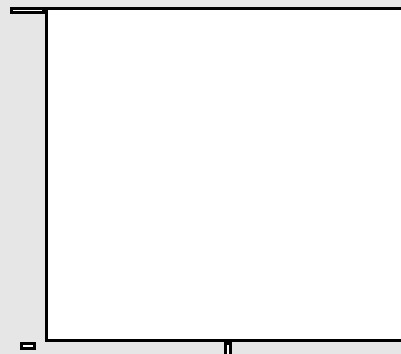

March 10, 2022

This ORN-funded training from the **Boston Medical Center** is designed to provide an overview of stimulant use disorders for all healthcare staff including providers, nurses, counselors and other non-clinical staff. The training reviews stigma, identifying stimulant overdose, managing acute stimulant intoxication, de-escalation techniques, and evidence-based treatment for people who use stimulants. Hello Everyone,

I wanted to attach two flyers for you regarding the two community updates I discussed.

1. TreeHouse – Support Groups for teens starts Monday April 4th from 6:30-8:30pm. Food provided, and transportation can be provided as we grow. This is FREE for all students, and is a national based program. For more information about the program you can go to www.treehousehope.org – It is our mission to end hopelessness among teens. Attached you'll see a flyer and a brochure for this program
2. The Community Blood Drive in May 9th from 12PM until 6PM. You'll need to sign up online to register. You can do so by clicking this link: there is also a flyer attached and a social media post attached if you could share with your people

Have an awesome week!

Subject: No YSC Meeting Thursday March 3rd, 2022

Importance: High

Hello Folks,

In reviewing our action items for YSC there is nothing pressing for March. We will use March for some of the subcommittees to meet and will have our next YSC meeting on Thursday April 7th at 3pm via webex. An email with the meeting invite for April will go out a week prior with meeting materials. If you have any questions or need any assistance please let us know.

Thank you and have a fabulous day!

Strengthening Families Program (SFP) Virtual 2-Day Group Leader Certification Training

Strengthening Families Program

Thursday, April 7 and Friday, April 8

9:30 a.m. to 3:30 p.m. on Zoom

Program fee: \$425

The Strengthening Families Program (SFP) is a nationally and internationally recognized, evidence-based parenting and family skills training program found to significantly reduce problem behaviors, delinquency and alcohol and drug abuse in children, and to improve social competencies and school performance.

Participants must attend both program dates to receive certification. At the conclusion of the two-day training, participants will receive a Strengthening Families Program completion certificate and 12 CEUs from the Certification Board (pending approval). Completion of the training certifies participant to deliver the 14-week program.

Upon registering, please send the **program fee of \$425 no later than 3/25/2022 via check or purchase order** to:

RWJBarnabas Health Institute for Prevention and Recovery
Attention: Nicole Leppert
442 NJ-35
Building A, 3rd Floor
Eatontown, NJ 07724

Failure to remit payment by 3/25/2022 will result in cancellation of your registration.

In addition to the program fee, each agency will need to **have or purchase one of the 2015 curriculums (SFP 3-5, SFP 6-11 or SFP 12-16) through Hopeful Helpful Training & Consulting, LLC prior to the Certification Training. Each age specific curriculum costs \$450 plus \$25 shipping. Information on how to purchase the curriculum will be sent upon registration. All participants are required to have access to at least one of the curriculums to participate in the training.

Space is limited to 20 participants, so register today!

Importance: High

Hello Folks,

In reviewing our action items for YSC there is nothing pressing for March. We will use March for some of the subcommittees to meet and will have our next YSC meeting on Thursday April 7th at 3pm via webex. An email with the meeting invite for April will go out a week prior with meeting materials. If you have any questions or need any assistance please let us know.

Thank you and have a fabulous day!

Hi Kim,

The whole newsletter might be of interest (if you don't get this already). These two items caught my eye:

Medical School Addiction Medicine Curriculum: Designed for Medical Students by Medical Students

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at OpioidResponseNetwork.org.

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. Virtual Meeting: ACMT National Case Conference
February 17, 2022

The **American College of Medical Toxicology**, an *ORN* partner organization, is hosting an online conference on February 17, 2022 at 1:00 pm ET to discuss a case of infant opioid toxidrome and details of opioid transmission into maternal breast milk. This case was detected in ToxIC NOSE, a multi-center initiative that explores novel opioid and stimulant exposure cases. Read more about the case [here](#). [Register for the conference here](#).

Social Work Chat Live: Spiro Spero

February 28, 2022

This *ORN*-funded activity coordinated by the **Boston Medical Center** is a viewing of a play titled "Spiro Spero." Participants will watch the streamed play from 11:30am - 12:30pm ET on YouTube and then attend a talk-back following. Spiro Spero is a one woman play written and performed by a psychiatric nurse practitioner who specializes in addiction. It explores the lives of five people impacted by substance use disorder and their experiences in treatment, in the community, and in the healthcare setting. A talk back will occur immediately following the stream. [Learn more](#).

Virtual Training: Stimulants 101

March 10, 2022

This *ORN*-funded training from the **Boston Medical Center** is designed to provide an overview of stimulant use disorders for all healthcare staff including providers, nurses, counselors and other non-clinical staff. The training reviews stigma, identifying stimulant overdose, managing acute stimulant intoxication, de-escalation techniques, and evidence-based treatment for people who use stimulants. Reminder: On Demand Webinars Presented by Psychiatric-Mental Health Nurses

New ORN-funded webinars from the **American Psychiatric Nurses Association** have been posted and are available to all at no cost. These include:

- ***What's in Grandma's Medicine Cabinet? – Understanding Substance Use Disorders in Older Adults*** Explore how age-related physiological and social changes present unique challenges for the identification and treatment of this disorder.
- ***Substance-Exposed Pregnancies: What to Know As They Grow*** Discover how substance use during pregnancy impacts maternal/fetal development and increases the neurological vulnerabilities of the neonate.
- ***A Primer on Stimulant Use Disorder: A Growing Concern*** Examine neuroscience changes as a result of a substance use disorder, along with the signs and symptoms that often present with the diagnosis as well as potential treatment options.

Share our mission in your community!

Opioids, stimulants and other substances have created an unprecedented health crisis so the *Opioid Response Network* created an unprecedented response. As communities mobilize to address local need, we are here to enhance their efforts. Help us spread the word! Post the video below to your network's social channels. Subject: National SRO Day 2-15-2022

Hello Folks!! ☺

Today is National SRO Day! In Ocean County we have some of the most dedicated and dynamic SRO's in the state! We want to highlight the work they do, the support they provide and the smiles they help foster in their schools! Our Barnegat Communities that Care Coalition was able to interview staff and students at Barnegat High School about Officer Weber and surprise him with lunch to show him how much the community appreciates his dedication. The link below is for the video BCTC was able to make for Officer Weber! We are so proud of ALL of our SRO's and we look forward to seeing more officers highlighted throughout the year, not just on National SRO day!

[Officer Weber - Barnegat School Resource Officer \(SRO\) - YouTube](#)

The YSC has partnered with the Prosecutor's Office and the Youth Advocate Program through our JDAI Innovations grant dollars in previous years to Nationally train our SRO's through the National Association of School Resource Officers (NASRO) and intend to continue to do the same again. We believe in our SRO's and the work they do, and we believe

they are an essential part of our community! All of the Community Policing Officers across the County share a passion for working with youth and our communities and it shows in the work they do! We couldn't be more proud to highlight some of this work! If you highlight your SRO, please let me know and send me your information so we can share it with the rest of the community!

National School Resource Officers Day Proclamation

WHEREAS, The National Association of School Resource Officers (NASRO) is dedicated to making schools and children safer by providing the highest-quality training to school-based law enforcement officers;

WHEREAS, school resource officers (SROs) bridge gaps between youth and law enforcement and embrace a triad concept of school policing, serving in informal counseling, education and law enforcement roles to support students and communities they serve;

WHEREAS, by training law enforcement officers to counsel, educate, and protect school communities, the men and women of NASRO continuously lead by example and promote a positive image of law enforcement to school children and school communities;

WHEREAS, SRO programs across the globe are founded as collaborative efforts by police agencies, law enforcement officers, educators, students, parents, and communities to create safe learning environments, provide valuable resources to school staff members, foster positive relationships with students and develop strategies to resolve problems that affect youth with the goal of protecting all children, so they can reach their fullest potential;

WHEREAS, school resource officers are valuable and essential members of the education community and deserve unwavering respect and support from the public in the pursuit of keeping schools and students safe;

NOW, THEREFORE, the National Association of School Resource Officers hereby proclaims February 15 as School Resource Officer Appreciation Day,
<https://www.nasro.org/news/2022/02/04/news-releases/national-school-resource-officer-appreciation-day-proclamation/>

The YSC wants to thank ALL of our SRO's for being Super Hero's in our schools!
Have a fantastic day! ☺

Hello

Is Steve Willis still practicing as a lawyer and is he helping out residents with SUD charges? I had an inquiry from a friend of a colleague whose brother just went to county jail for missing a court date. He reportedly is just starting methadone, has a new job and the sister, with whom I am now connected, is looking for a lawyer not a public defender.

Thanks!

Subject: Regional Partnership Grant- HHM/ Program Goals- Driving towards System Change
Attachments: Engagement and Retention 2-1 meeting.pptx

Good afternoon,

I am attaching here a PowerPoint that was created for the 2/1/2022, HHM Engagement and Retention Subcommittee meeting. This month's meeting was focused on "the why". What is the point of a Regional Partnership? Why are we continuing to meet and many times discuss things that appear repetitive or insurmountable? The answer is an overarching goal that drives the project and that is system change. Within this brief PowerPoint, you will find HHM (RPG 6) specific program goals. It also lays the foundation of all the building blocks and work it takes from within each of us to build systematic change. I hope you take a few minutes to review the slides. Please feel free to respond with your thought, questions, or reflections. I would be more than happy to schedule a call or meeting with any of you to further discuss. Please also feel free to share the presentation to others.

Thank you all for your ongoing support!

Warm Regards,
Beth Weiss

Hi Everyone!

We have been partnering with Jersey Shore University Medical Center on HIV Prevention for about 2 years. They are graciously hosting a free event at our facility. I would greatly appreciate it if you could circulate this flyer to you respective Boards/Committees.

Thank You and Take Care!

Good Morning!

I was hoping we could schedule a quick call on the stigma sub-committee. I know the sub-committee started under OCHD but then HSL has the grants and is taking the lead on some many projects. And we are co-facilitating. But I want to make sure that I am not overstepping with your grant deliverables. I don't want the stigma sub-committee to become the potential driving force for any of your stigma planning decisions. Let me know if you have some dates/times next week!

Thank you both!

Subject: RE: Recovery Housing Invoice

Can we please do two things:

Can you please put this in a letter format addressed to me so it can accompany the invoice as justification?

And resubmit the invoice. Break down the "back pay due to billing error" for the 21 clients from July – November (21 * (\$294-\$84) = \$4,410 additional

Then go into the December client

I can then process in the same invoice but two different lines to show the difference for cleaner auditing purposes, I hope this makes sense?

Hi

So in response to your question about the increase in billing for Recovery Housing, see below as JoAnne explained the mistake she was making.

Please let me know what you might need from us in writing if this isn't sufficient. Moving forward, if we make this kind of mistake, I will reach out ahead of time to clarify and get some guidance before just billing.

