

1. Air Quality Meters

From: Ed DeBow <edebow@trschoools.com>
To: Anthony Melisi <anthony.melisi@johnstonenj.com>
Sent Date: Sep 15, 2021 14:09:07
Subject: Air Quality Meters
Attachment:

Hello Anthony,

When we discussed purchasing the iWave-C units, you mentioned throwing in two (2) free air quality meters, so we could show our coworkers that the units are working. Is that still a good offer?

Thank you,
Edward A. DeBow

Good Morning Sam,

Unfortunately, I have 9/16/21 booked.

I'm sorry, if there is anything I can do for your team, I would be more than happy to schedule another day.

All good Sam, no offense taken here. That is good to hear, you have help. I hope you get them done asap.

I had you on the schedule for 9/16. 9/15 works for us as well.

Please confirm we are good for 9/ 15 at 830am.
We have a presentation ready to go for the I-Wave –
Other talking points- if you would like...

Fujitsu - Halcyon, J series &VRF
Pump &Motor - repair / replace turn key

Unit Ventilator – Clean blower section - motor repair &alignment.

Please let me know if this is acceptable and if there is anything else you would like us to address.
We look forward to being there, thank you again for the invite.

Thank you for coming. I want to apologize for Daryl not showing up. We did get Hitchins to install a few over the weekend. We hope to have Jersey controls install a few for us also this week.

Our training day is on 9/15. That's a Jewish holiday and kids will be off so I felt that would be a better day for the whole department to meet. The day will start at 830ish. Please let me know what time I can schedule you. I hope to work on the agenda in the next few days.

Thanks again for all your help.

Hello Anthony and Marisa,

I omitted a portion of the filters from some schools and some schools in their entirety due to referendum equipment upgrades. As I receive the information for the omissions, I will add them to the Product Lists, and order them. As you receive updates regarding delivery of the filter orders please let me know.

Thank you,

All good Sam, no offense taken here. That is good to hear, you have help. I hope you get them done asap.

I had you on the schedule for 9/16. 9/15 works for us as well.

Please confirm we are good for 9/ 15 at 830am.
We have a presentation ready to go for the I-Wave –
Other talking points- if you would like...

Fujitsu - Halcyon, J series &VRF
Pump &Motor - repair / replace turn key

Unit Ventilator – Clean blower section - motor repair &alignment.

Please let me know if this is acceptable and if there is anything else you would like us to address.
We look forward to being there, thank you again for the invite.

Thank you for coming. I want to apologize for Daryl not showing up. We did get Hitchins to install a few over the weekend. We hope to have Jersey controls install a few for us also this week.

Our training day is on 9/15. That's a Jewish holiday and kids will be off so I felt that would be a better day for the whole department to meet. The day will start at 830ish. Please let me know what time I can schedule you. I hope to work on the agenda in the next few days.

Thanks again for all your help.

Sam

Thank you for helping with the iwave machine. You and your people were very helpful.

I am scheduling a department training day for 7/28 from 8am to 3pm. I'm also going to have a hotdog truck here for lunch. (on me) Are you available to give a presentation on the iwave machines or any other subject that would be beneficial to the maintenance dept and the district? Please let me know if you have something in mind and what time you can do a presentation. The hotdog truck will be here from 1130am to 1230pm.

I appreciate your time!

Thank you again!

Anthony

Thank you for coming. I want to apologize for Daryl not showing up. We did get Hitchins to install a few over the weekend. We hope to have Jersey controls install a few for us also this week.

Our training day is on 9/15. That's a Jewish holiday and kids will be off so I felt that would be a better day for the whole department to meet. The day will start at 830ish. Please let me know what time I can schedule you. I hope to work on the agenda in the next few days.

Thanks again for all your help.

Sam

Hello Anthony,

It appears that we will require assistance in meeting our iWave-C installation goal. Would you be able to suggest companies that can perform the installations under a cooperative or state contract?

Thank you,

Good morning!

Anthony

Thank you for helping with the iwave machine. You and your people were very helpful.

