So, led to believe the route was completed today, which would be outstanding. Per voicemail attached, wondering if the route was not completed and that's the reason??? [redacted] also known as route 545. It seems the road continues to be missed WEEKLY. Resident called me while typing this, he can't understand as I, why this road continues to be missed? Please let me know if it was truly missed, or if this section of town was just NOT completed and was put on for recovery. I need to know where we are at with this road PLEASE.

So Gary, this is the husband of the woman that was calling me on [redacted] If you remember, you went over in your pickup and reported back that it was way too much. Before I call this cat back, just want to make sure you and I are on the same page... he sounds agitated, which I can handle if I have facts. Give me a call or let me know your thoughts.

Thanks Gary,