Thanks,
Pam

Subject: RE: Recovery Housing Invoice

Because I screwed up –

I had only been charging \$84 / client rather than the \$294 (\$84 *3.5 hours) for each of the 21 clients we served from July – November 2021 –

So the \$5,586 is :

21 clients from July – November (21 * (\$294-\$84) = \$4,410 additional	
+ 4 clients in December (4 * \$294) = \$1,176	
Totaling	\$5,586

Hopefully this makes sense.

Hi Pam

I am looking at the December 2021 invoice for Recovery Housing and the case management rate is significantly higher than previous months. As this is supposed to be case management for the clients that received housing that month and there were only 4 funded persons, can you please let me know why that amount was \$5,586.

Hello
Could you please send out to your distribution lists?

Thanks

Please forward to your distribution lists, thank you.

ARE YOU LOOKING FOR A PARENTING PROGRAM?

PARENTING WISELY is a highly interactive **online** parenting course designed by family and social scientists to equip parents with the tools necessary to engage their children in difficult family scenarios. Parents would learn constructive skills proven to **lessen** drug and alcohol abuse in youth, school and homework problems, delinquency and other problem behaviors, family conflict, and more. It holds the distinction of being the only online parent education course for families that is currently listed on the U.S. Department of Health and Human Services National Registry for **EVIDENCE-BASED** Programs and Practices.

How to sign up or for more information:

Contact Kelly L. at the Ocean County Health Department @
732-341-9700 x7232 to get an account!

[HTTPS://WWW.PARENTINGWISELY.COM/](https://www.parentingwisely.com/)

***Also available in Spanish**

Program Requirements-

Time: 3-5 hours to complete the course. Sign up includes 24/7 Access for 6 months as well as a certificate upon completion.

Age: Parents of children 8+

Commitment: Each parent must finish the course over a maximum of 6 months.

Participants: Parents are taken through the course one question at a time. The participant watches a video with a common family scenario and is given choices on how they would handle that situation. At the end of each chapter there is a small quiz. The site includes parent forums as well as a take home guide for future reference.

Goals-The goal of Parenting Wisely is to equip parents with the skills they need to improve family interactions. Parenting Wisely is evidence-based and has been proven to reduce teen alcohol and drug use, aggressive behaviors, and improve overall family communication.

Objectives- Each chapter explores scenarios to improve parenting skills in all situations. Some of the chapters include...

1. Helping children to do housework
2. Loud music, chores incomplete
3. Helping children do better in school
4. Sharing the computer
5. Curfew
6. Sibling conflict
7. Step parenting
8. Getting up on time
9. School, homework, friends
10. Finding drugs

Hi Pam!

I hope you doing well and staying healthy! I just wanted to reach out again in the new year regarding Hope Sheds Light's partnership with TRPD. As you probably already know, with our overdose response plan, I am monitoring the overdose activity occurring in Ocean County and the high burden municipalities. Data consistently shows that Toms River is certainly a hotspot for overdose and as we are working on similar projects, I was wondering if you would be interested in partnering?

If this is something that HSL and TRPD would be interested in, I would love to attend any upcoming meetings that you may have so we can collaborate!

Let me know when you have time.

Thank you!

Hi Amanda,

Thanks for circling back. We would love for you to attend our meetings and to move forward in partnership.

Heather – please send Amanda an invite to our next meeting and put County Partnership on the agenda for discussion.

Thanks,
Pam

Hi Pam!

I hope you doing well and staying healthy! I just wanted to reach out again in the new year regarding Hope Sheds Light's partnership with TRPD. As you probably already know, with our overdose response plan, I am monitoring the overdose activity occurring in Ocean County and the high burden municipalities. Data consistently shows that Toms River is certainly a hotspot for overdose and as we are working on similar projects, I was wondering if you would be interested in partnering?

If this is something that HSL and TRPD would be interested in, I would love to attend any upcoming meetings that you may have so we can collaborate!

Let me know when you have time.

Thank you!

Subject: Revised Bylaws for Commissioner Board action 5.4.2022
Attachments: Ocean County YSC By-Laws 2019 FINAL for 2022.docx

Hello Folks,

As discussed and approved at the April 7th, 2022 YSC meeting, attached is the final draft of the YSC Bylaws approved by County Counsel on 4/11/2022, and submitted today to the Clerk of the Board for Commissioner Board action on 5/4/2022.

The revisions include language to reflect "Board of Commissioners" instead of Freeholder(s); as well as revised language to remove any gender specific references.

Thank you and have a fantastic day! ☺

FREE Virtual Substance Use Prevention Training Series

RWJBarnabas Health Institute for Prevention and Recovery (IFPR) and the DART Prevention Coalition of Ocean County are offering a **FREE** virtual substance use prevention training series for Ocean County professionals funded by the Ocean County Health Department. Topics include self-care, drug trends, prevention science, vaping, opioids and pain management, data, grant writing, gambling, and social media and youth.

Participants who attend the live webinar sessions will receive 2 CEUs per webinar from the New Jersey Department of Education and The Certification Board.

Explore & Restore: Self-Care Strategies for Professionals

Tuesday, May 17
10 am to 12 pm

Presented by:

Ruth Palacio, MS, CASAC, Clinical Health Educator, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

The key to helping and supporting others lies in exploring and practicing self-care approaches for balance and sustainability. Many professionals often experience stressful challenges with work and home life, making the practice of self-care essential for overall wellbeing. This virtual training offers an opportunity to explore new perspectives on the effects stress has on the mind, body, and spirit. Participants will have an opportunity to develop a self-care plan with evidenced-based tools to reconnect and restore balance within oneself.

Adverse Outcomes: The Impact of COVID on Current Drug Trends

Thursday, May 19
10 am to 12 pm

Presented by:

Michael Capko, Senior Manager, IFPR
Nicholas Beam, DROP Program Manager, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

This training will discuss how the current COVID-19 pandemic exacerbated risk factors surrounding substance use, leading to adverse outcomes among high-risk populations for substance use disorder (SUD). In addition to social and economic changes caused by the pandemic, along with the inconveniences regarding treatment access and adherence, can aggravate SUD, we will review latest drug trend data among the youth and adult populations. Participants will learn the damaging effects these drugs have, methods for identification and how our culture is driving their popularity.

A Recipe for Disaster Prevention: The Ingredients in Prevention Science

Tuesday, May 24
10 am to 12 pm

Presented by:

SFC James Kube, National Guard
SSG Christopher Petrizzo, National Guard
Roberta Rapisardi, M.S.Ed., Senior Manager, IFPR
Amy Piacente-Desch, DART Manager, IFPR

This presentation will provide an overview of Prevention Science as an approach to improve community outcomes for children, youth, and adults. This multidisciplinary approach utilizes evidence-based strategies to enhance protective factors and reduce risk factors to improve the health and wellbeing of individuals, families, and communities. We will share best practices used in assessments and lessons learned to determine and identify the needs of the community as well as the gaps in current services. Attendees will learn strategies to address substance use at the community level through Prevention Science.

[Register](#)**Vaping: What You Need to Know to Help Your Teens**

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP
Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick
Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

[Register](#)**Pain Management – Alternative to Opioid Prescribing**

Tuesday, June 14
2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C
Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center
Andrew Vassallo, Pharm.D., BCPS, BCCCP
Critical Care Pharmacy Specialist
Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16
10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR
Reyna Maybloom, Evaluation Manager, IFPR
Michael Capko, Senior Manager, IFPR
Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

Vaping: What You Need to Know to Help Your Teens

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP

Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick

Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

Pain Management – Alternative to Opioid Prescribing

Tuesday, June 14

2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C

Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center

Andrew Vassallo, Pharm.D., BCPS, BCCCP

Critical Care Pharmacy Specialist

Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16

10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR

Reyna Maybloom, Evaluation Manager, IFPR

Michael Capko, Senior Manager, IFPR

Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

Subject: [EXTERNAL] New Courses! Rutgers Juvenile Justice & Youth Development Certificate Program

This message has originated from an **External Source**. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Good afternoon Shelby,

I hope you're having a wonderful and productive week.

Last fall Rutgers University launched the [Juvenile Justice and Youth Development Certificate Program](#). Designed to attract, train, and retain a workforce prepared to address the demands of juvenile justice and work with young people impacted by the system, the Rutgers JJYD Program provides professional

education opportunities drawing from the fields of psychology, social work, criminal justice, law, and education.

Below you'll find a flyer with links to learn more and register for the full certificate program or individually for either of the upcoming course offerings. Our upcoming "[Cultural Competence](#)" and "[Youth Justice Reform: Individual and Systemic Problems and Solutions](#)" courses are both eligible for 7 NJ Continuing Legal Credits and 6 Social Work CE Credits.

We'd appreciate if you would kindly share this information among your respective networks and those you believe would benefit from our program and courses most.

With gratitude,

Sabrina Perez

Enroll today in this required Juvenile Justice and Youth Development online course. Class starts April 21st.

Cultural Competence

April 21 & 28, 2022 | 12:00pm-3:00pm EDT | Online Course | \$295

[Learn More & Register](#)

The [Rutgers Cultural Competence online course](#) will introduce you to concepts in implicit bias and cultural competence, including organization structures and communications strategies that are culturally responsive and support effectiveness in diverse communities.

Through a combination of self-paced components and six hours of live virtual sessions lead by expert instructor, Marta Esquilin, participants will gain increased self-awareness about their own biases as they related to youth, families, and colleagues. The lessons will support participants to be self-reflective about their assumptions, beliefs, and experiences and how they can enhance or challenge their efforts in youth and family engagement.

One of the required courses for the [Rutgers Juvenile Justice & Youth Development Certificate](#), this online class will bring you both one step closer to achieving the certificate and providing the foundation you need to be a more culturally competent provider of services to support youth and families. [Register today!](#)

Meet Your Instructor: Marta Esquilin

Marta Elena Esquilin is the Associate Dean of the Honors Living Learning Community at Rutgers Newark, an Assistant Professor of Professional Practice in the American Studies Program within the Faculty of Arts and Sciences, and a diversity, equity, and inclusion consultant. Prior to her role at Rutgers University-Newark, Marta served as the Director for Social Justice and Intercultural

Programs within the Office of Multicultural Affairs at Columbia University, trainer/consultant for the Posse Foundation, and held various positions at non-profit organizations focused on youth development, access and equity in higher education, and community building.

Who Should Attend:

Open to anyone interested in the improvement of the juvenile justice system, course participants may include:

- Juvenile Justice and Child Welfare Professionals
- Probation and Court Service Professionals
- Judges

- Social Workers
- Probation Officers and Managers

Greetings!

I am sharing with you a job posting for a **Survivor Advocate/Family Crisis Counselor** position open at Ocean's Harbor House in Tom's River. This is a new dual position working both in Ocean and Monmouth counties facilitating prevention groups about commercial sexual exploitation and providing family and individual counseling. The candidate we are looking for identifies as a survivor of the commercial sex industry.

Would you please be so kind to share, post and forward this job description in your circles?

Thank you in advance for your help, please have potential candidates reach out to me with any questions or concerns.

Our Policy and Advocacy intern, Natalie Adey, has been working hard to advocate for LGBTQ youth, but lawmakers across the country have already filed 240 new anti-LGBTQ bills. As youth workers, we need to take action to create safe school environments.

#SayGay and join us Thursday, April 7th, at 9am PST/12pm EST for a panel conversation about teaching LGBTQ education.

We will be joined by activist Keygan Miller from The Trevor Project, LGBTQ youth researcher Rory O'Brien, and educator and TikTok Influencer Tell Williams.

