Liz.... You guys are killing me! Why did no one pick up the phone and call? Why didn't the driver use the secondary entrance? This is truly unbelievable! The service since Mr. Brooks left as been abysmal at best! I can't even fathom the incompetency of Republic. I'm going to bite my tongue now, before my Irish gets me in trouble, but you should all be embarrassed! As we all know, this contract is up at the end of the year, not that it matters to any of you.

Well Allison, the ball has been dropped once again by Republic! There is absolutely NO REASON they could not enter your development through either one of the two gates. As far as pickup, we are at their mercy, for now, on when they are picking up. Republic please respond.

Allison,

I called the number located below Ms. Young's name and had to leave a message. My message stated that vehicles are able to enter and exit the development with no problem BUT..... even if they weren't able to get in the entrance, wherever they say the construction is, you would think Republic would know by now that there are TWO entrances into the development, one off of 68 and one off of Mansfield Road East!

Can someone from Republic please tell me if the drivers are going back to Four Seasons???

Your company has been providing trash collection for our community on the same day every single week for over the past year. It is unacceptable to not only be unaware of 428 homes that you provide a service to every single week but, to inconvenience myself and Michael to make up for your company's short comings so regularly. Please provide a date and time **ASAP** that we can expect collection so I can alert my increasingly impatient residents.

Your company has been providing trash collection for our community on the same day every single week for over the past year. It is unacceptable to not only be unaware of 428 homes that you provide a service to every single week but, to inconvenience myself and Michael to make up for your company's short comings so regularly. Please provide a date and time **ASAP** that we can expect collection so I can alert my increasingly impatient residents.

They have bags, cans, loose trash... just like any other development. Each home has their own can or bag out front of their house. Please call Allison at the number below and give her an update.

Our team tried to collect the couch this morning, they are saying it is too heavy for them to put it in the truck. The driver asked the resident to cut it up, so it is easier for the team to lift it into the truck.

Gary..... This was discussed and you said it would be picked up as per below? The resident moved it to the curb for the TRIRD WEEK in a row based on your email below? Now what? Per contract, couches and recliners are to be picked up? I'm seeing your crew no longer picking them up? what gives?

All,

Received a call from an elderly resident who just moved into [REDACTED] ne in Homestead. She had a relative bag up some stuff in the house and put it curbside prior to the relative getting out of dodge. Is there anyway we can make an exemption to the 6 bag rule for this resident for this week? She believes it is 10 bags out there and she can't bring them back to the garage?

Subject: [REDACTED] Avenue Poison Ivy

Good afternoon,

While I appreciate the excellent job the crew does on our trash collection, would it be possible to ask them to stop throwing the lid of my trash can into the poison ivy on the side of the street when they collect? My 4 kids and I would really be grateful to avoid getting poison ivy from taking out the trash lol. Just leaving it next to the can or tossing it into the grass would be great. 😊

Thank you!!

All,

Received a call from a resident a [REDACTED] Lane in the 55 and older Community of Four Seasons here in Mansfield. Resident states, each time on trash day, the gentleman will take the top bag out of his can and leave the second bag in the bottom of the can. He is politely asking the crew take both bags out of his can, as this is an ongoing issue. Please don't kill the messenger...

Thank You,

Ok, see below and follow the thread!! What the heck is going on!! Come on now! This resident contacts me for missed pick up, I contact you, and you tell me he's been picked up??? And now he hasn't been! This is really starting to get ridiculous!! You state right below "DRIVER SAYS THIS AREA IS COMPLETED" Is your driver an idiot??? When will this be picked up???

Michael Fitzpatrick, Administrator - Superintendent

For the third time in recent months, four adjacent homes including mine, on Cottage Lane East southerly side, in Homestead have been by-passed during garbage collection, while ALL of the homes on the opposite side (northerly) of the street were picked up. Doesn't happen with the recyclables.

Never had this persistent problem in my twenty seven years in residence here with the municipal crews.

I've had to call the Property Manager, Karen Brown, in each incident. She's now passed the buck for me to contact you directly since it's not part of her responsibility. I don't blame her.

I and my neighbors would appreciate your prompt action with the contractor.

How should I contact you from now on? Cell, landline, email? I am seriously hampered with my hearing so any verbal communication needs to be done at a slower pace.

Michael,

These trash complaints are getting crazier and crazier.

Jerry Levanduski from [REDACTED] stopped by and is concerned because multiple times he has come home and his trash can has been emptied but the trash men are putting it dead center in the bottom of his driveway. He and or his wife have to get out of the car and move the trash can before they can pull into the driveway. I told him I would pass the message on to you.

Is there a reason that our trash has not been picked up, pick up day is Wednesday? I can see the entire street and surrounding side streets have not as well.  
This is not the first time, and certainly not the first time with recycling as well.

Please advise, when the garbage truck will be buy to pick up the trash, before animals get in it.
