Hi Marsha

The board secretary's email is incorrect. I am cc'ing her on this email so you have it for the future.

For access to the study, go to our website and click the "Board of Education" tab at the top.... You will then see a feasibility tab...

I'm sure it will be posted some time today

Therapy Dog Program Event

The Reading Education Assistance Dogs, which is a program of intermountain therapy animals will be visiting Wandell School on May 3, 2024. All students all welcome, but in order for your child to participate in the program, you must complete a [permission slip](#) which is mandated by the company. Please print and give to your homeroom teacher. All permission slips must be in by **April 30, 2024. No exceptions will be permitted.** Any child that is not participating, will be with a certified teacher for the period of the program in a separate room.

7.

May the 4th Be With You - iSTEAM

On Monday, April 29th, we will be kicking off a week of celebrating "May the 4th Be With You" in the Innovation Station. This is a week where we embrace the spirit of the beloved Star Wars universe and let our creativity soar as high as the Millennium Falcon in our iSTEAM classes! I would like to invite all our students to participate in our "May the 4th Be With You" dress-up day on Friday, May 3rd. Whether your child wants to channel their inner Jedi, don the robes of a Sith Lord, or even dress up as their favorite droid, all t-shirts and costumes are welcome and encouraged!

For more information, please click [here](#) for a letter from Mrs. Kilgallen.

Subject: Middle School Exploration Community
Date: Friday, April 26, 2024 3:02:10 PM

The Saddle River Board of Education has invited you to fill out a form:

[SRSD Community Meeting Registration](#)

The Saddle River School District has completed phase one of the Middle School exploration process with the completion of the feasibility study. The study is posted on the website and here is a link for public review. The study determined that it is feasible for the SR District to appeal to the Department of Education Commissioner regarding bringing back a Middle School to the District. We would like to clarify that this determination in no shape or form guarantees an approval by the Department of Education, it only informs the Board of Education that it can move forward to gather more information. The Board of Education will be approving an environmental study at the May 22 Board meeting. This study will determine if the land we propose to build upon is even viable for such a project. If we do not have viable adjacent land to build upon, the exploration process will be discontinued. Regardless, the Board of Education would like to start hosting meetings in May and June, in order to provide an opportunity for members of the community who are away during the summer.

The Middle School exploration meetings will be hosted by two Board of Education members to get feedback from community members regarding the curriculum, facilities and social environment they would expect from a Saddle River School Middle School. This information will be utilized by the Board of Education to determine more accurate financial, architectural, and academic plans to be presented to the public. We encourage members of the community to attend one session. All of the sessions will be run in the same format. Please register for a meeting time to help us determine the number of the participants and the location where we will hold the meeting. It also would enable us to send some possible questions and outline/agenda prior to the meeting. Any additional questions can be sent to the Business Administrator/Board Secretary, Kaitlyn Lawler, [xxxxxxx@xxxxxxxxxxxxx.xxx](#) and Board President, Emily Kaufman, [xxxxxxx@xxxxxxxxxxxxx.xxx](#).

Emily,

It seems we have 6 responses but the first and last name question was "not required".

I just fixed it and saw someone replied and their first and last name was entered.

So the first 6 responses did not give their last name.

Kaitlyn, can provide the first and last name of those community members.

This way we have it for future reference,

Gina

I realized after I got the first replies I had omitted the first and last name data collection boxes. I added them late last night so that future registers would include that information. Since there was only six, I thought I would email them separately and add it or ask someone with access to Real-time if there was a method to look it up.

Hello Gina & Emily,

Please see the information below:

Kaitlyn

I realized after I got the first replies I had omitted the first and last name data collection boxes. I added them late last night so that future registers would include that information. Since there was only six, I thought I would email them separately and add it or ask someone with access to Real-time if there was a method to look it up.

Emily,
It seems we have 6 responses but the first and last name question was "not required".
I just fixed it and saw someone replied and their first and last name was entered.
So the first 6 responses did not give their last name.
Kaitlyn, can provide the first and last name of those community members.
This way we have it for future reference,
Gina

Subject: Middle School Exploration Community Meeting Registration
To:

The Saddle River Board of Education has invited you to fill out a form:

[SRSD Community Meeting Registration](#)

The Saddle River School District has completed phase one of the Middle School exploration process with the completion of the feasibility study. The study is posted on the website and here is a link for public review. The study determined that it is feasible for the SR District to appeal to the Department of Education Commissioner regarding bringing back a Middle School to the District. We would like to clarify that this determination in no shape or form guarantees an approval by the Department of Education, it only informs the Board of Education that it can move forward to gather more information. The Board of Education will be approving an environmental study at the May 22 Board meeting. This study will determine if the land we propose to build upon is even viable for such a project. If we do not have viable adjacent land to build upon, the exploration process will be discontinued. Regardless, the Board of Education would like to start hosting meetings in May and June, in order to provide an opportunity for members of the community who are away during the summer.

The Middle School exploration meetings will be hosted by two Board of Education members to get feedback from community members regarding the curriculum, facilities and social environment they would expect from a Saddle River School Middle School. This information will be utilized by the Board of Education to determine more accurate financial, architectural, and academic plans to be presented to the public. We encourage members of the community to attend one session. All of the sessions will be run in the same format. Please register for a meeting time to help us determine the number of the participants and the location where we will hold the meeting. It also would enable us to send some possible questions and outline/agenda prior to the meeting. Any additional questions can be sent to the Business Administrator/Board Secretary, Kaitlyn Lawler, xxxxxxx@xxxxxxxxxxxxx.xxx and Board President, Emily Kaufman, xxxxxxx@xxxxxxxxxxxxx.xxx.

Please click this [link to complete the form](#).