We also invite you to join our campaign on Facebook, Twitter, and Instagram **@ideas4youth** as we continue to raise awareness about the implications of anti-LGBTQ policies and best practices for supporting our LGBTQ youth.

Good afternoon everyone,

Hope all is well.

Please note that this meeting can be accessed via your desktop computer, laptop, mobile device and/or telephone. If you don't have a microphone on your computer, you can join in with the phone option for audio, and use your computer for visual.

For your convenience, review, and in preparation for our meeting I have attached the following documents: [Agenda](#), [January 26 meeting summary](#), and [Data Dashboard](#).

Message from Amy:

As a reminder, please take a look at the Logic Model we all worked on together as a group, as well as Worksheet 2B for what efforts currently (or recently) exist within Ocean County. Using that as a reference, use the EBP Selection Resources to take a look at possible EBPs that we can select for individuals/families in our county. The EBP Toolkit is also a great resource for the EBP selection process and options. For the next part of the Logic Model/PFS Project, we need to select possible EBPs we could implement based on our county's needs (for our current providers to consider using and/or if new funding opportunities arise). Please come to the meeting with suggestions and/or ideas! These need to be chosen during this meeting, and we will also discuss how we could evaluate our choices (we will elaborate on this part during the meeting). The next portion of this project is due to the state by March 15th so this meeting is super important!

To Join the Meeting:

Choose **one** of the options below: click on "Join Microsoft Teams Meeting" OR copy and paste the hyperlink in your browser AND/OR call the telephone number.

If you have any questions please feel free to reach out to Sean or myself.

Be well,
Maria

Subject: Share your Story Conference

Hi Kim,

I hope you are doing well, I went to visit the Holiday Inn in Manahawkin today to look at the space for the conference. Unfortunately they do not have ½ the ballroom available for Fridays in September. We would like to confirm a date to book the space and the speaker by Friday, April 29th. Would you kindly send out an email to the committee to see when everyone would be available. I have listed the dates below:

- September 19th through September 22nd
- September 26th through September 29th

Thank you so much, I look forward to hearing from you.

Have a good night,

Hi Kim,

I hope you are doing well, I went to visit the Holiday Inn in Manahawkin today to look at the space for the conference. Unfortunately they do not have ½ the ballroom available for Fridays in September. We would like to confirm a date to book the space and the speaker by Friday, April 29th. Would you kindly send out an email to the committee to see when everyone would be available. I have listed the dates below:

- September 19th through September 22nd
- September 26th through September 29th

Thank you so much, I look forward to hearing from you.

Subject: Trauma-Informed Recovery Oriented Systems of Care (TI-ROSC) Community Needs Assessment survey

Dear Community Stakeholders,

The New Jersey Coalition for Addiction Recovery Support (NJ-CARS), NJ's statewide recovery community organization, is conducting a community assessment to advance trauma-informed recovery oriented systems of care (TI-ROSC) here in Ocean County. As a first step in this process, we are asking for community members to complete a TI-ROSC Community Needs Assessment survey. We are asking that you complete this survey and disseminate it to your networks. Anyone who lives or works in Ocean County can complete the survey. The link to complete the survey can be found here:
<https://forms.gle/7BWmQmCyPN9B21BZ9>

The TI-ROSC Community Needs Assessment is designed as an environmental scan for your community as it relates to the implementation of a trauma-informed recovery-oriented system of care for individuals who have substance use disorders. It is designed to elicit feedback from persons seeking services, caregivers, staff, and other community stakeholders on the components of a trauma-informed, recovery-oriented system of care. The questions are constructed to provoke critical thinking about not only how your system is designed and delivered but to bring underlying system culture to the surface as well. The TI-ROSC Community Needs Assessment should be completed individually by all stakeholders, including persons seeking services, caregivers, staff and other community stakeholders. Responses across the system should be aggregated and discussed by the team to develop a work plan for moving forward to a trauma-informed, recovery-oriented system of care.

Your responses will remain anonymous and will be used to provide data towards the creation of a strategic plan for your community.

Please contact Andrew Cao, NJ-CARS Coordinator, with any questions at acao@preventionlinks.org.

Subject: 988 - nationwide 3-digit dialing code for mental health crisis and suicide prevention
Importance: High

Greetings, colleagues ~

You may have heard that on July 16, 2022, 988 will become the nationwide 3-digit dialing code for mental health crisis and suicide prevention. It will replace the 1-800 number currently used by the National Suicide Prevention Lifeline. On this date, when someone calls 988 all phones in the U.S. (mobile and landline) will connect with the mental health crisis/suicide prevention system. This will allow anyone in the U.S. to call 988 and get help designed specifically for someone dealing with a mental health crisis.

In an effort to inform as many people as we can about the 988 system in New Jersey, Assistant Commissioner Valerie Mielke of the Division of Mental Health and Addiction Services has created this presentation that will provide you with an overview <https://youtu.be/ZuKhq-VPVjU>. Should you have questions after you watch this presentation, please write to our direct email address: 988Questions@dhs.nj.gov.

Thank you for your interest in 988. We are eager to begin this new journey in July with all other U.S. States and Territories. We hope Assistant Commissioner Mielke's presentation will shed some light on the plans for this life-saving system as it evolves in New Jersey.

FREE Virtual Substance Use Prevention Training Series

RWJBarnabas Health Institute for Prevention and Recovery (IFPR) and the DART Prevention Coalition of Ocean County are offering a **FREE** virtual substance use prevention training series for Ocean County professionals funded by the Ocean County Health Department. Topics include self-care, drug trends, prevention science, vaping, opioids and pain management, data, grant writing, gambling, and social media and youth.

Participants who attend the **live** webinar sessions will receive **2 CEUs per webinar** from the New Jersey Department of Education and The Certification Board.

Explore & Restore: Self-Care Strategies for Professionals

Tuesday, May 17
10 am to 12 pm

Presented by:

Ruth Palacio, MS, CASAC, Clinical Health Educator, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

The key to helping and supporting others lies in exploring and practicing self-care approaches for balance and sustainability. Many professionals often experience stressful challenges with work and home life, making the practice of self-care essential for overall wellbeing. This virtual training offers an opportunity to explore new perspectives on the effects stress has on the mind, body, and spirit. Participants will have an opportunity to develop a self-care plan with evidenced-based tools to reconnect and restore balance within oneself.

Adverse Outcomes: The Impact of COVID on Current Drug Trends

Thursday, May 19
10 am to 12 pm

Presented by:

Michael Capko, Senior Manager, IFPR
Nicholas Beam, DROP Program Manager, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

This training will discuss how the current COVID-19 pandemic exacerbated risk factors surrounding substance use, leading to adverse outcomes among high-risk populations for substance use disorder (SUD). In addition to social and economic changes caused by the pandemic, along with the inconveniences regarding treatment access and adherence, can aggravate SUD, we will review latest drug trend data among the youth and adult populations. Participants will learn the damaging effects these drugs have, methods for identification and how our culture is driving their popularity.

A Recipe for Disaster Prevention: The Ingredients in Prevention Science

Tuesday, May 24
10 am to 12 pm

Presented by:

SFC James Kube, National Guard
SSG Christopher Petrizzo, National Guard
Roberta Rapisardi, M.S.Ed., Senior Manager, IFPR
Amy Piacente-Desch, DART Manager, IFPR

This presentation will provide an overview of Prevention Science as an approach to improve community outcomes for children, youth, and adults. This multidisciplinary approach utilizes evidence-based strategies to enhance protective factors and reduce risk factors to improve the health and wellbeing of individuals, families, and communities. We will share best practices used in assessments and lessons learned to determine and identify the needs of the community as well as the gaps in current services. Attendees will learn strategies to address substance use at the community level through Prevention Science.

Vaping: What You Need to Know to Help Your Teens

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP

Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick

Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

Tuesday, June 14

2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C

Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center

Andrew Vassallo, Pharm.D., BCPS, BCCCP

Critical Care Pharmacy Specialist

Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16

10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR

Reyna Maybloom, Evaluation Manager, IFPR

Michael Capko, Senior Manager, IFPR

Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

I have not heard of any other agencies applying for this at this time. Looks like a nice opportunity. Seems like the funding all went to state offices historically though, which is always the issues. It goes the state and then gets diluted on its way down to counties/municipalities.

Hi Kim,

I hope all is well with you. I am wondering if you know if anyone in our area is applying for this grant. I just think that maybe with the county overdose efforts and our work with the TRPD, we might want to consider a proposal?? But I also know that this might be something that other agencies may already be pursuing.

Let me know your thoughts.

Thanks

Subject: Trauma-Informed Recovery Oriented Systems of Care (TI-ROSC) Community Needs Assessment survey

Please share with your distribution lists, thank you!

Dear Community Stakeholders,

The New Jersey Coalition for Addiction Recovery Support (NJ-CARS), NJ's statewide recovery community organization, is conducting a community assessment to advance trauma-informed recovery oriented systems of care (TI-ROSC) here in Ocean County. As a first step in this process, we are asking for community members to complete a TI-ROSC Community Needs Assessment survey. We are asking that you complete this survey and disseminate it to your networks. Anyone who lives or works in Ocean County can complete the survey. The link to complete the survey can be found here:

<https://forms.gle/7BWmQmCyPN9B21BZ9>

The deadline to complete the survey is Friday, April 22nd, 2022.

The TI-ROSC Community Needs Assessment is designed as an environmental scan for your community as it relates to the implementation of a trauma-informed recovery-oriented system of care for individuals who have substance use disorders. It is designed to elicit feedback from persons seeking services, caregivers, staff, and other community stakeholders on the components of a trauma-informed, recovery-oriented system of care. The questions are constructed to provoke critical thinking about not only how your system is designed and delivered but to bring underlying system culture to the surface as well. The TI-ROSC Community Needs Assessment should be completed individually by all stakeholders, including persons seeking services, caregivers, staff and other community stakeholders. Responses across the system should be aggregated and discussed by the team to develop a work plan for moving forward to a trauma-informed, recovery-oriented system of care.

Your responses will remain anonymous and will be used to provide data towards the creation of a strategic plan for your community.

Please contact Andrew Cao, NJ-CARS Coordinator, with any questions at acao@preventionlinks.org.

Subject: Trauma-Informed Recovery Oriented Systems of Care (TI-ROSC) Community Needs Assessment survey

Please forward to your distribution lists, thank you!

Dear Community Stakeholders,

The New Jersey Coalition for Addiction Recovery Support (NJ-CARS), NJ's statewide recovery community organization, is conducting a community assessment to advance trauma-informed recovery oriented systems of care (TI-ROSC) here in Ocean County. As a first step in this process, we are asking for community members to complete a TI-ROSC Community Needs Assessment survey. We are asking that you complete this survey and disseminate it to your networks. Anyone who lives or works in Ocean County can complete the survey. The link to complete the survey can be found here:

<https://forms.gle/7BWmQmCyPN9B21BZ9>

The deadline to complete the survey is Friday, April 22nd, 2022.

The TI-ROSC Community Needs Assessment is designed as an environmental scan for your community as it relates to the implementation of a trauma-informed recovery-oriented system of care for individuals who have substance use disorders. It is designed to elicit feedback from persons seeking services, caregivers, staff, and other community stakeholders on the components of a trauma-informed, recovery-oriented system of care. The questions are constructed to provoke critical thinking about not only how your system is designed and delivered but to bring underlying system culture to the surface as well. The TI-ROSC Community Needs Assessment should be completed individually by all stakeholders, including persons seeking services, caregivers, staff and other community stakeholders. Responses across the system should be aggregated and discussed by the team to develop a work plan for moving forward to a trauma-informed, recovery-oriented system of care.

