I am not willing to appoint Brandon to anything . He was told not to call my house ever. He did talk to one of my staff today on a health issue but the call was not put through to me . maybe another council member will have a different opinion but i am not appointing him to anything

The Mayor asked me to let you know that green team is a council appointment. I usually check with Jay to see if there are any changes from last year and with the council to see if they want to add anyone. The Mayor has no desire to appoint Brandon to anything. And with his behavior in taping the Mayor's phone call I would imagine someone with those questionable ethics would not be someone we wanted on a committee. (just my two cents worth)
