Mike,

Just left you a message. I sent you the maps and the highlighted in email below. I explained we had a breakdown and recovery would take place today.

I will call your residents directly. I spoke with our driver and he picked up whatever was laying from last night by 1PM today. We will be in the town again tomorrow.

Mansfield Update 6/8/2022

Our driver broke down mid/late day and was done for a while, I got him back out on route and he collected everything marked in black. For tomorrow, we'll have him back out on route. FYI should you start receiving calls.

Liz, maps are on your desk for the morning.

I spoke with our drivers on route today in Mansfield. Both have their maps and their instructions not to leave town until everything is off the ground. Both are progressing nicely so far. Both are aware of Petticoat Bridge road and have been given instruction to work as a team to ensure it is picked up before they come into port. It will be picked up before the end of the day so you might get calls on this but that doesn't mean it isn't going to be serviced.

Thank you,

Mike, I just sent you an email explaining where we are. See below:

RE: No Trash Pick Up for Kings Court.

Moscatelli, Marc

To ○ Michael Fitzpatrick; ○ Jimenez, Elizabeth; ● Monell-Clark, Denise; ● Spirito, Anthony

4:02 PM

Mike, I have our driver on route to pick this up. Looks like on the map it is tucked away, no excuse for the miss however. My driver is in area and knows to grab it.

For School House and Georgetown, same driver will run those streets and grab what is out.

The town maps for Friday are split in two between two drivers. My one driver is confident of completion plus Kings court, School House Lane, and Georgetown. My second driver just called in a breakdown due to faulty parking brake and is currently stranded on 206. I am dispatching my maintenance crew to help get him back on road, determining what he still has on the ground, and working to get some more recovery in town.

I will keep you posted as the rest of the day progresses.

Thanks,

Marc Moscatelli

We are on schedule to have the town cleaned up today. We are running on track for the normal days. As I told you last week we have a new driver on the route. He is just learning the route it will probably take him another week or so but he will be excellent for your township and you should not have any additional issues.

Thanks
Liz

We are on schedule to have the town cleaned up today. We are running on track for the normal days. As I told you last week we have a new driver on the route. He is just learning the route it will probably take him another week or so but he will be excellent for your township and you should not have any additional issues.

Thanks
Liz

Team, put this on your calendar and please make sure its happening. We have done this for other customers and it seems to improve communication..

Mike our number into our call center is 865-234-4000 If you decide to use this we need to make sure all the notes on your account are accurate and you would need to work with Denise on that... it is an option and will eliminate calls into you

Absolutely... you have my cell at ~~XXXXXXXXXX~~ I personally think a call around noon maybe better.... If missed the night before, people usually get up, see it still out there, wait an hour or two to see if it's going to be picked up, then call me... Just a thought.

Can I request a call every morning around 9 with Liz , Marc and Mike? I would suggest you get on the phone and discuss if anything was sitting the night before and the plan for recovery that day. Speaking with Mike yesterday, we had streets sitting from Friday which just can't happen.. My suggestion is Liz and Marc while together in the office call Mike and review..Mike will this work for you?

Team we need to review these failures in detail and get an understanding what is going on here on Fridays. As I instructed last week we need to have good maps for the new drivers that are going out and request they highlight each section after completion.

Marc please make sure this section is recovered tomorrow. Denise , we can get together Monday morning and see where the break down is coming. Please bring any maps that we have for the Township so I can review the quality of what we are using.

Report Suspicious

As discussed, it seems Republic has run out of the "Red Violation Stickers" we gave a while ago. As you all know, I'm very big on Communication as I see it key. That being said, we have another box full of the "stickers" to be placed when garbage is not picked up in letting the resident know why. How would you like me to get this case of "stickers" to Republic?

Thank You,
Michael Fitzpatrick
