Thank you to our law enforcement community. This includes our Howell Township Police Department, the Monmouth County Sheriff's Office and the NJ State Police. They all have a vital role in keeping our community safe. I appreciate them today and everyday.

Good afternoon to the good people of Howell

So here we are three and a half weeks in as your new mayor, it's been interesting and I like to let everyone know I'm working hard spending several hours a week at Town Hall getting to know how all it all works, more to come at a later date.

I spent this morning with our next governor Bill Spadea it was an incredible turnout, it's great to be a part of his campaign and be around like minded people. Common sense solutions for common sense issues. Putting the good people of New Jersey first.

Please don't let the lying republican RINO's tell you that their candidate running for governor cares one bit about the middle class, parental rights, our children's education, small businesses and so many other issues. He has been running for 9 years and has lost every time, conservative leadership is what we need first and foremost.

Praying Spadea gets in!!

 **Jay Hughes**

It would be great if spadea can pull it out and fix the disaster our current governor has caused. People leaving the state in droves. Hopefully we can also fix howell and stop making it the self storage capital of the world and put some real businesses in.

Spadea all the way! Thank you for your work John.

To the good people of Howell,

It's official! Today I was sworn in as Mayor to a packed house of supporters. There are so many people I want to thank.

My family for standing by me from day one. I love you and will honor you by serving Howell with honesty and integrity.

Tommy Russo for swearing me in. I appreciate your friendship and being a mentor to me.

Deacon Kevin Smith for giving an inspiring invocation.

Congratulations to Councilwoman Evelyn O'Donnell on being sworn in again and to Councilman Fred Gasior on being the Deputy Mayor. It's important we work together for the betterment of the Howell community where ever possible.

Thank you to all the dignitaries who came to the meeting, especially Bill Spadea and his wife Jodi. Your unwavering support from day one will never be forgotten and I support you 100 to be the next Governor of New Jersey.

And last but not least, the good people of Howell. You

And last but not least, the good people of Howell. You made all of this possible. I can't thank you enough. I need you to get involved and come to meetings. The change happens when you show up and speak up.

I will be setting up my office in the municipal building and invite residents to make appointments to come meet with me to discuss issues important to them.

Today has been a busy and emotional day. I want to wish everyone a Happy New Year and hope you have a healthy, peaceful and prosperous 2025.

I really wanted to come and see you take office, but I drove for Uber till 4AM and just could not get up! I really hope change is coming and good change for a change. I've lived here a long time and don't want to move but if we can't control spending and the over growth of or town my kids will have no future here and will need to move on
