All,

As I'm working off campus today, it seems we had a resident stop by the office with the voicemail complaint attached. In speaking with the gentleman's wife, it seems their garbage can is never completely emptied and the leftovers end up on the street. Please let the driver know to be a little more cognizant at [redacted] Road.

Mike,

Received communication that this and everything is picked up in Mansfield right now.

As for this road, and some of the other common roads missed (Jacksonville, Georgetown, 68, etc...), these seem to be the larger roads in town. Drivers on route often concentrate on the courts, developments first and gameplan to get the bigger roads on way out of town. The problem is that by the time the road is addressed, the driver is either packed out or out of hours for the day. We can have them concentrate on these roads on way in but risk laying a portion of a court or development (four seasons, etc). Obviously laying the same street over and over causes frustration for the town.

I will continue to discuss with the drivers in town to concentrate not laying the same street over and over as a short term solution.

All,

We had a pretty good run and for that I'm very appreciative... However, not sure what happened but the last two weeks, we've literally fallen off the cliff! Please take a listen as I've been sending these residents continuous voicemails to you since Tuesday evening but yet she still has not been picked up?? If there is an internal problem within Republic, communication is key! Something obviously happened. Please grab this resident as she continues to hound me.