Your responses will remain anonymous and will be used to provide data towards the creation of a strategic plan for your community.

Please contact Andrew Cao, NJ-CARS Coordinator, with any questions at acao@preventionlinks.org.

Thank you!

Hi Kim,

No we are not out of funds. We have been limiting how much we give at one time to any one person because the demand is so high and we went through a good amount during to winter months to make sure everyone was sheltered when it was the coldest. We want the funds to last for when we are in the final months of 2022 and it gets cold again. I am available on my cell if you want to talk through this. [REDACTED]. We also add some of our own funding and advocate for assistance from other agencies.

On another note, I want you to know why I have been a little out of touch. Unfortunately yesterday after several weeks and visits to various facilities my son and daughter-in-law lost their baby. She was pretty far along when she started having problems so it's has been difficult. I am the only person they can leave my granddaughter with as well so I have been juggling things. I will be back in full action on Monday.

Also, 3 weeks ago we brought Gary Sheridan onboard as a program director once we knew we secures the Recovery Center grant. He will be a big help to me as well. I will be able to properly introduce him to the community in his new role with us next week.

I know I just threw a lot at you in one email. I just really wanted you to know all that has been going on.

Please call if you want to talk through the funding situation.

Thanks
Pam

Good Afternoon,

The Ocean County Health Department in partnership with the Stafford Municipal Alliance/Recreation and the Ocean County Prosecutor's Office is hosting an older adult health fair on May 31, 2022 from 12-3. The idea for this older adult fair came out of data that our local police departments are seeing an increase in overdoses in 55+ communities. It is our hope that this overdose prevention/education/health fairs will be of value to our older adult population.. I was wondering if your agency would be interested in having a table at the event.

At this time, we will be providing lunch as well as an older adult focused prevention program. The OCPO is bringing their Operation Helping Hands van, we have narcan training/distribution, and we have some health screenings.

Dear Stakeholder:

As you may already be aware, through collaboration with various community stakeholders, the Ocean County Health Department is committed to reducing the number of non-fatal and fatal overdoses occurring in Ocean County and save lives. To assess the communities perceptions and readiness towards the implementation of strategies that will decrease overdose occurrences in Ocean County, we invite you to participate in a brief and anonymous electronic survey. Please allow approximately ten minutes to complete the survey and know that your answers will remain entirely confidential. Your participation in this survey is greatly appreciated and thank you for your time.

Subject: 2022 OCHD contact - invoices

Good Afternoon,

As part of being a 2022 provider, please see the below bullets for in-voice submissions to the Ocean County Health Department. Please share with all appropriate staff.

- Ensure you are using 2022 contract amounts. Some levels of care received new fee for service rates.
- In-voices are due by the 15th of the next month. You can e-mail them to Saranda Franzone at SFranzone@ochd.org for your convenience.
- Ideally, we would like to see invoices in excel over a Microsoft document but that is your finance department's preference
- **Moving forward, we need to know who is a new client in this calendar year, please mark new clients somehow on the invoice. For example, you can asterisk the NJSAMS or unique ID, or break out new clients in their own section.**
- Please double check amounts before submission as we are seeing an increase in errors.
- Please try to bill in the month of service. Many times we are getting request for reimbursement months after service delivery.

Any questions, do not hesitate to reach out, thank you.

Subject: Trauma-Informed Recovery Oriented Systems of Care (TI-ROSC) Community Needs Assessment survey

Dear Community Stakeholders,

The New Jersey Coalition for Addiction Recovery Support (NJ-CARS), NJ's statewide recovery community organization, is conducting a community assessment to advance trauma-informed recovery oriented systems of care (TI-ROSC) here in Ocean County. As a first step in this process, we are asking for community members to complete a TI-ROSC Community Needs Assessment survey. We are asking that you complete this survey and disseminate it to your networks. Anyone who lives or works in Ocean County can complete the survey. The link to complete the survey can be found here:

<https://forms.gle/7BWmQmCyPN9B21BZ9>

The deadline to complete the survey is Friday, April 22nd, 2022.

The TI-ROSC Community Needs Assessment is designed as an environmental scan for your community as it relates to the implementation of a trauma-informed recovery-oriented system of care for individuals who have substance use disorders. It is designed to elicit feedback from persons seeking services, caregivers, staff, and other community stakeholders on the components of a trauma-informed, recovery-oriented system of care. The questions are constructed to provoke critical thinking about not only how your system is designed and delivered but to bring underlying system culture to the surface as well. The TI-ROSC Community Needs Assessment should be completed individually by all stakeholders, including persons seeking services, caregivers, staff and other community stakeholders. Responses across the system should be aggregated and discussed by the team to develop a work plan for moving forward to a trauma-informed, recovery-oriented system of care.

Your responses will remain anonymous and will be used to provide data towards the creation of a strategic plan for your community.

Please contact Andrew Cao, NJ-CARS Coordinator, with any questions at acao@preventionlinks.org.

Thank you!

**PUBLIC NOTICE
HUMAN SERVICES
DIVISION OF MENTAL HEALTH AND ADDICTION SERVICES**

Notice of Availability of Grant Funds - Building Capacity in Mental Health (MH) and Substance Use Disorder (SUD) Programs to Provide Medications for SUD

Take notice that, in compliance with N.J.S.A. 52:14-34.4 and 34.6, the Division of Mental Health and Addiction Services (DMHAS) hereby announces the availability of the following grant program funds:

Name of Program:

Building Capacity in Mental Health (MH) and Substance Use Disorder (SUD) Programs to Provide Medications for SUD

Purpose:

This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS), to assist licensed Mental Health (MH) and licensed SUD programs in developing the capacity to offer SUD medications, i.e., buprenorphine, naloxone, naltrexone, methadone and acamprosate. The awardee will ensure that the services provided ensure diversity, inclusion, equity, and cultural and linguistic competence to the target population.

Amount of funding available:

This RFP is funded through the federal Substance Abuse and Mental Health Services Administration's (SAMHSA) State Opioid Response grant (SOR). Total annualized funding is \$300,000 subject to Federal appropriations. DMHAS anticipates making up to four (4) awards (each not to exceed \$75,000). This initiative will be funded through cost-reimbursement contracting.

Procedure to apply:

Effective February 22, 2022 the RFP is available at <https://www.state.nj.us/humanservices/providers/grants/> and <https://www.nj.gov/humanservices/dmhas/provider/funding/>

A proposal must be submitted that comports with the RFP requirements and instructions.

Hi Kim,

The whole newsletter might be of interest (if you don't get this already). These two items caught my eye:

Medical School Addiction Medicine Curriculum: Designed for Medical Students by Medical Students

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at [OpioidResponseNetwork.org](https://opioidresponse.org).

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. **"Of all the forms of inequality, injustice in health is the most shocking
and the most inhuman because it often results in physical death."
Dr. Martin Luther King, Jr.**

ORN acknowledges February as Black History Month. This, and every month, we recognize the contributions and sacrifices of Black people in the American story.

Preventing and treating substance use disorders in Black Communities is critical as rates of overdose deaths in these communities are outpacing other populations. Read more about ORN's Black Communities Workgroup's efforts [here](#).

**Medical School Addiction Medicine Curriculum:
Designed for Medical Students by Medical Students**

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at OpioidResponseNetwork.org.

If an opportunity listed below sparks your interest but you are not sure how to begin or would like more information, email orn@aaap.org. We are here to help you!

All ORN trainings are provided at no cost.

To coordinate a training designed specifically to meet your needs, submit a request today at OpioidResponseNetwork.org.

Virtual Meeting: ACMT National Case Conference

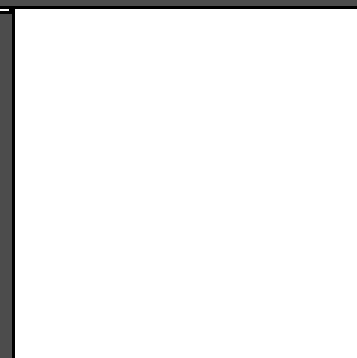

February 17, 2022

The **American College of Medical Toxicology**, an ORN partner organization, is hosting an online conference on February 17, 2022 at 1:00 pm ET to discuss a case of infant opioid toxidrome and details of opioid transmission into maternal breast milk. This case was detected in ToxIC NOSE, a multi-center initiative that explores novel opioid and stimulant exposure cases. Read more about the case [here](#). [Register for the conference here](#).

Social Work Chat Live: Spiro Spero

February 28, 2022

This ORN-funded activity coordinated by the **Boston Medical Center** is a viewing of a play titled "Spiro Spero." Participants will watch the streamed play from 11:30am - 12:30pm ET on YouTube and then attend a talk-back following. Spiro Spero is a one woman play written and performed by a psychiatric nurse practitioner who specializes in addiction. It explores the lives of five people impacted by substance use disorder and their experiences in treatment, in the community, and in the healthcare setting. A talk back will occur immediately following the stream. [Learn more.](#)

Virtual Training: Stimulants 101

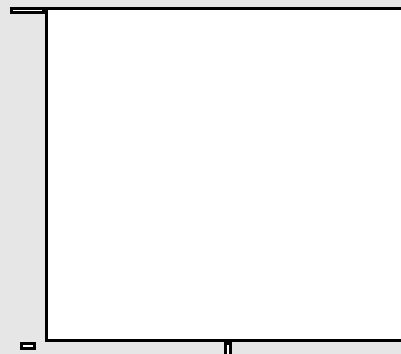

March 10, 2022

This ORN-funded training from the **Boston Medical Center** is designed to provide an overview of stimulant use disorders for all healthcare staff including providers, nurses, counselors and other non-clinical staff. The training reviews stigma, identifying stimulant overdose, managing acute stimulant intoxication, de-escalation techniques, and evidence-based treatment for people who use stimulants. [Learn more](#).

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. [Learn more](#).

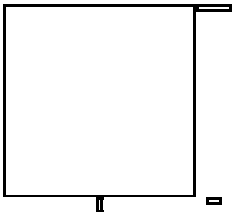

Reminder: On Demand Webinars Presented by Psychiatric-Mental Health Nurses

New ORN-funded webinars from the **American Psychiatric Nurses Association** have been posted and are available to all at no cost. These include:

- [What's in Grandma's Medicine Cabinet? – Understanding Substance Use Disorders in Older Adults](#) Explore how age-related physiological and social changes present unique challenges for the identification and treatment of this disorder.
- [Substance-Exposed Pregnancies: What to Know As They Grow](#) Discover how substance use during pregnancy impacts maternal/fetal development and increases the neurological vulnerabilities of the neonate.
- [A Primer on Stimulant Use Disorder: A Growing Concern](#) Examine neuroscience changes as a result of a substance use disorder, along with the signs and symptoms that often present with the diagnosis as well as potential treatment options.

Share our mission in your community!

Opioids, stimulants and other substances have created an unprecedented health crisis so the *Opioid Response Network* created an unprecedented response. As communities mobilize to address local need, we are here to enhance their efforts. Help us spread the word! Post the video below to your network's social channels. Encourage your network to tell us what they need via the simple request form at OpioidResponseNetwork.org.