I am scheduling a department training day for 7/28 from 8am to 3pm. I'm also going to have a hotdog truck here for lunch. (on me) Are you available to give a presentation on the iwave machines or any other subject that would be beneficial to the maintenance dept and the district? Please let me know if you have something in mind and what time you can do a presentation. The hotdog truck will be here from 1130am to 1230pm.

I appreciate your time!

Thank you again!

Anthony

Thank you for accepting our invitation. Can I pencil you in for say 830am? You can speak about pumps, i wave machines, or anything that you feel can help the guys maintain the district's HVAC systems. Just let me know if that's a good time for you.

Thanks again!

On Thu, Jul 15, 2021 at 1:05 PM Anthony Melisi <anthony.melisi@johnstonenj.com> wrote:

Hello Sam,

Thank you so much for the invitation. We would be more than happy to join and present.

Would it be ok to extend the invite to my I wave Team – Keith, Marisa and Jim?
Would you have a specific time in mind for us to present the information?

We have a presentation ready to go for the I-Wave –

Other talking points- if you would like...

Fujitsu - Halcyon, J series & VRF
Pump & Motor - repair / replace turn key

Unit Ventilator – Clean blower section - motor repair & alignment.

Good morning!

Anthony

Thank you for helping with the iwave machine. You and your people were very helpful.

I am scheduling a department training day for 7/28 from 8am to 3pm. I'm also going to have a hotdog truck here for lunch. (on me) Are you available to give a presentation on the iwave machines or any other subject that would be beneficial to the maintenance dept and the district? Please let me know if you have something in mind and what time you can do a presentation. The hotdog truck will be here from 1130am to 1230pm.

I appreciate your time!

Thank you again!

Attachment: GPS - Just the Facts - Ionization 5-14-21.pdf
Nu-Calgon Letter vs Ionization Claims 5-20-21.pdf

Hi Ed & Team,

Thank you for sharing these articles with us! This lawsuit was brought to our attention a few weeks back and Johnstone Supply immediately contacted the Manufacturer & Wholesaler with these concerns to learn the full story.

Please read the attached two documents. One is a letter from DeWight Wallace, President of Nu-Calgon and second, a GPS "Just the Facts" paper regarding the recent negative articles about ionization and "Class Action" lawsuit filed. These should cover all aspects of the lawsuit. We are more than happy to have a representative from Nu Calgon speak with your team & district if there are any concerns or hesitations on ionization technology. Please let us know if you have any additional questions or concerns.

Best,

Marisa DiFabio

Good afternoon Ed,

I just wanted to say thank you for the opportunity to meet with you today. We look forward to being part of your success team.

I also want to follow up with a couple of points from our conversation, I would really appreciate the equipment list and budget so we could best prioritize how to decide which units would be best to install in each application.

We would also like to review the filter list for all schools to see how we can make this the most efficient for you and your team. Let me know how else I can best help you.

FYI I heard there may be an upcoming webinar with "Tools for Schools" to gain access to funds.

Best,

Anthony Melisi

Good Day Ed,

I hope all is going well and everyone is safe with yesterday's storm. I wanted to follow up with you about our site visit as per our conversation. We are holding a Tuesday am appointment for you. Marisa and Keith are getting booked up with some of the other school districts as they are all gearing up for this fall. I just wanted to make sure we keep you on the list and see if you are still on or if you would like to postpone to a later date. Please keep update me with your status

Hello Ed,

It was a pleasure to speak with you. I look forward to partnering with you to make our schools a safer and cleaner place for our kids and the amazing staff that is molding them. As per our conversation, We are here to ensure we are installing the right IAQ products in the right places.

Johnstone has made the investment to offer the next level of service to our clients. I copied our school and government sector specialist, Marisa on this email. Together we will help ensure that we are offering you the next level of service, especially during this time. We understand that you are getting a lot thrown at you, that is why we will help navigate this along with your team. We will be "Better Together" as we investigate to find the best solutions for your facilities. Please feel free to reach out with any questions or concerns.

Here is a 5 min video our Director of Education made so you can understand the differences between the products available. <https://www.youtube.com/watch?v=IQ5GEY5QE2A>

Please send me the info " air scrubbers" you invested in. I would like to check them out.

