Sheriff,

I have received a message from the NJ Bar President regarding AED units in Courthouses. See below. I will also forward original email.

I wrote to Laura Simoldoni who responded below. Glad to see we have this in place. Are any updates needed? I would like to provide a response to this next week.

Hi!

Hope you are feeling better. I know the Sheriff's department put a number of these in the courthouse a number of years ago and they have officer who are emts who use them when necessary. I would recommend including capt kolich and Lt VanDerWeert since they already are in place and can confirm if they need newer models. When we have a medical emergency we call the

Sheriff's department and their emts come up to assess. Let me know when you want to discuss further. But would start with capt kolich.

Thanks!

Laura

Laura,

Hope you are having a great summer. See below from NJ Bar President. Let me know what we have in place and what we might need. I will not respond until I have input from you (and Judge Mizdol).

I am out with Covid so email is best,

Tom