Hi Kim,

Yes Steve still has a practice in town and does a great job at representing individuals with substance related matters. Here is the link to his website: [Willis & Gresek Counsellors at Law \(wgfirm.com\)](http://wgfirm.com)
I hope this is helpful.

If we can help the family, please feel free to refer them over to us as well 🙏

Hello

Is Steve Willis still practicing as a lawyer and is he helping out residents with SUD charges? I had an inquiry from a friend of a colleague whose brother just went to county jail for missing a court date. He reportedly is just starting methadone, has a new job and the sister, with whom I am now connected, is looking for a lawyer not a public defender.

Thanks!

Kim,

I checked this out with Mary.

The check has not cleared.

She did a stop payment on that check and will send them a new one.

Good Morning!

I was hoping we could schedule a quick call on the stigma sub-committee. I know the sub-committee started under OCHD but then HSL has the grants and is taking the lead on some many projects. And we are co-facilitating. But I want to make sure that I am not overstepping with your grant deliverables. I don't want the stigma sub-committee to become the potential driving force for any of your stigma planning decisions. Let me know if you have some dates/times next week!

Thank you both!

Can we please do two things:

Can you please put this in a letter format addressed to me so it can accompany the invoice as justification?

And resubmit the invoice. Break down the "back pay due to billing error" for the 21 clients from July – November (21 * (\$294-\$84) = \$4,410 additional

Then go into the December client

I can then process in the same invoice but two different lines to show the difference for cleaner auditing purposes, I hope this makes sense?

Please let me know what you might need from us in writing if this isn't sufficient. Moving forward, if we make this kind of mistake, I will reach out ahead of time to clarify and get some guidance before just billing.

Because I screwed up –
I had only been charging \$84 / client rather than the \$294 (\$84 *3.5 hours) for each of the 21 clients we served from July – November 2021 –
So the \$5,586 is :

21 clients from July – November (21 * (\$294-\$84) = \$4,410 additional	
+ 4 clients in December (4 * \$294) = \$1,176	
Totaling	\$5,586

Hopefully this makes sense.

Hi Kim,

I hope you are enjoying a nice long weekend.

I am not sure you are allowed to provide these but if you/your office are, it would be great if I could get your support. I have attached a sample letter for your convenience.

Thanks,
Pam

Hi Pam

I am looking at the December 2021 invoice for Recovery Housing and the case management rate is significantly higher than previous months. As this is supposed to be case management for the clients that received housing that month and there were only 4 funded persons, can you please let me know why that amount was \$5,586.

Yes I will put a placeholder in my calendar and wait for your invite. I look forward to being able to thank this group for taking a chance on this proposal in particular. On somewhat of a similar note, do you have a minute to talk through a question I have about sober living funding in general? I am at my desk all day so any time you have a min that would be great.

Thanks,
Pam

Importance: High

[FYI please see attached documents](#)

The attached Request for Proposals has been posted on the Division of Mental Health and Addiction Services' website.

This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) to expand regional Community Peer Recovery Centers (CPRC) to eleven (11) counties. The CPRC will be a place where individuals can access peer support, information about substance use disorder treatment, recovery support services, and information about other community resources in a supportive substance free environment. This RFP is funded through the Substance Abuse and Mental Health Services Administration's (SAMHSA) State Opioid Response to Grants (SOR) funding. The SOR grant funding period is through September 29, 2022 depending on federal appropriations. Total funding is \$1,100,000 subject to federal appropriations. DMHAS anticipates making up to eleven (11) awards in the amount of \$100,000 each. The CPRC will ensure that the services provided ensure diversity, inclusion, equity, and cultural and linguistic competence to the target population.

This expansion funding is for start-up of eleven (11) small-scale recovery centers in counties that do not have a CPRC to provide peer-to-peer recovery support services to prevent recurrence of substance use and promote sustained recovery. Successful applicants will provide peer-to-peer recovery support services that are responsive to community needs. Additionally, the CPRC will continually assess and utilize demographic data of the participants' catchment area in its development and delivery of programming, evaluation, and program outcomes to ensure it is relevant to the population served. Additionally, the awardee will analyze data to implement strategies to increase program participation.

All activities and services are led and driven by "peers" (i.e. individuals who have experienced addiction and recovery, either directly or indirectly as a family member or friend). The overall goal of the CPRC is to provide a safe place for recovering individuals to gather in support of one another and experience sober living in a community setting. It is the ideal place for those in recovery to receive peer-to-peer support and attain guidance in a number of life-skill areas.

The funding is limited to the following counties: Burlington, Camden (Camden City), Cape May, Hudson, Hunterdon, Mercer, Middleton, Monmouth, Ocean, Somerset, and Salem. No more than one award will be awarded in any of the aforementioned counties.

No Mandatory Bidders Conference.

Subject: Ocean County Health Department Survey

Dear Stakeholder:

As you may already be aware, through collaboration with various community stakeholders, the Ocean County Health Department is committed to reducing the number of non-fatal and fatal overdoses occurring in Ocean County and save lives. To assess the communities perceptions and readiness towards the implementation of strategies that will decrease overdose occurrences in Ocean County, we invite you to participate in a brief and anonymous electronic survey. Please allow approximately ten minutes to complete the survey and know that your answers will remain entirely confidential. Your participation in this survey is greatly appreciated and thank you for your time.

This link is for our stakeholder community that work in behavioral health, schools, the recovery community or any agency that provides assistance to our at risk Ocean County population. Please share with the appropriate distribution lists.

Please click the link below to begin:

Subject: Housing Inventory Chart
Attachments: Inventory List for NJ-510 - Lakewood Township_Ocean County CoC.xls

Good Afternoon,

I am preparing the Housing Inventory Chart for Ocean County's 2022 HUD submission. This report looks at all Emergency Shelter, Transitional Housing, Permanent Supportive Housing, and Rapid Rehousing that serve the homeless in Ocean County on 1/25/22. I have compiled the attached spreadsheet based on HMIS data, the Point in Time Count, and coordination with community agencies. Please take a look and let me know if any information is incorrect or missing by Friday April 22nd so that I can complete any changes for the submission deadline. Thank you all for your assistance.

Subject: Community Outreach Event

Good afternoon,

Happy Friday!! Hope Sheds Light and the Damon House are hosting a Community Outreach Event on Saturday, April 16th from 10am-2pm in Downtown Toms River at 33 Washington Street (center courtyard between the Library and Municipal Building). Please come join us in bringing your information on programs and services to the community.

I have attached a vendor form. Please fill it out and get back to me before Wednesday, April 13th. Space is limited.

We hope to see you there!!

Have a great weekend.

Hi Heather and Nancy,

Hope you are doing well, I'm just reaching out to introduce myself and pass on some information for the ARCH Nurse Program at Ocean County Health Department.

Our ARCH nurse Sue is able to provide low cost HIV/ STI/ Hepatitis C & pregnancy counseling and testing, free Narcan training and distribution, and all things harm reduction. We also provide referral for treatment and support services like Hope Sheds Light and can now offer individual counseling on site for anyone receiving ARCH services.

Would be happy to come by when things thaw out to drop off some brochures and meet. Let us know if there is a good day/time to stop by in the coming weeks.

Good afternoon Cara,

Thank you so much for reaching out to us. It would be wonderful for you to come by and visit the Recovery Center. I am fairly open to meet with you the last two weeks of February.

Have a fantastic remainder of the day.

Hi Heather and Nancy,

Hope you are doing well, I'm just reaching out to introduce myself and pass on some information for the ARCH Nurse Program at Ocean County Health Department.

Our ARCH nurse Sue is able to provide low cost HIV/ STI/ Hepatitis C & pregnancy counseling and testing, free Narcan training and distribution, and all things harm reduction. We also provide referral for treatment and support services like Hope Sheds Light and can now offer individual counseling on site for anyone receiving ARCH services.

Would be happy to come by when things thaw out to drop off some brochures and meet. Let us know if there is a good day/time to stop by in the coming weeks.

Thank you,

Strengthening Families Program (SFP) Virtual 2-Day Group Leader Certification Training

Strengthening Families Program

Thursday, April 7 and Friday, April 8

9:30 a.m. to 3:30 p.m. on Zoom

Program fee: \$425

The Strengthening Families Program (SFP) is a nationally and internationally recognized, evidence-based parenting and family skills training program found to significantly reduce problem behaviors, delinquency and alcohol and drug abuse in children, and to improve social competencies and school performance.

Participants must attend both program dates to receive certification. At the conclusion of the two-day training, participants will receive a Strengthening Families Program completion certificate and 12 CEUs from the Certification Board (pending approval). Completion of the training certifies participant to deliver the 14-week program.

Upon registering, please send the **program fee of \$425 no later than 3/25/2022 via check or purchase order** to:

RWJBarnabas Health Institute for Prevention and Recovery
Attention: Nicole Leppert
442 NJ-35
Building A, 3rd Floor
Eatontown, NJ 07724

Failure to remit payment by 3/25/2022 will result in cancellation of your registration.

****In addition to the program fee, each agency will need to have or purchase one of the 2015 curriculums (SFP 3-5, SFP 6-11 or SFP 12-16) through Hopeful Helpful Training & Consulting, LLC prior to the Certification Training. Each age specific curriculum costs \$450 plus \$25 shipping. Information on how to purchase the curriculum will be sent upon registration. All participants are required to have access to at least one of the curriculums to participate in the training.**

Space is limited to 20 participants, so register today!

Subject: Extra Surgical Masks and Hand Sanitizers

Hi Toms River CTC

I received an email from the corporate foundation that they *"have a large supply of surgical masks and hand sanitizers that we can donate/distribute to the community. The masks "expire" technically in April, however Supply Chain leadership said they would be fine for the community, just not viable for clinical settings or anywhere in the hospital."*

If anyone is in need of masks or hand sanitizers, please let me know so I can get them to you. I have to put an order together.

Thank you,
Roberta

FREE Virtual Substance Use Prevention Training Series

RWJBarnabas Health Institute for Prevention and Recovery (IFPR) and the DART Prevention Coalition of Ocean County are offering a **FREE** virtual substance use prevention training series for Ocean County professionals funded by the Ocean County Health Department. Topics include self-care, drug trends, prevention science, vaping, opioids and pain management, data, grant writing, gambling, and social media and youth.

Participants who attend the **live** webinar sessions will receive **2 CEUs per webinar** from the New Jersey Department of Education and The Certification Board.

Explore & Restore: Self-Care Strategies for Professionals

Tuesday, May 17
10 am to 12 pm

Presented by:

Ruth Palacio, MS, CASAC, Clinical Health Educator, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

The key to helping and supporting others lies in exploring and practicing self-care approaches for balance and sustainability. Many professionals often experience stressful challenges with work and home life, making the practice of self-care essential for overall wellbeing. This virtual training offers an opportunity to explore new perspectives on the effects stress has on the mind, body, and spirit. Participants will have an opportunity to develop a self-care plan with evidenced-based tools to reconnect and restore balance within oneself.

Adverse Outcomes: The Impact of COVID on Current Drug Trends

Thursday, May 19
10 am to 12 pm

Presented by:

Michael Capko, Senior Manager, IFPR
Nicholas Beam, DROP Program Manager, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

This training will discuss how the current COVID-19 pandemic exacerbated risk factors surrounding substance use, leading to adverse outcomes among high-risk populations for substance use disorder (SUD). In addition to social and economic changes caused by the pandemic, along with the inconveniences regarding treatment access and adherence, can aggravate SUD, we will review latest drug trend data among the youth and adult populations. Participants will learn the damaging effects these drugs have, methods for identification and how our culture is driving their popularity.