Thank you for your consideration,

Anthony Melisi

Hi All,

Thanks for the introduction, Ed! We're exciting to continue working with you guys. Anthony & I are currently working on your filters list and will be sending over some IAQ/cleaning information as well.

Pete, we'll go ahead and add you to our contact list! Would you be able to send your cell phone number over again please? I don't see it on my end.

Mike, we can add you to our contact list as well if you'd like!

Feel free to reach out with any questions/anything we can help with!

Stay Safe & Take Care,

ARE YOU READY FOR YOUR SCHOOL TO OPEN?

Join Keith and Marisa for an overview of the iWave-R and iWave-C.
Ask your question LIVE to see how it can help destroy the coronavirus in your school facilities.

Date: Thursday, August 27th

Time: 2:00pm - 2:30pm

Topics:

- Introduction to iWave's commercial and residential air purification units
- How ionization purifies the air
- Installation tips & tricks
- Maintenance overview
- How Johnstone Supply can help assess your facility's needs

REGISTER FOR THE LIVE DEMO

TAKE A SNEAK PEEK

Our technical experts, Frank and Joe, share some fast facts about the iWave-C and demonstrate how it installs on a commercial rooftop unit.

Anthony,

I would be interested in trying a spray bottle of the Spray Nine. When would I be able to pick it up? I do not have hard quantities yet, but will discuss the application with Transportation and let you know.

Thank you,

Anthony,

Do not worry about Home Depot. They can not supply it. Transportation just reached out to me and is very interested in a disinfectant with a low dwell and dry time. I know the dwell time is 30 seconds. Are you aware of the dry time? Would you have a small sample I could supply transportation to test the product?

Thank you,

Hello Anthony,

I have attached a copy of the HVAC Retro Commissioning Report for you to review and quote retrofitting iWave Air Purifiers. Also attached is the filter list with reference to pricing for your review and submittal of a proposal.

Thank you,

Good afternoon Ed,

I just wanted to say thank you for the opportunity to meet with you today. We look forward to being part of your success team.

I also want to follow up with a couple of points from our conversation, I would really appreciate the equipment list and budget so we could best prioritize how to decide which units would be best to install in each application.

We would also like to review the filter list for all schools to see how we can make this the most efficient for you and your team. Let me know how else I can best help you.

FYI I heard there may be an upcoming webinar with "Tools for Schools" to gain access to funds.

Best,

Anthony Melisi

Good Day Ed,

I hope all is going well and everyone is safe with yesterday's storm. I wanted to follow up with you about our site visit as per our conversation. We are holding a Tuesday am appointment for you. Marisa and Keith are getting booked up with some of the other school districts as they are all gearing up for this fall. I just wanted to make sure we keep you on the list and see if you are still on or if you would like to postpone to a later date. Please keep update me with your status

Hello Ed,

It was a pleasure to speak with you. I look forward to partnering with you to make our schools a safer and cleaner place for our kids and the amazing staff that is molding them. As per our conversation, We are here to ensure we are installing the right IAQ products in the right places. Johnstone has made the investment to offer the next level of service to our clients. I copied our school and government sector specialist, Marisa on this email. Together we will help ensure that we are offering you the next level of service, especially during this time. We understand that you are getting a lot thrown at you, that is why we will help navigate this along with your team. We will be "Better Together" as we investigate to find the best solutions for your facilities. Please feel free to reach out with any questions or concerns.

Here is a 5 min video our Director of Education made so you can understand the differences between the products available. <https://www.youtube.com/watch?v=IQ5GEY5QE2A>

Please send me the info " air scrubbers" you invested in. I would like to check them out.

Thank you for your consideration,

Good Morning Ed,

I wanted to reach out asap before you changed your schedule around for us. We are supposed to get a bad storm on Tuesday and the team is already scheduled with other schools for the rest of the week. If you would like we could still fit you in but if not would you have time Tuesday 11th @ 8am (or what time works for you?) for a visit with the team.

We look forward to helping lighten your work load.

Best,

Anthony Melisi
