Re: Open Public Records Act Request

Dear Mr. Epstein:

As you know, I am the Business Administrator and Custodian of Records for the Pinelands Regional School District Board of Education (the "Board" or the "District"). On December 14, 2017, I received a request for records (the "Request") pursuant to the Open Public Records Act ("OPRA" or the "Act"). The Request seeks "Within the past 24 hours, two asbestos tests were posted to the district website. One letter was dated December 6th, the other dated October 12th. Please provide the emails in which these letters were originally received." You will find attached the waste shipment records attached that contains the information you seek.

Upon your review of the above should you have any further questions please do not hesitate to contact me.

Sincerely,

Stephen J. Brennan, MBA, CPA
Business Administrator/Board Secretary

Jim

Attached are the following that did not have reports in which I created one;

PCM's on 9/30-10/2

TEM's on 10/4

TEM 's on 10/5

TEM's on 10/8

If you are going to forward any of these please review them (esp. the PCM report).

Also I noticed there is no report for the TEM's we performed in the ANNEX building but the school has the results and Chain of Custody on their website-did we want to do a report for that one as well??