Tuesday, May 24
10 am to 12 pm

Presented by:

SFC James Kube, National Guard
SSG Christopher Petrizzo, National Guard
Roberta Rapisardi, M.S.Ed., Senior Manager, IFPR
Amy Piacente-Desch, DART Manager, IFPR

This presentation will provide an overview of Prevention Science as an approach to improve community outcomes for children, youth, and adults. This multidisciplinary approach utilizes evidence-based strategies to enhance protective factors and reduce risk factors to improve the health and wellbeing of individuals, families, and communities. We will share best practices used in assessments and lessons learned to determine and identify the needs of the community as well as the gaps in current services. Attendees will learn strategies to address substance use at the community level through Prevention Science.

Vaping: What You Need to Know to Help Your Teens

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP

Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick

Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

Pain Management – Alternative to Opioid Prescribing

Tuesday, June 14

2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C

Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center

Andrew Vassallo, Pharm.D., BCPS, BCCCP

Critical Care Pharmacy Specialist

Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16

10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR

Reyna Maybloom, Evaluation Manager, IFPR

Michael Capko, Senior Manager, IFPR

Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

Importance: High

Good morning Community Board and Data Workgroup,

Thank you all who attended Wednesday's Community Board meeting. It was a productive meeting. In the meeting we discussed the three risk factors and protective factor that you will vote to be the top priority. The data workgroup reviewed the data and chose the top three risk factors. Please see attached report and worksheet to review the data. Please reply to this email with the risk factor you believe we should select as a priority. Majority will rule in this vote. We had a poll in the meeting and **depressive symptoms** was picked as the top priority.

Attached is the Toms River Regional School District (RSD) report and a snapshot of page 25 reflecting the combination of grades 6-12.

Submit your vote by Friday, 4/22.

Below are you selections:

VOTE FROM DATA TEAM

(peer/individual)

3 risk factors

Depressive symptoms

Antisocial favorable behavior

Perceived risk of drug use

1 Protective Factor

Prosocial Involvement (Peer/individual)

Please let me know if you have any questions.

Thank you!

Subject: TR CTC Data Workgroup - YOUR OPINION COUNTS!

Good Afternoon Community Board,

Our data workgroup met earlier to discuss the top risk and protective factors taken from the Toms River Regional School District (RSD) grades 6-12. Upon review of the survey, we were able to select risk factors and protective factors for the youth. The survey is broken down by grade and then combining all grades together.

**I am opening up the floor and encouraging you to participate in the data workgroup so we can make a shared, collective decision driving our work to help the youth in our town. If you would like a copy of the survey and to participate in the data workgroup, please let me know and I will send it to you.

Thank you

Keri

Subject: Toms River Communities That Care
Attachments: Toms River CTC Workgroup Calendar 2022.docx

Good Afternoon Community Board,

I'd like to introduce myself as the new Manager for Toms River Communities That Care. We are continuing our workgroup meetings beginning next week for Youth Involvement, Community Outreach and Public Relations, and Data Assessment. I will be sending out calendar invites to those who are in the workgroups. If you **do not** receive a calendar invite from me shortly for the workgroups, please email me with the workgroup you would like to participate in. I will add you to the invite.

The Data Workgroup is currently recruiting for more members. Don't be scared you do not have to be a data genius! We have assistance for you in the group. CTC is guided by data so it is important to be a part of that conversation.

Additionally, we will be having our first 2022 Community Board meeting on Wednesday, April 13th at 12pm. This will be hybrid (zoom/in-person) location TBD. I will send out a save the date invite. More to come.

Attached is a calendar of the dates/times/zoom links for each workgroup.

I would be more than happy to schedule time with you individually to meet and discuss our partnership! Please let me know.

I look forward to working with each and every one of you!

Let the fun begin!!!

Keri

Our Policy and Advocacy intern, Natalie Adey, has been working hard to advocate for LGBTQ youth, but lawmakers across the country have already filed 240 new anti-LGBTQ bills. As youth workers, we need to take action to create safe school environments.

#SayGay and join us Thursday, April 7th, at 9am PST/12pm EST for a panel conversation about teaching LGBTQ education.

We will be joined by activist Keygan Miller from The Trevor Project, LGBTQ youth researcher Rory O'Brien, and educator and TikTok Influencer Tell Williams.

We also invite you to join our campaign on Facebook, Twitter, and Instagram **@ideas4youth** as we continue to raise awareness about the implications of anti-LGBTQ policies and best practices for supporting our LGBTQ youth.

Hello Everyone,

I wanted to attach two flyers for you regarding the two community updates I discussed.

1. TreeHouse – Support Groups for teens starts Monday April 4th from 6:30-8:30pm. Food provided, and transportation can be provided as we grow. This is FREE for all students, and is a national based program. For more information about the program you can go to www.treehousehope.org – It is our mission to end hopelessness among teens. Attached you'll see a flyer and a brochure for this program
2. The Community Blood Drive in May 9th from 12PM until 6PM. You'll need to sign up online to register. You can do so by clicking this link: there is also a flyer attached and a social media post attached if you could share with your people

Have an awesome week!

Subject: TR CTC Data Workgroup - YOUR OPINION COUNTS!

Good Afternoon Community Board,

Our data workgroup met earlier to discuss the top risk and protective factors taken from the Toms River Regional School District (RSD) grades 6-12. Upon review of the survey, we were able to select risk factors and protective factors for the youth. The survey is broken down by grade and then combining all grades together.

**I am opening up the floor and encouraging you to participate in the data workgroup so we can make a shared, collective decision driving our work to help the youth in our town. If you would like a copy of the survey and to participate in the data workgroup, please let me know and I will send it to you.

Thank you

Keri

Good Afternoon Community Board,

I'd like to introduce myself as the new Manager for Toms River Communities That Care. We are continuing our workgroup meetings beginning next week for Youth Involvement, Community Outreach and Public Relations, and Data Assessment. I will be sending out calendar invites to those who are in the workgroups. If you **do not** receive a calendar invite from me shortly for the workgroups, please email me with the workgroup you would like to participate in. I will add you to the invite.

The Data Workgroup is currently recruiting for more members. Don't be scared you do not have to be a data genius! We have assistance for you in the group. CTC is guided by data so it is important to be a part of that conversation.

Additionally, we will be having our first 2022 Community Board meeting on Wednesday, April 13th at 12pm. This will be hybrid (zoom/in-person) location TBD. I will send out a save the date invite. More to come.

Attached is a calendar of the dates/times/zoom links for each workgroup.

I would be more than happy to schedule time with you individually to meet and discuss our partnership! Please let me know.

I look forward to working with each and every one of you!

Let the fun begin!!!

Subject: No YSC Meeting Thursday March 3rd, 2022

Importance: High

Hello Folks,

In reviewing our action items for YSC there is nothing pressing for March. We will use March for some of the subcommittees to meet and will have our next YSC meeting on Thursday April 7th at 3pm via webex. An email with the meeting invite for April will go out a week prior with meeting materials. If you have any questions or need any assistance please let us know.

Thank you and have a fabulous day!

Strengthening Families Program (SFP) Virtual 2-Day Group Leader Certification Training

Strengthening Families Program

Thursday, April 7 and Friday, April 8

9:30 a.m. to 3:30 p.m. on Zoom

Program fee: \$425

The Strengthening Families Program (SFP) is a nationally and internationally recognized, evidence-based parenting and family skills training program found to significantly reduce problem behaviors, delinquency and alcohol and drug abuse in children, and to improve social competencies and school performance.

Participants must attend both program dates to receive certification. At the conclusion of the two-day training, participants will receive a Strengthening Families Program completion certificate and 12 CEUs from the Certification Board (pending approval). Completion of the training certifies participant to deliver the 14-week program.

Upon registering, please send the **program fee of \$425 no later than 3/25/2022 via check or purchase order** to:

RWJBarnabas Health Institute for Prevention and Recovery
Attention: Nicole Leppert
442 NJ-35
Building A, 3rd Floor
Eatontown, NJ 07724

Failure to remit payment by 3/25/2022 will result in cancellation of your registration.

In addition to the program fee, each agency will need to **have or purchase one of the 2015 curriculums (SFP 3-5, SFP 6-11 or SFP 12-16) through Hopeful Helpful Training & Consulting, LLC prior to the Certification Training. Each age specific curriculum costs \$450 plus \$25 shipping. Information on how to purchase the curriculum will be sent upon registration. All participants are required to have access to at least one of the curriculums to participate in the training.

Space is limited to 20 participants, so register today!

Importance: High

Hello Folks,

In reviewing our action items for YSC there is nothing pressing for March. We will use March for some of the subcommittees to meet and will have our next YSC meeting on Thursday April 7th at 3pm via webex. An email with the meeting invite for April will go out a week prior with meeting materials. If you have any questions or need any assistance please let us know.

Thank you and have a fabulous day!

Hi Kim,

The whole newsletter might be of interest (if you don't get this already). These two items caught my eye:

Medical School Addiction Medicine Curriculum: Designed for Medical Students by Medical Students

New medical school curriculum developed by winners of the **Coalition for Physician Education in Substance Use Disorders** (COPE) Medical Student Curriculum Challenge is now available to download at no cost.

The ORN-funded challenge had medical students use their knowledge and creativity to design learning resources related to the development of the skills and attitudes critical to providing care to persons with substance use disorders. From 36 submissions, there were 8 winners and 4 honorable mentions. Twelve curriculum designs are now available and free of charge on COPE's website for use by medical schools across the country. See the list and instructions on how to download [here](#).

For additional evidence-based resources on the prevention, treatment and recovery of opioid use, stimulant use and all substance use disorders, submit a request at [OpioidResponseNetwork.org](https://www.opioidresponse.org).

Virtual Training: Recovery Ambassador Training

March 22-24, 2022

This ORN-funded, **Faces & Voices of Recovery**, Recovery Ambassador Program is a free training that prepares individuals to advance public understanding and appropriate responses to addiction. The training program consists of Our Stories Have Power, Recovery Messaging, the Science of Addiction & Recovery and the Recovery Ambassador curriculum. Course material includes instruction in language and stigma, recruiting volunteers, building messages, organizing community action, engaging policymakers, raising money and effective advocacy. Virtual Meeting: ACMT National Case Conference

February 17, 2022

The **American College of Medical Toxicology**, an *ORN* partner organization, is hosting an online conference on February 17, 2022 at 1:00 pm ET to discuss a case of infant opioid toxidrome and details of opioid transmission into maternal breast milk. This case was detected in ToxIC NOSE, a multi-center initiative that explores novel opioid and stimulant exposure cases. Read more about the case [here](#). [Register for the conference here](#).

