Ms. Ascoli,

Were you made aware of the 3-2 Council vote for the introduction of Ordinance 25-15 from July 15th, prior to the second reading on August 19th?

Please advise.

Kind Regards,
Councilwoman Reynolds

Good afternoon Councilwoman Reynolds,

I wasn't in attendance at the July 15th council meeting but was made aware after the meeting that two members were not in favor (I didn't know the actual count). And that the vote would take place at the second reading on August 19th. I was asked to attend that meeting as board liaison by board leadership. We did not know what the vote would be but were hopeful that it would pass. Our district and board leadership told me they would also be attending the meeting as well to answer any questions and provide information if needed. Please let me know if you have any questions. Thank you.
Annette