Social Work Chat Live: Spiro Spero

February 28, 2022

This *ORN*-funded activity coordinated by the **Boston Medical Center** is a viewing of a play titled "Spiro Spero." Participants will watch the streamed play from 11:30am - 12:30pm ET on YouTube and then attend a talk-back following. Spiro Spero is a one woman play written and performed by a psychiatric nurse practitioner who specializes in addiction. It explores the lives of five people impacted by substance use disorder and their experiences in treatment, in the community, and in the healthcare setting. A talk back will occur immediately following the stream. [Learn more.](#)

Virtual Training: Stimulants 101

March 10, 2022

This ORN-funded training from the **Boston Medical Center** is designed to provide an overview of stimulant use disorders for all healthcare staff including providers, nurses, counselors and other non-clinical staff. The training reviews stigma, identifying stimulant overdose, managing acute stimulant intoxication, de-escalation techniques, and evidence-based treatment for people who use stimulants. Subject: National SRO Day 2-15-2022

Hello Folks!! ☺

Today is National SRO Day! In Ocean County we have some of the most dedicated and dynamic SRO's in the state! We want to highlight the work they do, the support they provide and the smiles they help foster in their schools! Our Barnegat Communities that Care Coalition was able to interview staff and students at Barnegat High School about Officer Weber and surprise him with lunch to show him how much the community appreciates his dedication. The link below is for the video BCTC was able to make for Officer Weber! We are so proud of ALL of our SRO's and we look forward to seeing more officers highlighted throughout the year, not just on National SRO day!

[Officer Weber - Barnegat School Resource Officer \(SRO\) - YouTube](#)

The YSC has partnered with the Prosecutor's Office and the Youth Advocate Program through our JDAI Innovations grant dollars in previous years to Nationally train our SRO's through the National Association of School Resource Officers (NASRO) and intend to continue to do the same again. We believe in our SRO's and the work they do, and we believe

they are an essential part of our community! All of the Community Policing Officers across the County share a passion for working with youth and our communities and it shows in the work they do! We couldn't be more proud to highlight some of this work! If you highlight your SRO, please let me know and send me your information so we can share it with the rest of the community!

National School Resource Officers Day Proclamation

WHEREAS, The National Association of School Resource Officers (NASRO) is dedicated to making schools and children safer by providing the highest-quality training to school-based law enforcement officers;

WHEREAS, school resource officers (SROs) bridge gaps between youth and law enforcement and embrace a triad concept of school policing, serving in informal counseling, education and law enforcement roles to support students and communities they serve;

WHEREAS, by training law enforcement officers to counsel, educate, and protect school communities, the men and women of NASRO continuously lead by example and promote a positive image of law enforcement to school children and school communities;

WHEREAS, SRO programs across the globe are founded as collaborative efforts by police agencies, law enforcement officers, educators, students, parents, and communities to create safe learning environments, provide valuable resources to school staff members, foster positive relationships with students and develop strategies to resolve problems that affect youth with the goal of protecting all children, so they can reach their fullest potential;

WHEREAS, school resource officers are valuable and essential members of the education community and deserve unwavering respect and support from the public in the pursuit of keeping schools and students safe;

NOW, THEREFORE, the National Association of School Resource Officers hereby proclaims February 15 as School Resource Officer Appreciation Day,
<https://www.nasro.org/news/2022/02/04/news-releases/national-school-resource-officer-appreciation-day-proclamation/>

The YSC wants to thank ALL of our SRO's for being Super Hero's in our schools!
Have a fantastic day! ☺

Subject: Extra Surgical Masks and Hand Sanitizers

Hi Toms River CTC

I received an email from the corporate foundation that they *"have a large supply of surgical masks and hand sanitizers that we can donate/distribute to the community. The masks "expire" technically in April, however Supply Chain leadership said they would be fine for the community, just not viable for clinical settings or anywhere in the hospital."*

If anyone is in need of masks or hand sanitizers, please let me know so I can get them to you. I have to put an order together.

Thank you,
Roberta

Hi Everyone!

We have been partnering with Jersey Shore University Medical Center on HIV Prevention for about 2 years. They are graciously hosting a free event at our facility. I would greatly appreciate it if you could circulate this flyer to you respective Boards/Committees.

Thank You and Take Care!

Gina

Good Afternoon

You were correct I had submitted more than the full grant, thank you for the correction. I have attached the revised invoice and backup paperwork for your review. Do you need me to resend it out to your office as well?

Thank you again for your help and please let me know if you need further changes.

Have a good day,

Hi,

While reviewing the December Recover Supports COVID invoice I saw that as of November HSL has \$1,410 left for the rest of the year however the invoice is for \$1,488.83 which would bring invoice \$78.83 over the allocated amount. Please confirm these numbers on your end and revise the invoice as needed. If you have any questions please let me know.

Thank you!

Subject: [EXTERNAL] Parenting Wisely - a FREE highly interactive online parenting program - available through the Ocean County Health Department

This message has originated from an **External Source**. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Hello
Could you please send out to your distribution lists?

Thanks

Please forward to your distribution lists, thank you.

ARE YOU LOOKING FOR A PARENTING PROGRAM?

PARENTING WISELY is a highly interactive **online** parenting course designed by family and social scientists to equip parents with the tools necessary to engage their children in difficult family scenarios. Parents would learn constructive skills proven to **lessen** drug and alcohol abuse in youth, school and homework problems, delinquency and other problem behaviors, family conflict, and more. It holds the distinction of being the only online parent education course for families that is currently listed on the U.S. Department of Health and Human Services National Registry for **EVIDENCE-BASED** Programs and Practices.

How to sign up or for more information:

Contact Kelly L. at the Ocean County Health Department @
732-341-9700 x7232 to get an account!

[HTTPS://WWW.PARENTINGWISELY.COM/](https://www.parentingwisely.com/)

***Also available in Spanish**

Program Requirements-

Time: 3-5 hours to complete the course. Sign up includes 24/7 Access for 6 months as well as a certificate upon completion.

Age: Parents of children 8+

Commitment: Each parent must finish the course over a maximum of 6 months.

Participants: Parents are taken through the course one question at a time. The participant watches a video with a common family scenario and is given choices on how they would handle that situation. At the end of each chapter there is a small quiz. The site includes parent forums as well as a take home guide for future reference.

Goals-The goal of Parenting Wisely is to equip parents with the skills they need to improve family interactions. Parenting Wisely is evidence-based and has been proven to reduce teen alcohol and drug use, aggressive behaviors, and improve overall family communication.

Objectives- Each chapter explores scenarios to improve parenting skills in all situations. Some of the chapters include...

1. Helping children to do housework
2. Loud music, chores incomplete
3. Helping children do better in school
4. Sharing the computer
5. Curfew
6. Sibling conflict
7. Step parenting
8. Getting up on time
9. School, homework, friends
10. Finding drugs

Good Morning Stigma Sub-Committee,,

Thank you for a great meeting last week. Our next meeting is scheduled for January 12th at 10 am at Hope Sheds Light. We will continue our conversation on the conference. Below is the tentative schedule for the conference we discussed as well as potential speakers. Heather reached out to the Clarion as a possible venue. The Clarion is easy accessible and has a great menu!

Pam and Heather discussed this sub-committee coming together to participate in the Hope Sheds Light podcast – please see this DOODLE so we can select a date and time for that podcast:

[REDACTED]

Please RSVP your attendance for January 12 to both Heather and myself.

Thank you and Happy Holidays,
Kim

Subject: Revised Bylaws for Commissioner Board action 5.4.2022
Attachments: Ocean County YSC By-Laws 2019 FINAL for 2022.docx

Hello Folks,

As discussed and approved at the April 7th, 2022 YSC meeting, attached is the final draft of the YSC Bylaws approved by County Counsel on 4/11/2022, and submitted today to the Clerk of the Board for Commissioner Board action on 5/4/2022.

The revisions include language to reflect "Board of Commissioners" instead of Freeholder(s); as well as revised language to remove any gender specific references.

Thank you and have a fantastic day! ☺

FREE Virtual Substance Use Prevention Training Series

RWJBarnabas Health Institute for Prevention and Recovery (IFPR) and the DART Prevention Coalition of Ocean County are offering a **FREE** virtual substance use prevention training series for Ocean County professionals funded by the Ocean County Health Department. Topics include self-care, drug trends, prevention science, vaping, opioids and pain management, data, grant writing, gambling, and social media and youth.

Participants who attend the live webinar sessions will receive 2 CEUs per webinar from the New Jersey Department of Education and The Certification Board.

Explore & Restore: Self-Care Strategies for Professionals

Tuesday, May 17
10 am to 12 pm

Presented by:

Ruth Palacio, MS, CASAC, Clinical Health Educator, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

The key to helping and supporting others lies in exploring and practicing self-care approaches for balance and sustainability. Many professionals often experience stressful challenges with work and home life, making the practice of self-care essential for overall wellbeing. This virtual training offers an opportunity to explore new perspectives on the effects stress has on the mind, body, and spirit. Participants will have an opportunity to develop a self-care plan with evidenced-based tools to reconnect and restore balance within oneself.

Adverse Outcomes: The Impact of COVID on Current Drug Trends

Thursday, May 19
10 am to 12 pm

Presented by:

Michael Capko, Senior Manager, IFPR
Nicholas Beam, DROP Program Manager, IFPR
Lauren Olsen, MA, LCADC, CCS, Clinical Health Educator, IFPR

This training will discuss how the current COVID-19 pandemic exacerbated risk factors surrounding substance use, leading to adverse outcomes among high-risk populations for substance use disorder (SUD). In addition to social and economic changes caused by the pandemic, along with the inconveniences regarding treatment access and adherence, can aggravate SUD, we will review latest drug trend data among the youth and adult populations. Participants will learn the damaging effects these drugs have, methods for identification and how our culture is driving their popularity.

A Recipe for Disaster Prevention: The Ingredients in Prevention Science

Tuesday, May 24
10 am to 12 pm

Presented by:

SFC James Kube, National Guard
SSG Christopher Petrizzo, National Guard
Roberta Rapisardi, M.S.Ed., Senior Manager, IFPR
Amy Piacente-Desch, DART Manager, IFPR

This presentation will provide an overview of Prevention Science as an approach to improve community outcomes for children, youth, and adults. This multidisciplinary approach utilizes evidence-based strategies to enhance protective factors and reduce risk factors to improve the health and wellbeing of individuals, families, and communities. We will share best practices used in assessments and lessons learned to determine and identify the needs of the community as well as the gaps in current services. Attendees will learn strategies to address substance use at the community level through Prevention Science.

[Register](#)**Vaping: What You Need to Know to Help Your Teens**

Tuesday, May 31
10 am to 12 pm

Presented by:

Monica Hanna, MPH, CHES, NCTTP
Assistant Director of Nicotine and Tobacco Recovery Program, IFPR

Laurie Herrick
Prevention Specialist, DART Prevention Coalition of Ocean County, IFPR

This presentation will provide an overview of the vaping epidemic and what we know about the effects of vaping today. Additionally, presenters will review the growing trend of youth vaping THC, the psychoactive component of marijuana, and review how this can impact adolescent brain development. We will explore the social impacts of electronic cigarettes and how to tackle nicotine addiction through prevention and recovery using evidence-based practices. Attendees will also learn about current policies that are in place to help schools manage nicotine addiction, as well as an overview of synthetic marijuana (also known as Spice or K2).

[Register](#)**Pain Management – Alternative to Opioid Prescribing**

Tuesday, June 14
2 pm to 4 pm

Presented by:

Megan McGrane, MS, PA-C
Director of Advanced Practice Provider Education

Cooperman Barnabas Medical Center
Andrew Vassallo, Pharm.D., BCPS, BCCCP
Critical Care Pharmacy Specialist
Community Medical Center

Emergency departments often provide medical treatment to patients suffering with acute and chronic pain. RWJBarnabas Health's Institute for Prevention and Recovery, in collaboration with its Tackling Addiction Task Force, leads strategies for the system-wide Deliberate Reduction of Opioid Prescribing (DROP) initiative to enhance the treatment of acute pain, chronic pain, and substance use disorder by developing and implementing best practices through a multidisciplinary, multimodal approach. Through our Emergency Department Alternatives to Opioids (ED-ALT) pilot program, our hospital system has worked on managing pain more comprehensively coupled with offering substance use disorder support services and demonstrate better linkage to aftercare services and reduce hospital readmissions. This presentation will take a closer look at a stepwise approach to pain control, a multimodal approach to pain as well as a judicious approach to opioid use. We discussed the recognition of substance use disorder and withdrawal in our patient population and discussed utilization of medications for opioid use disorder and the role our peer recovery services play in connecting patients to ongoing recovery support.

Have Data Tell The Story: Next Level Grant Writing

Thursday, June 16
10 am to 12 pm

Presented by:

Brittany Fishman, Research and Development Manager, IFPR
Reyna Maybloom, Evaluation Manager, IFPR
Michael Capko, Senior Manager, IFPR
Amy Piacente-Desch, Prevention Manager, IFPR

This presentation will discuss the importance of data storytelling and explain how to translate data into a narrative, specifically for grant writing. Data stories help communicate key insights by combining data, visualization, and narrative to communicate key pieces of information. Presenting data as a story can help communicate complex ideas and is necessary to complete a successful grant application. We will focus on how to develop a compelling and competitive grant application with data that engages the grant reviewer and clearly outlines the goals and objective of the grant. This webinar is designed for nonprofit professionals, staff managers, or anyone who is interested in learning about data and the grant writing process.

The Wild World of Sports Gambling

Tuesday, June 21

10 am to 12 pm

Presented by:

Dan Trolaro, Vice President of Prevention, Epic Risk Management

Consistently, there are more creative and fast-paced forms of entertainment to help people escape, cope, or adjust to the stressors of life. Whether finding it through substance, technology, or a variety of other methods, individuals are becoming more daring, tech savvy, and tech dependent. One area that has seen explosive growth exists in the world of legalized sports gambling. As a result, individuals have access to information and opportunities to wager 24/7. This workshop will explore the psychological aspects, emerging trends, and future considerations for prevention and treatment in sports gambling.

What Did You Just Say? Insights into What the New Generation Says Online, and How to Speak Their Language with Your Social Media Strategy

Thursday, June 23

10 am to 12 pm

Presented by:

Dr. Joe Smyser, CEO, The Public Good Projects
Chelsea Stack, Youth Prevention Manager, IFPR
Kylie Elimanco, Prevention Specialist, IFPR

Have you seen choreographed dances or heard, “I saw that on TikTok” and wondered what that’s all about? With TikTok, Instagram, Snapchat, and Twitter at everyone’s fingertips and young adults flocking to these platforms, it’s more important than ever to speak Gen Z’s language. Join RWJB and The Public Good Projects for a two-part presentation exploring Gen Z’s social media consumption and how to create powerful tailored messages that uplift your existing prevention efforts. This training will focus on what makes Gen Z unique from past generations and how social media affects their daily lives. By understanding how to engage with a younger audience, you can foster new connections and allow a space for social-emotional support. Learn how to utilize social media to relay your messaging with a targeted approach to reach young people using the language they know.

Subject: Toms River CTC Community Board Vote

Importance: High

Good morning Community Board and Data Workgroup,
Thank you all who attended Wednesday's Community Board meeting. It was a productive meeting. In the meeting we discussed the three risk factors and protective factor that you will vote to be the top priority. The data workgroup reviewed the data and chose the top three risk factors. Please see attached report and worksheet to review the data. Please reply to this email with the risk factor you believe we should select as a priority. Majority will rule in this vote. We had a poll in the meeting and **depressive symptoms** was picked as the top priority.

Attached is the Toms River Regional School District (RSD) report and a snapshot of page 25 reflecting the combination of grades 6-12.

Submit your vote by Friday, 4/22.

Below are you selections:

VOTE FROM DATA TEAM

(peer/individual)

3 risk factors

Depressive symptoms

Antisocial favorable behavior

Perceived risk of drug use

1 Protective Factor

Prosocial Involvement (Peer/individual)

Please let me know if you have any questions.

Thank you!

This message has originated from an **External Source**. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Good afternoon Shelby,

I hope you're having a wonderful and productive week.

Last fall Rutgers University launched the [Juvenile Justice and Youth Development Certificate Program](#). Designed to attract, train, and retain a workforce prepared to address the demands of juvenile justice and work with young people impacted by the system, the Rutgers JJYD Program provides professional

education opportunities drawing from the fields of psychology, social work, criminal justice, law, and education.

Below you'll find a flyer with links to learn more and register for the full certificate program or individually for either of the upcoming course offerings. Our upcoming "[Cultural Competence](#)" and "[Youth Justice Reform: Individual and Systemic Problems and Solutions](#)" courses are both eligible for 7 NJ Continuing Legal Credits and 6 Social Work CE Credits.

We'd appreciate if you would kindly share this information among your respective networks and those you believe would benefit from our program and courses most.

With gratitude,

Sabrina Perez

Enroll today in this required Juvenile Justice and Youth Development online course. Class starts April 21st.

Cultural Competence

April 21 & 28, 2022 | 12:00pm-3:00pm EDT | Online Course | \$295

[Learn More & Register](#)

The [Rutgers Cultural Competence online course](#) will introduce you to concepts in implicit bias and cultural competence, including organization structures and communications strategies that are culturally responsive and support effectiveness in diverse communities.

Through a combination of self-paced components and six hours of live virtual sessions lead by expert instructor, Marta Esquilin, participants will gain increased self-awareness about their own biases as they related to youth, families, and colleagues. The lessons will support participants to be self-reflective about their assumptions, beliefs, and experiences and how they can enhance or challenge their efforts in youth and family engagement.

One of the required courses for the [Rutgers Juvenile Justice & Youth Development Certificate](#), this online class will bring you both one step closer to achieving the certificate and providing the foundation you need to be a more culturally competent provider of services to support youth and families. [Register today!](#)

Meet Your Instructor: Marta Esquilin

Marta Elena Esquilin is the Associate Dean of the Honors Living Learning Community at Rutgers Newark, an Assistant Professor of Professional Practice in the American Studies Program within the Faculty of Arts and Sciences, and a diversity, equity, and inclusion consultant. Prior to her role at Rutgers University-Newark, Marta served as the Director for Social Justice and Intercultural

Programs within the Office of Multicultural Affairs at Columbia University, trainer/consultant for the Posse Foundation, and held various positions at non-profit organizations focused on youth development, access and equity in higher education, and community building.

Who Should Attend:

Open to anyone interested in the improvement of the juvenile justice system, course participants may include:

- Juvenile Justice and Child Welfare Professionals
- Probation and Court Service Professionals
- Judges

- Social Workers
- Probation Officers and Managers
- Prosecuting Attorneys
- Public Defenders
- Guardians Ad Litem and Child Law Attorneys
- Educational Staff and Advocates
- Behavioral Health Providers and Clinicians
- Federal, State, and Local Policy Makers and Advocates
- And any other professionals working with justice-involved youth

Continuing Education Credits

NJ Continuing Legal Education: 7 CLEs

NJ Social Work: 6 CE credits

Need help registering? Contact our registration department at (848) 932-9271, option 2 or at registration@njaes.rutgers.edu.

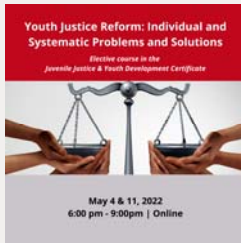

Please feel free to contact me with any questions. I'm happy to help.

Help crime survivors find their justice.

National Crime Victims' Rights Week | April 24–30, 2022

For this FREE event, we invite crime victims, survivors, their family and friends out to help raise awareness for victims' rights in Ocean County and show support for all victims of crime.

Learn about community resources by visiting vendor tables featuring service providers who work directly with victims and survivors of crime in Ocean County.

*This project was partially supported by VOCA V-57-19, awarded by the Office for Victims of Crime,
Office of Justice Programs, U.S. Department of Justice*

Greetings!

I am sharing with you a job posting for a **Survivor Advocate/Family Crisis Counselor** position open at Ocean's Harbor House in Tom's River. This is a new dual position working both in Ocean and Monmouth counties facilitating prevention groups about commercial sexual exploitation and providing family and individual counseling. The candidate we are looking for identifies as a survivor of the commercial sex industry.

Would you please be so kind to share, post and forward this job description in your circles?

Thank you in advance for your help, please have potential candidates reach out to me with any questions or concerns.

Hi Heather and Nancy,

Hope you are doing well, I'm just reaching out to introduce myself and pass on some information for the ARCH Nurse Program at Ocean County Health Department. Our ARCH nurse Sue is able to provide low cost HIV/ STI/ Hepatitis C & pregnancy counseling and testing, free Narcan training and distribution, and all things harm reduction. We also provide referral for treatment and support services like Hope Sheds Light and can now offer individual counseling on site for anyone receiving ARCH services.

Would be happy to come by when things thaw out to drop off some brochures and meet. Let us know if there is a good day/time to stop by in the coming weeks.

Subject: Ocean County Health Department ARCH Services

Hi Heather and Nancy,

Hope you are doing well, I'm just reaching out to introduce myself and pass on some information for the ARCH Nurse Program at Ocean County Health Department.

Our ARCH nurse Sue is able to provide low cost HIV/ STI/ Hepatitis C & pregnancy counseling and testing, free Narcan training and distribution, and all things harm reduction. We also provide referral for treatment and support services like Hope Sheds Light and can now offer individual counseling on site for anyone receiving ARCH services.

Would be happy to come by when things thaw out to drop off some brochures and meet. Let us know if there is a good day/time to stop by in the coming weeks.

Thank you,

Hi Heather,

I apologize but we had an event come up for the morning of 2/25 and won't be able to stop by then. If you are free at all the afternoon of 2/24 we will stop in then, if not we will plan for a day in early March!

Good afternoon Cara,

Thank you for your response. The morning of Friday the 25th at 10am would be great.

I look forward to seeing you then.

Have a fantastic remainder of the week.

Hi Joanne,

Thank you for sending the Hope for Her invoice over. I see that the sober living monthly rent is included for both January and February and wanted to check on the previously submitted Hope For Her January invoice for \$2,016 that needed to be updated. Is that value included in this invoice or is that invoice still being worked on?

Subject: Hope For Her Invoice

Hi,

I apologize if you're not the right person to contact for this request but I'm reviewing the new January Hope For Her invoice for \$2,016 and see it reports 6 clients ~ 1 hour/week for 4 weeks. We will need this invoice to follow the other invoices submitted with a number or code for each individual client with their hours broken down. Please let me know if you have any questions or if there is someone else I should be asking!

Thank you,

Hi,

Emailing it is perfect I don't need an original hard copy at this time. Thank you for promptly working on it - I've processed and submitted for reimbursement.

Thank you and have a great weekend,

Good Afternoon

You were correct I had submitted more than the full grant, thank you for the correction. I have attached the revised invoice and backup paperwork for your review. Do you need me to resend it out to your office as well?

Thank you again for your help and please let me know if you need further changes.

Have a good day,
Joanne

Subject: December Recover Supports COVID Invoice

Hi,

While reviewing the December Recover Supports COVID invoice I saw that as of November HSL has \$1,410 left for the rest of the year however the invoice is for \$1,488.83 which would bring invoice \$78.83 over the allocated amount. Please confirm these numbers on your end and revise the invoice as needed. If you have any questions please let me know.

Thank you!
